

SCHEDULE YOUR COVID-19 VACCINE

UPMC is now offering vaccines to all Pennsylvanians 16 and older.

- The quickest and easiest way to schedule your vaccine is online at **Vaccine.UPMC.com**.
- If you have limited access to online services, or you need assistance scheduling your vaccine appointment over the phone, please call **844-UPMCVAC (844-876-2822)** between 8 a.m. and 5 p.m., seven days a week. To keep this option open to those who need it most, please use the online registration scheduling process if you can.

Note: We are not able to schedule people under 18 through our online scheduling system. If you are 16 or 17, and eligible to receive the vaccine, please call the scheduling number above.

If you received a vaccine that requires a second shot such as Pfizer or Moderna, you must return to where you received the first dose in order to get your second dose.
