Dear E.E. Knight Elementary Families:

We recently became aware of a person at E.E. Knight Elementary School that was diagnosed with COVID-19. During our investigation, it was determined that the individual did attend school when they were contagious. Therefore, there is a risk of exposure at school. The protocols put into place at E.E. Knight Elementary (i.e., cohorts, social distancing, mask-wearing, etc.) helped limit the exposure to staff and students.

These students' families were notified of the exposure directly. Thus, if you did not receive a message, your child was not affected. If you are required to quarantine because of exposure, you will be contacted directly. If you or your student does not qualify as a close contact, you will not be notified. Please be advised that the Mid-Michigan District Health Department has made the District responsible for the initial contact tracing and quarantining of students. If a school official asks that you remain home, please do so.

Finally, we want to protect the confidentiality of this person. At this time, it is my responsibility to tell all the E.E. Knight Elementary School community stakeholders that all measures have been taken to protect your child's well-being for a safe return to school.

Again, we ask that all families please monitor the onset of symptoms related to COVID-19, including fever, cough, difficulty breathing, headache, or new fatigue. If you note any change in the health of your child, please call your regular medical provider.

Sincerely,

Dr. Ryan L. Cunningham, Superintendent,  
Ovid-Elsie Area Schools #MaskUp #MarauderUp
