

Jourdanton Disney Trip 2022

The Purpose of this trip: Is to educate and build character in the total child. Statistics show that enriching field trip experiences positively contribute to student development. It is also a goal of our program to allow authentic experiences that enhance critical thinking. Any trip we take at Jourdanton is an extension of the classroom. We want to provide your child with a memory that they will have for a lifetime, but also have them understand that this is a reward for their hard work during this upcoming school year. This form is to help with your decision on the trip and give us a closer number of people we need to plan for. It will also help us with the how to do any other future trip presentations
