Board Report -April 2021

This month we find ourselves having conversations regarding next year's staffing, student projections, and transition meetings. In addition, we are smoothing out schedules and preparing to have all of our students back in the buildings at the same time! We are delighted and very much looking forward to April 26th. We also find ourselves at a terrible loss when it comes to filling paraprofessional positions including finding substitutes. If you know of anyone interested in working in special education, this is a great stepping-stone. Please send them my way.

Ordering has just begun to address curriculum needs for next year and we have sat down as an entire staff to look at caseload, para support, high need students, and material needs.

I also wanted to take a moment and share that Adrienne Gonzalez, our SLP at Whitson, has announced her retirement. We will miss her tremendously and are thankful for all her years of service in the White Salmon Valley School District.

Highlights:

- TPEP evidence is being collected towards our program and individual teacher goals and final reports are being completed as we speak.
- Staffing is underway-Openings for fall: .SLP, two new nurses (Whitson and Henkle), five open para positions throughout all buildings
- Extended School Year service programming will begin—we are providing one week in June and two weeks prior to school beginning in August.
- Our monthly PLC meeting this month will focused on caseload distributions and final TPEP collection.

Thank you for all your support, please let me know if I can provide any additional information.

April 2021 Board Report - Hulan Whitson

It is again a very exciting time here at Whitson as we begin on April 26th to welcome back all students who would like to attend in our in-person learning model four days a week. As an update on our enrollment - as of April 26th, Whitson will have 25 students (about 8% of our total enrollment) choosing to remain in our full time Distance Learning. We continue to reflect and refine procedures and routines as we prepare for this change. Families have continued doing a wonderful job of making sure that their student wellness screening is complete prior to arrival.

Teachers continue to work incredibly hard as they are now planning and preparing for this next change. Below is a screenshot of my Seesaw dashboard that provides broad schoolwide data in a number of key areas. As we reach almost 200,000 posts, and almost 100,000 comments is so impressive, because I know the amount of work and commitment each one of those numbers represents for staff, students, and their families. I am so fortunate to have such a special team of stakeholders working together to support and engage every student.

Thank you Board for all of your support.

Go Cubs.

Report to the School Board, April 2021
Wallace and Priscilla Stevenson Intermediate School

Excitement is building at WPSIS as we are all looking forward to having more kids here with us! We are excited to have more time, but have also really cherished the opportunity to work with kids in small groups. The relationships we have formed and bonds we have built will serve us well as we welcome all kids into the class together, and some dedicated small group time is something I'd like to consider as we approach planning for next year. Do we have a week of half-classes coming in before the school year officially starts? Do we have a small-group orientation day with kids here in the morning or afternoon? Just thoughts to keep in mind as we look ahead.

You will all know by now that we are not conducting Smarter Balanced tests this year. We are continuing with ELPA 21 testing for our Emerging Bilingual students. All is going well and smoothly at our school, our team is very well organized and have produced a schedule that maximizes kids in-class time by getting at least half of the test done while we are still in a two day schedule and having kids test on their off days. We are also testing on Fridays and in afternoons so the disruption to student's class time will be minimal.

As we look ahead to Spring and the end of the year, we are working with Mrs. Cray to plan a truncated version of our normal Health Education modules. This seems like just one more thing to try and fit in, but is important for kids and we have gained back a lot of time since we are not testing. We also have hopes for a field day; we will still be in cohorts, but think we can plan fun activities for kids on the last day of school with outdoor games and snacks. Kids have already been promised they can spend the last of their K-Cash on water balloons to throw at me while I ride around on my bike—a WPSIS Spring tradition that I always look forward to.

Hiring for our three math and science positions is going well. We had a very deep pool of well qualified and experienced teachers to pull from. At this time (4/22/21) we have interviewed three internal candidates and have seven more interviews to conduct next week. By the time of the board meeting we hope to have made our decisions, but however it turns out I have high hopes for excellent additions to the Intermediate School staff.

On May 7th, we will welcome the Washington State Teacher of the Year Brooke Brown to our district (virtually) for her to share and lead a workshop for us. She was selected as TotY for her work in racial equality and creating inclusive classrooms where all children feel safe and can thrive. This will go along with the Social Emotional Learning we have recently studied, our discussions from Teaching Tolerance, and the training from ESD 112 on Cultural Responsiveness and Closing Persistent Achievement Gaps. All board members are invited to attend her workshop and I will make sure you receive the info when the plan is formalized. We are scheduled with her from 10:00-12:00 on May 7th, and the session will be recorded for those who cannot attend.

Henkle Middle School April Board Report

Greetings WSVSD Board Members,

School Events

- [White Salmon Grades 4-8 Digital Music](#) -
 - White Salmon music students produced original digital-music compositions using the Digital Audio Workstation Bandlab.
- **Track Season** is underway and we had our first home track meet this week. The students will compete in two more before finishing up the short season.

April 26 Schedule Changes

In-Person Learning

- In-person learning moves from two days to four days a week
- A and B Day students all come to school Monday-Thursday
- The time remains the same - 8:15-12:30
- If you are home sick, you will follow Distance Learning Zoom schedule
- **No afternoon ZOOM sessions**
- **Homework Help Zooms available and/or 1:1 Calendly Homework Help**

Distance Learning

- Zoom Sessions are now in the morning
- Students will zoom into live classrooms with their teacher and peers
- **No scheduled afternoon ZOOM sessions**
- **Daily Afternoon Homework Help Zooms available and/or 1:1 Calendly Homework Help**

Small Group Learning Labs

We are working on providing our Emerging Bilingual students an extended school day for additional language instructional support. Transportation is the biggest barrier right now. We will continue to try and find creative ways to provide our students additional support to help mitigate and reverse covid-induced instructional loss this year.

School Board Report 4/27/21
By Craig McKee & Brian Morris

White Salmon Academy utilized \$3500 of its school improvement grant to fund a hands-on art project working with Arts in Education of the Gorge. The project is to have students work with a professional artist to design and install a mural on the exterior of the Academy building. Art teacher, Allison Bell Fox, met with students over several days to design a Columbia River Gorge scene that will wrap the building. Painting will begin the first week of May and finish by the end of the school year. The sketches below are the rough draft design.

In-Person Instruction Four Days a Week

On Monday, April 26, A and B cohorts will be coming back to school four days a week. They will be attending in-person instruction Monday through Thursday from 8:15 until 12:30. Friday will continue to be a distance learning day. Because of the three-foot classroom social distancing rule, each classroom has a maximum number of students that can be placed in that room. At this time, we have enough space for all our A and B cohort students to attend their classes. If distance-learning students want to come back to in-person instruction, their families will need to contact the CHS main office. If we have the capacity, we will invite them to attend in-person learning.

Advisory Class Change

Starting the week of April 26 through April 30, our **Advisory class will change from 10:00 a.m. on Fridays to 8:15 a.m. on Thursdays**. The change will allow our A and B cohorts to have face-to-face instruction during our advisory period. Our distance learning students will continue to use the advisory Google Classroom.

Graduation

Columbia High School and White Salmon Academy **graduation will be held at the CHS Stadium on Saturday, June 5, at 11:00 a.m.** Each graduate will have up to four tickets to hand out to family and friends. We can only have four hundred people at the graduation ceremony, not counting graduates or school staff members. In the next couple of weeks, our senior's families will be receiving a detailed graduation information letter.

Athletics

Our next sports season starts on April 26. We are hoping that our students can participate in Girls' basketball and Boys' Basketball. Some counties are back to phase two; if Klickitat County moves to phase two, basketball players, coaches and officials would all need to wear masks. The wrestling season has been canceled.

Due to requirements in Washington State for teacher qualification in the subject areas in which they teach, a waiver is requested for the following teachers who are assigned to classes outside of their endorsement for the school year 2020-2021 due to scheduling needs:
