## **WELCOME TO MIDKOTA HIGH SCHOOL**

Welcome to Midkota High School. The information in this handbook gives a general idea of the policies and procedures to be followed at Midkota High School. This handbook answers many of the questions that come up during the school year. Midkota High School has a professional, caring staff and school board who provide an excellent educational environment and educational opportunities for our students.

### **Visitors are welcome!**

Parents and community members are always welcome visitors. Those wanting to visit school are asked to stop at the office prior to visiting classrooms, staff or students. Students not enrolled in Midkota High School must have permission from the principal and teacher prior to visiting a classroom.

### **The Student**

As you proceed through this year, think of your past, your present and your future. Think of the present in how much you are getting out of your school days. They will not be with you forever. As you look into the past, ask yourself: "Have I grown only physically and older in school?" As you look into your future, are you preparing yourself to make the most of it? Are you taking advantage of the wealth of educational material around you? Your teachers, principal and superintendent are all here to help you prepare for your future career. Start planning and building your future today!

### **A Good Record: Does It Count?**

Every student should remember that you write your high school record; but once written, that record cannot be changed. You should also know that before securing employment, entering the Armed Forces, matriculating to a university or college, your record follows you. In fact, it usually precedes you. Most of the above agencies request student's records and a recommendation before fully considering him/her. The importance, therefore, of a good high school record cannot be overemphasized. An excellent record – high grades, good attendance, unquestionable behavior and a good rating in personality and character traits – should be the goal of every student at Midkota High School.

### **Attitude**

Attitude is defined as a manner of acting, feeling or thinking that shows one's disposition, opinion, etc. Your attitude toward academic subjects and perhaps school in general should be challenging to you; a challenge that you must do your utmost to meet. Your attitude toward peers, teachers, staff and administration should be one of respect.

## **ADMINISTRATIVE RIGHTS**

The School Board has the legal authority and is able to delegate that authority to the administration to make rules and regulations regarding the orderly operation of the school. These rules and regulations shall uphold the legal rights of students expressed by Board Policy FG.

The student handbook attempts to cover the administrative regulations of the Midkota Public School dealing with student conduct and behavior. This handbook helps parents, students, and staff to know what is expected and avoids an uncertainty and misunderstandings that can cause troublesome incidents.

All types of infractions may not be included and so modifications will be made if necessary at the direction of the principal. In all instances, interpretation is left to the principal to modify penalties suggested whenever extenuating circumstances seem to be present.

## **ACADEMICS**

### **Academic Integrity**

The copying of another student's work or completing any academic assignment or test by dishonest means and any plagiarism is wrong and will not be accepted at Midkota High School. Students found to be cheating will be subject to disciplinary action.

Individual teachers will explain what constitutes cheating/plagiarism in their classrooms and when it is acceptable to work together on group assignments.

Consequences for cheating/plagiarism:

1. A zero will be given as a grade
2. The student who allows someone to copy their work will receive 50% of their grade
3. Parents and the principal will be notified
4. The student may face suspension from extra-curricular activities including sports activities

### **Academic Lettering**

Students in grade 9-12 who achieve the established GPA each year shall earn an academic letter. First time letter winners will receive a letter, a pin, and a bar. Subsequent letters will be recognized with a bar.

GPA requirements: Freshmen – 3.75; Sophomores – 3.75; Juniors – 3.5; Seniors – 3.23

### **District Grading Scale**

- A (100-92)
- B (91-84)
- C (83-76)
- D (75-68)
- F (67 and below)

### Dual Credit

Midkota High School offers several dual credit courses. Students receive both high school and college credit after successful completion. Following are the ACT scores determined by the North Dakota University System which are required to enroll in dual credit courses.

ACT TEST	2 YEAR COLLEGE	4 YR COLLEGE
<b>ACT English</b> Required scores for English 110 (College Composition I)	18 or higher	18 or higher
<b>ACT Mathematics</b> Required scores for Math 103 (College Algebra)	21 or higher	22 or higher
<b>ACT Reading</b> 50% chance of "B" or higher in introductory course	21 or higher	21 or higher
<b>ACT Science</b> 50% chance of "B" or higher in introductory course	24 or higher	24 or higher

Students who desire to take dual credit and do not have the above ACT scores may take a COMPASS exam at their own expense to achieve the required scores and allow enrollment in the class. This exam would be at the college issuing the dual credit.

### Honor Roll

At the end of each semester, an honor roll is published. The standards for the honor roll are a 3.0 average. The honor roll is based on a 4.0 scale.

A = 4 points	D = 1 point
B = 3 points	F = 0 points
C = 2 points	

### Honor Students

Senior honor students are determined following the mid-term date of the second semester of their senior year. Each honor student receives an honor trophy and honor cords issued at graduation. The criteria is based on student's cumulative GPA:

Summa Cum Laude – With highest distinction	GPA 3.75-4.0
Magna Cum Laude –With great distinction	GPA 3.50-3.74
Cum Laude – With distinction	GPA 3.25-3.49

### Educational Concerns

At times, there are questions or concerns that may arise from a parent or student. If a student is having a problem that needs attention, whether it be with studies, other children, or staff, there is a standard process for addressing the problem. Problems are best solved as close to the source as possible. With that in mind, we suggest the following:

- It is suggested that you discuss your concerns first with your child.
- If further communication is necessary, visit with your child's teacher.
- If satisfaction is not reached at this level, a visit with the principal or a letter is welcome.

- After a visit to the principal, if the situation warrants further discussion, a visit with the superintendent would be appropriate.
- The board members are to be contacted only after the teacher, principal, and superintendent have been approached and still no solution has been reached.

#### **Online and Interactive Television (ITV) Classes**

Midkota offers a wide array of elective and dual credit classes to provide additional educational opportunities for students through Great Western Network (GWN), North Dakota Center for Distance Education (NDCDE), and other approved education centers.

All courses must be approved by the high school principal before students enroll in them if credit is to be transferred to Midkota High School. Students planning to graduate from Midkota High School must have all correspondence courses completed and approved by the high school principal by May 1<sup>st</sup> of the year they wish to graduate. No courses other than failed courses or those not offered by Midkota High School can be taken.

Student and parents must fill out a Midkota High School Distance Education Contract in order to take an online or ITV course.

#### **Students Eligible for ITV Classes**

To register for ITV classes students must:

1. Have taken the required prerequisites
2. Have had no more than one deficiency during the past year in related subject area (deficiency is defined as a 'D' or 'F' for midterm or quarter grade, or failing a class).
3. Maintain a 'C' in English the previous year to enroll in a foreign language class.
4. Meet their local discipline policies.
5. Be approved of the high school principal.
6. Must complete the entire year long course unless permission to drop the class at semester time is granted by the Principal prior to enrollment.

#### **ITV Student-Parent Contract**

All students taking ITV courses along with their parents must sign a student-parent discipline contract. (See attached form)

#### **Pupil Load**

All students must be enrolled in 7 credits per semester, unless prior approval from building administration has been granted.

#### **Registration**

Pre-registration or request for subjects will be conducted in the spring of the previous year. It is essential that students make a careful selection of courses. Any change in registration should be discussed with the principal.

#### **ACTIVITIES**

In addition to your academic work, students can participate in the following activities:

Academic competitions, Baseball, Basketball, FBLA, Football, Music, Speech, Student Council, Track & Field, Volleyball, Softball, Theatre, Envirothon, National Honor Society and Sources of Strength.

### **EXTRACURRICULAR PARTICIPATION REQUIREMENTS**

#### **Philosophy**

The Board believes that participation in extracurricular activities constitutes a privilege and not a right. Students who participate in extracurricular activities represent the student body, school district, and community on the state and national level. As such, behavior of these students is a reflection on the entire community.

The District will enforce the requirements placed on extracurricular participants by North Dakota law and the North Dakota High School Activities Association (NDHSAA), which govern both on- and off- campus behavior. In addition, the Board has established the following extracurricular participation requirements.

#### **Activities Affected by this Policy**

Activities affected by this policy shall include extracurricular activities as listed in the student handbook, including those not sponsored by NDHSAA.

#### **Tobacco, Alcohol & Other Drug Use**

The use or possession of tobacco, alcohol, or any controlled substance as defined by North Dakota Law is prohibited. Any student who is in violation of the foregoing shall be suspended from participation in interscholastic contests or activities for a minimum period of six consecutive school weeks for the first offense and a period of 18 consecutive school weeks for any subsequent offense. In addition to the tobacco, alcohol, and other drug prohibitions contained in NDHSAA bylaws, the District prohibits student presence at a gathering where alcohol, tobacco, or a controlled substance is being illegally used. Student presence at such a gathering will be regarded as possession. The building principal in coordination with the Superintendent will take into consideration whether or not the student was at a gathering where the student had knowledge that alcohol, tobacco, or a controlled substance was being illegally used, and whether or not the student had a reasonable opportunity to remove him/herself from said location. The disciplinary consequences for violating this rule shall be suspension from extracurricular participation for the same duration as prescribed for tobacco, alcohol, and other drug possession by NDHSAA bylaws.

#### **Academics**

NDHSAA requires that local districts establish a definition of what constitutes a failing grade. For the purposes of this policy, a failing grade is defined as receiving an F or lower in any curricular course as computed from the beginning of the semester for regular education students or, in the case of special education students, not meeting the goals of Individual Education Programs as assessed from the beginning of the semester.

In addition to NDHSAA academic standards, the Midkota School District also requires that no student may participate in a contest if he or she is failing one or more class as computed from the beginning of the semester.

The first eligibility check for each quarter/semester will be completed after three weeks. Eligibility will be checked Friday, or the last day of the school week, mornings at 8:30 AM. The list stands unless there is teacher input error. Failing students will be ineligible to participate in extracurricular activities the following week. The period of ineligibility will run for one week beginning Sunday and ending on the following Sunday. Incomplete students will be eligible to participate as soon as the incomplete work is made up. An athlete may be ineligible and reinstated once. Athletes will be dismissed from the team if they become academically ineligible a third time.

Students that are ineligible to compete are not allowed to be in uniform or represent the school during a contest or public performance. However, ineligible students are allowed to be on the sidelines/bench during events.

#### **Ineligibility via NDCDE**

Students enrolled in NDCDE courses are allowed to work at their own pace. NDCDE offers courses over 18 weeks in which they assign a pace that students must maintain in order to complete the course on time. Students enrolled in NDCDE will be considered Academically Ineligible at evaluation time if they are **more than two (2) weeks** behind in their coursework, with two weeks coursework behind being calculated as follows:

**Total assignments in course/18 \* 2 = Two week course load**

**Example: 54 assignments for semester**

**$54/18 = 3 * 2 = 6$  assignments for the two-week course load.**

#### **Violation of Other Misconduct Policies**

Students who violate student conduct policies not covered by NDHSAA bylaws may be subject to suspension from extracurricular activities for a period of up to six consecutive weeks for the first offense and a period of eighteen weeks for any subsequent offense(s) if occurring within eighteen weeks of the previous offense. Such consequences shall be imposed in addition to other disciplinary consequences imposed under the applicable policy.

#### **Suspension Procedure**

When the principal or Superintendent, as a result of his/her investigation, concludes that a violation of this policy or NDHSAA bylaws has occurred, s/he shall issue notice to the student of this suspension.

#### **Practice and Travel while Suspended**

Students who are under suspension are required to practice and travel with their respective teams. However, suspended students will not be allowed to miss school time to travel with the team.

#### **Period of Enforcement**

This policy shall be in effect 12 months per year, including those days and months when school and extracurricular activities are not in session. It shall be in effect for all extracurricular activities including those of junior high students.

#### **Off-Season Violations**

In addition to the penalties delineated in this policy, in the event the suspension is administered during a season when the student is not actively participating (e.g., summer for all students, fall for a student participating in track), the student's suspension shall be extended to include a minimum of a two-week or two-contest suspension (whichever is more severe) from the student's next activity. "Next activity" shall be defined as the next activity in which the student begins practicing at the appropriate date and concludes at the end of the season (i.e., does not start and quit). Should the student's next activity not be until the following school year, the two-week or two-contest rule will be applied at that time.

#### **Enforcement Procedure**

If the advisor of a school event finds probable cause to believe that any of these rules have been violated, the advisor shall suspend the student from further participation in the activity. The advisor shall inform the school administration and the individual's parents.

The school administration shall immediately investigate any alleged violations of the alcohol, tobacco and controlled substance rule. If the administrator finds probable cause to believe that this rule has been violated, he/she shall promptly give the student notice as provided below.

The period of suspension shall begin from the date and time notification is given to the student by the school administrator. The student shall have the right to a hearing within three school days after such notification. During the period between notification and hearing, the suspension may be deferred for good cause shown. Such hearing shall be on notice and conducted by a hearing panel comprised of the principal, superintendent, and director of the activity. The student shall have the right to be present at the hearing and offer such testimony and other evidence the student deems material. Such student shall also have the right to confront and question the person or persons who complained of said student's violation. The ruling may be reviewed by the Board of Education.

#### **Extra-Curricular Transportation**

Travel to a practice: The school will provide transportation to an activity if the activity has three or more students. If appropriate documentation is on file in the school office, students who have guardian permission may transport themselves to a practice.

Travel to "home" contests out of district: Transportation to a home contest outside of the school district will be provided. Transportation back from a home contest held outside of the district is not guaranteed.

Travel to an away event or activity: ALL participants must depart with the team/group from the school in school-provided transportation. After an event or activity, guardians wishing to transport their child home MUST sign their child out with one of the coaches/advisors.

Guardians can only sign out their own child(ren). Coaches or activity directors may deny these requests because of special circumstances.

Special circumstances for the above regulations will be handled on an individual basis with the coach, advisor, principal, and the activity director.

#### **Junior High Practices**

There may be junior high practices held on Wednesdays. Junior high students will be able to practice on Wednesday nights IF junior high practice is being held, and they do not have other obligations, including church activities. They will not be required to practice on Wednesday nights and will not be penalized for missing Wednesday night practices.

## **ATTENDANCE & ABSENCES**

The Midkota Public School believes that regular school attendance is the joint responsibility of the student and their parent(s) or guardian(s), and it is essential for student success in school. The District shall abide with compulsory attendance requirements in state law for students ages seven through sixteen. In order to comply with and enforce these requirements, the Board establishes the following attendance policy.

#### **Definitions**

For purposes of compulsory attendance reporting under NDCC 15.1-20-02.1 (1-2):

- *Excused absence* is an absence that the District will not use in determining if a compulsory attendance violation occurred. Any absence may be excused if it is supported by either a verbal or written excuse supplied by the student's parent/guardian, teacher, or school administrator.

Examples of an excused absence may include illness, injury, family emergency, religious observance or instruction, suspension, participation in a school-related activity, court appearances when subpoenaed, or other reasons deemed necessary and justifiable by the building principal or Superintendent.

- *Unexcused absence* is any absence not supported by the verbal or written excuse required for an excused absence and shall count in determining when a compulsory attendance violation occurred. If a student is absent for an unexcused reason, the parent/guardian is responsible for promptly calling the principal's office to explain the absence, and the student shall be subject to the consequences contained in the Absences section of this policy.

Examples of an unexcused absence may include, but are not limited to, truancy, oversleeping, routine errands, car trouble, haircuts, beauty shop appointments, car maintenance and repair, senior picture appointments, and any undeclared absences.

#### **Documentation Requirements**

School administration may require documentation to verify an excused absence, including, but not limited to:

1. Medical documentation from an appropriate licensed healthcare provider;

2. A copy of a court summons or subpoena;
3. An obituary for funeral leave;
4. Verification of planned or executed family travel (e.g., a boarding pass);
5. A request from an official at the student's place of worship; or
6. A request for an absence due to a curricular or extracurricular event submitted by the student's teacher, coach, or extracurricular advisor.

#### **Equal Application**

For the sake of consistency and fairness, all students, regardless of age, are required to abide by the same rules in regard to signing out, permission slips, excuses for absences, etc. Only when a student is living alone and is self-sufficient OR if a student's IEP states so, may alternative procedures be agreed upon with the building principal.

#### **Compulsory Attendance Violations**

North Dakota law defines what constitutes a compulsory attendance violation. Suspected violations of the compulsory attendance law shall be reported to school administration and investigated in accordance with law. When a compulsory attendance violation is substantiated, the District shall comply with law enforcement reporting requirements under law.

#### **Absences**

The Board recognizes that prompt, regular attendance is extremely important. Absenteeism not only adversely affects the learning process of a student but also may impede their normal progression through the grades. The Board expects each student to attend all scheduled classes and daily activities except when a school administrator has excused a student.

The Superintendent or designee shall establish criteria for requesting and granting approved absences, make-up work requirements, and parental notification processes for students with accumulated absences.

Students shall be subject to disciplinary sanctions due to unexcused absences.

Disciplinary sanctions: The Board believes that unapproved absences are a form of misconduct and authorizes the Superintendent to establish grade-appropriate disciplinary consequences. Students shall be afforded appropriate due process rights based on the severity of the disciplinary penalty that the District is considering imposing. Students shall be required to complete make-up work in accordance with administrative regulations or will receive no credit for incomplete work.

Students may miss a maximum of 10 days of school during one semester or 20 days of school during one year. Students that exceed these numbers may be subject to loss of credit for the class. To earn the credits in question, students may make up time before or after school. Building administrators are granted the right to consider an extension of the 10-day limit.

On the day of the absence parents or guardians should call the school to explain the absence. If the school has not been called by 9:00 AM, a school official may call to verify the absence. A

phone call or written excuse, signed by the parent or guardian, must be presented upon return to school. All excuses for absences must include a reason.

#### **Attendance and Extra-Curricular Activities**

Students participating in extracurricular events must be in school for the entire day to be able to participate in any extracurricular activity on that day or evening. Students must come to school on time the day following an extracurricular activity, or they will be required to sit out the next event or contest. Students may be exempt from this rule for medical appointments and/or if they receive permission from the administration.

This includes all athletes, statisticians, managers, band members, chorus members, and any student involved in any capacity with an extracurricular activity.

#### **Final Test Policy:**

All students in grades 7-12 will be required to take all semester finals. All students in grades 9-11 will be required to take at least two cumulative, core final examinations. Seniors will be required to take one cumulative, core final. ITV, online, and dual credit classes will follow the policies of their respective colleges/programs. Other final semester class assessments can be a culminating group or individual project, the last unit test of the semester, or other form of project-based assessment agreed upon by the teacher and administration.

Required cumulative finals for 9-12<sup>th</sup> grade students are as follows: Freshman will take Physical Science and English 9; Sophomores will take Biology and Geometry; Juniors will take English 11 and Algebra II; Seniors will take American Government/Econ.

#### **Leaving School during the School Day**

Students are not permitted to leave the school building at any time during regular school hours without checking out with the principal. Failure to follow the proper procedure will be considered an unexcused absence for the class time missed.

The parking lot is off limits during the school day. No cars are to be driven during school hours unless permission is obtained from the school principal.

#### **Make Up Work**

Schoolwork must be completed on time and deadlines met. No credit will be given if handed in after the deadline. The responsibility of making up missed schoolwork rests with the student, not with the teacher. All work that is due on the day a student is absent is required to be handed in on the day they return.

Work assigned while a student is absent is due at the end of the second day the student returns unless other arrangements have been made with individual teachers. For example, if a student is absent Monday, the work will be due by the end of the day Wednesday. If a student is absent Monday and Tuesday, the work is due by the end of the day Thursday.

If a student is absent for a field trip or a school event such as music or sports, their work is due before leaving for the day.

If absences occur at the end of a semester and there is not enough time to finish all assignments, the student will receive an incomplete grade on the report card. This will be changed when the work is completed.

#### **Skipping School**

Students caught skipping school will be dealt with as follows:

The first time a student skips class or all day, the student will be required to make up the time after school. The second time a student cuts class, the student will be required to make up the double time and a parent-student-principal conference will be held. The third time a student cuts class, the student will be recommended for expulsion from the class with a failing grade. If it is more than one class the student will be expelled from school for the remainder of the semester. Students under 16 will be referred to the juvenile authorities.

#### **Tardiness**

Excessive tardiness can become a problem if left unchecked and may result in a chaotic situation in classrooms. There may be legitimate reasons for being late to school or class but being on time is important. The following policy addresses tardiness: Tardies may be excused or unexcused. If a student has a signed slip from another instructor they do not have to report to the office. The principal will determine whether the tardy is excused or unexcused. All tardies will be recorded on the student's record. Students will be assessed an after-school detention for a fourth and each subsequent unexcused tardy in a given semester.

#### **Juniors and Seniors Visiting Colleges**

Seniors will be allowed two excused, prearranged trip with the counselor or principal to visit a college they are interested in. Parents MUST CALL the principal in order for their student to be excused. Any further trips will not be excused unless the parent accompanies the student and it is shown to be necessary and prearranged.

Juniors will not be allowed to visit colleges unless the parent accompanies the student and it is shown to be a necessary trip. The trip must be prearranged.

#### **Student Assemblies**

All students are required to be in attendance at assembly programs and pep rallies unless the student has been excused by the principal. It is expected that students show respect towards the speaker(s) and fellow students. Engage, listen, participate, applaud, cheer (in the case of pep rallies), and avoid distractions (cell phones and side conversation). In the event that a student is not able to conduct himself/herself in an orderly manner, he/she will be excused from the assembly and disciplinary action will be taken.

### **GUIDANCE AND COUNSELING POLICY**

**Detention**

After school detention may be assigned by the Principal. Reasons for detention may be, but are not limited to, insubordination, behavioral infractions, excessive tardies, and disrespect to staff or fellow students. This will be at the Principal's discretion and will be from 3:15-4:00. The detention room will be determined based on available space and supervisor available. The student's name and infraction will be listed on the detention roster in the high school office. Students will not be allowed to leave the detention room for any reason other than an emergency or to use the restroom. There will not be talking, sleeping, music, or games during detention. Cell phones use is prohibited. Parents will be notified by the Principal when their child has received a detention.

A suspended student may not loiter or appear on school property or at any school activity. A student will be re-admitted to school after a satisfactory solution to his conduct is agreed upon by the student, his parents and the administration.

### **SCHOOL BUS REGULATIONS**

The bus routes shall be set by the Board of Education. Any suggested changes must be reported to the superintendent, who with the Board of Education, determine the advisability of such changes. The bus driver has the same authority as a teacher.

If the buses are not being sent out, delayed or sent out early, a notice will be sent to parents and students via our school communication alerts.

All pupils will be delivered to their schools and homes. Any pupil getting out at any other point must have written permission from home. Any and all articles that are disruptive shall be taken by the bus driver.

### **MIDKOTA SCHOOL BUS POLICY**

Behavior of students on the bus is always a concern. The first and foremost thing is the safety of everyone on the bus. The driver must pay attention to the road and not be constantly dealing with students. Riding the bus is a privilege and not a right.

There must be rules for the safety and benefits of all students and the driver. The following are some of the major rules and the consequences for not adhering to them.

1. No moving from seat to seat.
2. Legs cannot be in the aisles.
3. No fighting or arguing.
4. Do not throw anything out the window.
5. Do not put hands or arms out the window.
6. No profanity.
7. Do not talk at railroad crossings (state law)
8. Always listen to your bus driver the first time he or she talks to you.
9. Have appropriate clothing during the winter months. The bus driver may refuse entry to any student not wearing suitable attire.
10. Incidents of unacceptable behavior will be reported to the office.
  - First incident - The student will be warned and the parents notified by the bus driver. A riding privilege suspension may be included based on administrator and transportation director discretion.

- Second incident - A meeting with the student and parents. A riding privilege suspension may be included based on administrator and transportation director discretion.
- Third incident – The student may be suspended from riding for the remainder of the week, or a minimum of 3 days and the parents will have to deliver the student to school.
- Fourth incident – The student may be suspended from riding for the remainder of the year at Superintendent and Director of Transportation request.

At administration discretion incidents of a severe enough nature may cause stricter consequences.

All school rules and procedures are in effect on the school's transportation vehicles and the same consequences apply.

Parents should review these rules with their student(s) prior to school starting.

### **POLICY ON CARRYING WEAPONS**

The Midkota School Board determines that possession and/or use of a weapon by a student is detrimental to the welfare and safety of the students and school personnel within the district.

No student will knowingly possess, handle, carry, or transmit any weapon or dangerous instrument in any school building, on school grounds, in any school vehicle, or at any school sponsored activity. Such weapons include but are not limited to any knife (with blade exceeding 3"), razor, ice pick, explosive smoke bomb, incendiary device, gun (including pellet gun), slingshot, bludgeon, brass knuckles or artificial knuckles of any kind or any object that can reasonably be considered a weapon or dangerous instrument.

Vehicles with guns shall not be parked in school grounds. Guns used for class demonstration purposes (i.e. hunter safety classes) shall be cased until displayed to the class, without ammunition and must be managed through the principal's office.

Violation of this policy will result in disciplinary action. All weapons will be confiscated and may be turned over to the student's parents or to law enforcement officials at the discretion of the administration.

Bringing a firearm, as defined in 10 U.S.C. 921, to school will require that proceedings for the expulsion for a minimum of one year of the student involved be initiated immediately by the principal. If the student has an individual education plan, an IEP team meeting will be called to determine whether there is a connection between the behavior and the disability and to determine appropriate discipline and/or placement. Other students may receive alternate placement at the discretion of the Superintendent. Other violations of this policy will require that proceedings for the suspension and/or expulsion until the end of the current school term be initiated by the principal.

## **BULLYING POLICY**

The Midkota School District is committed to providing all students with a safe and civil school environment in which all members are treated with dignity and respect. Bullying behavior can seriously disrupt the ability of the District to maintain a safe and civil environment, and the ability of students to learn and succeed. Therefore, it is the policy of the state and the District that students and school staff members shall not engage in bullying behavior while on school property.

### **Reporting Procedures for Alleged Policy Violations**

1. **Reporting requirements for school staff:** Any school staff member with knowledge or suspicion of a violation of this policy or who has received an oral or written report of a violation of this policy from a student, community member, or anonymously shall contact the building principal to inform them as soon as possible. If the alleged violation implicates the building principal, the school staff member shall report it to the Superintendent. If the alleged violation implicates the Superintendent, the school staff member shall report it to the Board President.

Should school administration determine that a school staff member knew of or suspected a violation of this policy and failed to report it in accordance with the procedure above, the staff member may be subject to disciplinary consequences or, for sponsors of school-sanctioned activities, other corrective measures.

4. **Reporting options for students and community members:** Students and community members (including parents) may report known or suspected violations of this policy using any of the following methods:
  - a. Completing a written complaint form (ACEA-E4). A complainant will have the option of including their name on this form or filing it anonymously. The District will place the form in a variety of locations throughout the school and should inform students and staff of these locations. The form may be returned to any school staff member, filed in a school building's main office, or placed in a designated drop box located in each school.
  - b. Complete and submit an online complaint form. A complainant will have the option of including their name on the form or submitting it anonymously.
  - c. File an oral report with any school staff member.

Bullying may be a repeated or, in rare cases, one-time exposure to deliberate, negative behavior by one or more individuals that is unprovoked. Single incidents and conflicts between two or more individuals do not automatically constitute bullying behavior. Districts should investigate each situation to

determine if the alleged behavior meets this policy’s definition of bullying. If the misconduct does not meet this policy’s definition of bullying, it may be addressed under other district disciplinary policies. A complaint filed anonymously may limit the district’s ability to investigate and respond to the alleged violations.

#### **Documentation and Retention**

The District shall develop a form to report alleged violations of this policy (ACEA-E3). The form should be completed by school staff when they:

1. Initiate a report of an alleged violation of this policy; or
2. Receive an oral report of an alleged violation of this policy.

The form should be completed by an administrator when they:

1. Initiate a report of an alleged violation of this policy; or
2. Receive an oral report of an alleged violation of this policy.

All written reports of an alleged violation of this policy received by the District shall be forwarded to the appropriate school administrator for investigation and retention.

Report forms and all other documentation related to an investigation of an alleged violation of this policy shall be retained by the District for six years after a student turns 18 years old or graduates from high school, whichever is later.

#### **Investigation Procedures**

School administrators (i.e., a principal, an assistant superintendent, or the Superintendent) or the Board President, if the Superintendent is implicated, are required to investigate violations of this policy (as prescribed under “Prohibitions”), when in receipt of actual notice of an alleged violation. Actual notice of an alleged violation occurs when alleged bullying, reprisal, retaliation, or false reporting is reported using the applicable method(s) prescribed in the reporting section of this policy.

Upon receipt of a report of an alleged policy violation, the designated administrator shall first determine if the alleged policy violation is based on a protected status—whether actual or perceived. Reports involving a protected status shall be investigated in accordance with the district’s harassment/discrimination policy, including the timelines contained therein.

In all other cases, administration shall determine the level of investigation necessary based on the nature of the alleged violation of this policy after considering factors such as, but not limited to: the identity of the reporter and their relationship to the victim/alleged perpetrator; the ages of the parties involved; the detail, content, and context of the report; and whether or not this report is the first of its type filed against the alleged perpetrator. Based on the level of investigation the administrator deems necessary, investigations may include any or all of the following steps or any other investigatory steps that the administrator deems necessary:

1. Identification and collection of necessary and obtainable physical evidence (*NOTE: In some cases, physical evidence may be unobtainable, e.g., a private social networking profile*).
2. Interviews with the complainant, the victim, and/or the alleged perpetrator. At no time during an investigation under this policy shall the victim/complainant be required to meet with the alleged perpetrator.
3. Interviews with any identified witnesses.
4. A review of any mitigating or extenuating circumstances.
5. Final analysis and issuance of findings in writing to the victim and bully and, if applicable, implementation of victim protection measures and disciplinary measures under this or other applicable policies.

Investigations shall be completed within 60 days unless the administrator documents good cause for extending this deadline. Such documentation should be sent to the victim and alleged perpetrator during the investigation.

#### **Reporting to Law Enforcement and Others Forms of Redress**

Law enforcement must be notified by a school administrator or the Board President if there is reasonable suspicion that a bullying incident constituted a crime on or off school district property. Nothing in this policy shall prevent a victim/their family from seeking redress under applicable state and federal law.

#### **Disciplinary and Corrective Measures**

Students who the District has found to have violated this policy shall be subject to disciplinary consequences and/or corrective measures. When determining the appropriate response to violations of this policy, administration shall take into account the totality of circumstances surrounding the violation. Measures that may be imposed include, but are not limited to:

1. Require the student to attend detention.
2. Impose in- or out-of-school suspension or recommend expulsion. Due process procedures contained in the district’s suspension and expulsion policy shall be followed.
3. Recommend alternative placement. This recommendation shall be submitted to the Superintendent for approval or denial. The Superintendent may approve such recommendations only if the student has been given notice of the charges against him/her and an opportunity to respond. Alternative placement of special education students will be handled in accordance with applicable policy.
4. Create a behavioral adjustment plan.
5. Refer the student to a school counselor.
6. Hold a conference with the student’s parent/guardian and classroom teacher(s), and other applicable school staff.
7. Modify the perpetrator’s schedule and take other appropriate measures (e.g., moving locker) to minimize contact with the victim.
8. If applicable, contact the administrator of the website or social media platform on which the bullying occurred to report it.

If the misconduct does not meet this policy’s definition of bullying, it may be addressed under other district disciplinary policies.

If the perpetrator is a school staff member, the District shall take appropriate disciplinary action including, but not limited to: a reprimand, modification of duties (only if allowed by applicable policy, the negotiated agreement, and/or the individual’s contract), suspension, or a recommendation for termination/discharge in accordance with applicable law and/or policy.

#### **Victim Protection Strategies**

When the District confirms that a violation of this policy has occurred, it should notify the victim’s parents and shall implement victim protection strategies. These strategies shall be developed on a case-by-case basis after administration has reviewed the totality of the circumstances surrounding the bullying incident(s) or other violations of this policy. Strategies may include, but not be limited to, the following:

1. Additional training for all students and applicable staff on implementation of this policy and/or bullying prevention.
5. Notice to the victim’s teachers and other staff to monitor the victim and his/her interaction with peers and/or the assignment of a staff member to escort the student between classes.
6. Assignment of district staff to monitor, more frequently, areas in the school where bullying has occurred.
7. Referral to counseling services for the victim and perpetrator.
8. Modification of the perpetrator’s schedule and other appropriate measures imposed on the perpetrator (not the victim) to minimize the perpetrator’s contact with the victim.

## **NONDISCRIMINATION AND ANTI-HARASSMENT POLICY**

### **General Prohibitions**

The Midkota School District is committed to maintaining a learning and working environment free from discrimination and harassment in all employment and educational programs, activities, and facilities. The District prohibits discrimination and harassment based on a student's, parent's, guardian's, or employee's race, color, religion, sex, gender identity, national origin, ancestry, disability, age, or other status protected by law. The District also provides equal access to the Boy Scouts and other designated youth groups, as required by federal law.

It is a violation of this policy for any district student, parent, guardian, employee, or third party to discriminate or harass against another district student or employee, based on any status protected by law, if the conduct occurred within the context of an education program or activity, or if the conduct had a continuing effect in the educational setting of a program or activity occurring on or off school district property. The District will not tolerate discrimination or harassment of a district student or employee by a third party. The District also prohibits aiding, abetting, inciting, compelling, or coercing discrimination or harassment; discriminating against or harassing any individual affiliated with another who is protected by this policy and/or law; knowingly making a false discrimination and/or harassment report; and retaliation against individuals who report and/or participate in a discrimination and/or harassment investigation, including instances when a complaint is not substantiated.

The District shall promptly investigate any discrimination, harassment, or retaliation complaint and act on findings as appropriate, which may include disciplinary measures such as termination of employment or expulsion in accordance with board policy, law, and, when applicable, the negotiated agreement. Students and employees are expected to fully cooperate in the investigation process. The District will take steps to prevent recurrence of discrimination, harassment, or retaliation and remedy discriminatory effects on the complainant and others, if appropriate.

- *Employee* is defined in accordance with NDCC 14-02.4-02 (7).
- **Harassment** is a specific type of discrimination based on a protected status. It occurs under the following conditions:

  - b. For students when the conduct is sufficiently severe, persistent, or pervasive so as to limit the student's ability to participate in or benefit from the education program or to create a hostile or abusive education environment.
- *Section 504 (Section 504 of the Rehabilitation Act of 1973, as amended, 29 U.S.C. § 794)* is a federal law designed to protect the rights of individuals with disabilities in programs and activities that receive federal financial assistance from the U.S. Department of Education.
- *Sexual harassment* is a form of harassment based on sex or gender identity. It is defined as unwelcome sexual advances, requests for sexual favors, and/or other verbal, written, or physical conduct or communication of a sexual nature when:

- a. It is quid pro quo, meaning submission to such conduct or communication is made a term or condition, either explicitly or implicitly, of the basis for employment decisions or educational decisions or benefits for students (e.g., receiving a grade).
- b. It creates a hostile environment, meaning unwelcome sexual conduct or communication that is sufficiently serious to deny or limit a student's ability to participate in or benefit from the school's program(s). For employees, a hostile environment is created when submission to unwelcome sexual conduct is made, either explicitly or implicitly, a term or condition of an individual's employment.
- *Sexual harassment* examples include:

  - b. Sexual advances;
  - c. Pressure for sexual favors;

- *Title II of the Americans with Disabilities Act* extends the prohibition on discrimination established by Section 504 to all services, programs, and activities of State and local government entities.
- *Title IX* is a federal law that protects people from discrimination, based on sex, in education programs or activities that receive federal financial assistance.

### **Complaint Filing Procedure**

The Board shall create an informal and formal discrimination and harassment complaint filing procedure in board regulations coded AAC-BR. The procedure provides for an impartial investigation free of conflicts of interest. Nothing in this policy or in the discrimination and harassment grievance procedure prevents an individual from pursuing redress through state and/or federal law.

### **Confidentiality**

An individual wishing to file an anonymous discrimination and/or harassment complaint must be advised that confidentiality may limit the district's ability to fully respond to the complaint and that retaliation is prohibited. The appropriate grievance coordinator (Title IX, 504/Title II, or Nondiscrimination) shall perform a confidentiality analysis to determine when a request for confidentiality cannot be honored due to safety reasons or the district's obligation to maintain a nondiscriminatory educational environment. The complainant must be notified in writing of the confidentiality analysis outcome. A discrimination or harassment investigation report is subject to the open records law after 60 days or when the investigation is complete (whichever comes first), with limited exceptions such as when the record is protected by FERPA.

## **DISCIPLINE**

A substantiated charge against a student in the school district will subject that student to disciplinary action, which may include suspension or expulsion, consistent with student disciplinary policies.

In all cases, the school district reserves the right to take such disciplinary action as it deems necessary and appropriate to end sexual harassment and prevent its recurrence.
