*The Mission of Long Cane Primary School
is to promote student learning by challenging and
guiding students toward a successful transition to a
higher level of learning.*

CHARACTER EDUCATION

Responsibility Self-Control Cooperation
Friendship/Kindness Respect Giving
Honesty Courtesy/Manners Patience

LCP recognizes that character education is an integral part of a child's academic and social-emotional development. Our teachers, staff, and parents work together to make our character education program an important component of every student's every day life. Character education is incorporated in this learning process through our school-wide PBIS behavior system, "Student of the Month," Abbeville High School mentors, daily classroom meetings, classroom guidance lessons, character links, monthly newsletters, and All-STAR weekly celebrations.

Strategies and Action Steps in Creating a Total Learning Environment

Long Cane Primary is committed to helping every child reach their full academic potential. The School Improvement Council, P.T.O., and faculty meetings focus on achieving goals for continuous improvements in student performance.

We celebrate the successes of school-wide initiatives through communication in parent newsletters, the district and school web-sites, the school outdoor marquee, school announcements, and student recognition to parent & community groups.

We strive to provide the most up-to-date professional development opportunities that are based on the latest research and technology for all faculty members to ensure that classroom instruction includes best practices.

MAP Math	44%	47%	9%

Dear Parent/ Guardian,

The 2020-2021 school year has been both an exciting and challenging year. The faculty and staff have been working diligently to ensure that every child exceeds his/her full academic potential. Even in the midst of a global pandemic where safety protocols have to be implemented and the addition of an on-line virtual learning model, our teachers and staff have remained focused on each child's performance and utilized the trends within the school's data to help prepare each student for the next grade level.

In conjunction with focusing on academics, Long Cane Primary has established a very positive character education program to help our students become well-rounded children. Everyone's goal is to have each individual child do his/her best!

On behalf of Long Cane Primary, I would like to thank all of our parents, school volunteers, SJC and PTO members. In order for each child to have the opportunity to succeed, the community, school, teachers, students, and parents must continue to make the commitment to work together.

*Thank you for all of your help and support,
Millie A. Ricketts, Ed.S
Principal*

Our School

Long Cane Primary School is located in historic Abbeville County on Highway 72 East. Our primary school serves a population of 377 students in grades 3K through 2nd. Our educators provide standards-driven classroom instruction, supplemented with a variety of programs that include classroom interventions, two instructional computer labs, Resource classes, ESOL, and a school-wide Title I. plan.

Our goal is to focus on continuous improvement in the total learning environment through our school's mission, goals, and priorities as related to our School Improvement and Title 1 plans. We are fortunate to have positive parent and community support for the overall academic success for our students.

Expect More. Achieve More.

Special Programs and Activities

Special programs and activities are implemented for our students throughout the year. Our school-wide PBIS program (where all students are All-Stars) is emphasized daily on the Morning News broadcast and in classroom morning meetings. The following are special programs and activities that open doors to a variety of opportunities for LCP students and parents:

- Our Response To Intervention program enhances our overall Reading program by using data from Renaissance Learning that includes STAR Reading & STAR Math, MAP, and MAP Fluency tools to drive our reading enrichment programs for ALL students.
- Accelerated Reader builds a reading culture throughout our school and makes reading practice more effective for every student.
- Continuing P.T.O. meetings with Parent Orientation Night & Virtual Family Fun Nights are held to enhance parent involvement.
- An annual Related Arts night promotes the importance of an overall educational program that includes art, music, and physical education.
- Mentors from the Abbeville community and Abbeville High School students assist with the Character Education and reading programs.
- Character Education is an integral part of our school. Classroom guidance, small group sessions, individual counseling, mental health services, and reward celebrations all enhance this program.

Promoting excellence in academics, as well as overall student performance is recognized at L.C.P. by All-STAR celebrations, Student of the Month recognition, Honor Roll and Accelerated Reader celebrations. As we strive towards improving the success of all students at Long Cane Primary by raising the performance level and continuing to provide sound instructional practices for all, we know that we will make necessary gains for preparing our students to "Be a Success in School and in Life."
