May 1, 2021

To whom it may concern,

I am writing to inform you that TCMA will begin treatment around the local schools. Our treatment includes the following materials:

- Kontrol 4-4 (Permethrin)
- VectoBac G (BTI)

For your convenience, I have attached a copy of these labels to this letter.

If you have any questions or concerns please feel free to contact our office during our working hours of 8am – 4pm.

Thank you,

Larry Zapfe
