High School Science Teacher

Position Type:
High School Teaching

Date Posted:
3/25/2021

Location:
Metro High School

Date Available:
08/02/2021

Closing Date:
05/25/2021

Description:
Facilitates student learning in a performance-based environment targeting college readiness for 9th through 12th grade students from a variety of districts. Engages in deep professional and personal development in order to become a leader of educational change

Minimum Qualifications:
1. Works collaboratively with other instructors to construct and maintain a high quality learning environment
2. Analyzes records to identify students' immediate & long-range needs.
3. Utilizes student assessment results & approved course of study to develop lesson plans for assignments & activities that meet identified student needs.
4. Counsels each student regarding his/her academic & behavioral progress. Implements all institutional policies.
5. Plays multiple roles beyond the classroom including student recruitment and admissions, new program development, communication with multiple districts, partnership development with outside organizations, website management and collaboration with other center initiatives.
6. Adapts Science material and methods to develop relevant sequential assignments and lesson plans that guide and challenge students.
7. Develops lesson plans and supplementary materials compatible with Metro’s project based instructional philosophy and congruent with STEM learning ideals; provides individualized and small group instruction in order to adapt the curriculum to the needs of each student and subgroups of students.
8. Evaluates academic and social growth of students, prepares and administers formative and summative assessments.
9. Evaluates each student’s progress in meeting the course standards and provides remediation and intervention when necessary. This extra support may take place after school during teacher office hours.
10. Establishes and maintains standards of student behavior needed to provide an orderly, productive classroom environment.
11. Identifies student needs and cooperates with other professional staff members in assessing and helping students solve learning, health and attitude problems.
12. Communicates with parents and school counselors on student progress.
13. Supervises students in assigned out-of-classroom activities during the working day.
14. Participates in faculty committees and the sponsorship of student activities.
15. Administers testing in accordance with state testing requirements.

Responsibilities and Essential Functions:
1. Maintains professional competence by attending staff meetings regularly, staff development programs, curriculum development meetings and other professional activities.
2. Participates in various student and parent activities, which occur in school including PTA, student clubs and after-school activities.
3. Develops and maintains an effective advisory experience for advisory students which meet twice per week throughout the school year.
4. Creates an effective learning environment through functional and attractive displays, bulletin boards, and activity/learning centers.
5. Performs any other related duties as assigned by the Principal or other appropriate administrator.

Salary:
Commensurate with experience and in accordance with specified salary schedule
