School health services are designed to promote and improve the health and wellness of students. Providing school health services assists students in developing and applying academic knowledge to help promote continuous growth toward becoming an effective citizen within our society. The eCARE eSchool program assists _____ School District in providing basic emergency care for students and staff; assessment and referral for all students; nurse oversight of medication; essential health services for special needs students; and health promotion and disease prevention activities which address wellness across the lifespan. With the philosophy that "healthy students learn better", professional school nurses address the physical, mental, emotional, and social health needs of our students on a daily basis and work with parents and community partners to best serve these needs.

For more information about school health services, call the _____ School District at _____ or the eCARE School Health office at 605-606-0550.
