IN CLOSING...

“Blending Tradition and Innovation to Drive Educational Excellence”

- Until the school year 2024-2025, state aid will be dramatically reduced under the S-2 legislation. Eatontown Public Schools will lose a total of approximately \$2.2 million in state aid.
- If this course is not changed or at least adjusted from a fiscal standpoint, major reductions will need to occur across our district in the future.
- This budget requires reductions in many areas including staff positions due to retirements.
- Future budgets will require substantial reductions and cuts across the board.
- If the district had the ability to raise revenue from the tax levy from 2% to 4%, the impact on school taxes on a home valued at \$360,000 would be \$16.21 a year or \$1.35 a month.
