CVS True Accumulation Program

Some Specialty Drugs may qualify for third-party copayment assistance programs that could lower your out of-pocket costs for those products. For any such Specialty Drug where third-party copayment assistance is used, the Covered Person shall not receive credit toward their maximum Out-of-Pocket or Deductible for any Copay or Coinsurance amounts that are applied to a manufacturer coupon or rebate.

Mandatory Generic Program

The Plan requires that pharmacies dispense Generic Drugs when available. Should a Covered Person choose a Brand Name Drug rather than the Generic equivalent, the Covered Person will be responsible for the cost difference between the Generic and Brand Name Drug, even if a DAW (Dispense As Written) is written by the prescribing Physician. The cost difference is not covered by the Plan and will not accumulate toward your Out-of-Pocket Maximum.

90-Day Supply - Maintenance Medications

This Plan will allow maintenance medications to be filled at any retail pharmacy and through mail order in 90 day quantities.

Mandatory Specialty Pharmacy Program

Self-administered specialty drugs that do not require administration under the direct supervision of a Physician must be obtained directly from the specialty pharmacy program. For additional information, please contact the Prescription Drug Card Program Administrator.

Specialty drugs that must be administered in a Physician's office, infusion center or other clinical setting, or the Covered Person's home by a third party, will be considered under the Medical Benefits section of the Plan. Those drugs that can be self-administered and do not require the direct supervision of a Physician are only eligible under the Prescription Drug Program.

Preventive Drug means items which have been identified by the U.S. Department of Health and Human Services (HHS) as a preventive service. You may view the guidelines established by HHS by visiting the following website:

https://www.healthcare.gov/what-are-my-preventive-care-benefits

For a list of Preventive Drugs, contact the Prescription Drug Card Program Administrator identified in the General Plan Information section of this Plan.
