Re: Student Pickup and Dropoff Reminders

Unity Parents/Guardians:

This year has been challenging in many ways. School traffic during drop-off and pickup times has been one of those ways. While school bus transportation has been limited due to COVID precautions, we appreciate parents ensuring their children are at school. Because safety remains our focus, please consider these reminders.

The right-hand lane is for pickup and drop-off of students. The left-hand lane is for continuing to move forward until space is available. Please do not stop in the left-hand lane, except at the crosswalks, so traffic can continue to move forward. If necessary, please circle through the parking lot to reenter the loading/unloading zone.

Please follow the directions of the crossing guards and law enforcement in the school parking lot [WI Stat. 118.105 & 346.46(2m)]. Operators are required to follow their directions to ensure the safety of our students and staff. Failing to adhere to these directives and the corresponding statutes may result in a citation by law enforcement or being held liable for any injuries or harm caused [WI Stat. 346.465].

In addition, according to WI state law, vehicles are required to stop at crosswalks in the school loading/unloading zone [WI Stat. 346.46(2)(ac) & WI Stat. 346.46(2)(2m)]. There are four crosswalks designated in front of the building.

According to local municipal ordinance, the speed limit in the school parking lot and access driveways is 10mph (Milltown Ordinance 18, 79-10). This limit is on all school district property.

Please share this information with anyone who may be picking up or dropping off your child. Traffic safety on the school campus requires everyone's attention and cooperation.

Thank you for your cooperation and patience.

Sincerely,

Brandon W. Robinson, District Administrator
