OCTOBER 2020

SUPERINTENDENT'S MESSAGE

Wow, what a year! It is hard to believe that as I sit down to write this month's article that we have been in school for almost 6 weeks and are quickly approaching the end of the first quarter. While there have been bumps along the way, and we have had to adjust on the fly, I feel the year has gone exceptionally well, all things considered. While we are definitely not out of the woods with regards to COVID, and unfortunately we are probably going to have to continue to adjust and remain flexible with our plans moving forward, we are learning everyday and finding out that some of our changes are actually for the better. I can't applaud our staff enough. They were given an incredible task, and they are all finding their way and making sure all of our students onsite or virtual know they are all Huskies, and we are here to support them regardless of how they are attending school. If you haven't done so yet, I would encourage you to reach out to our teachers, administrators, para-professionals, secretaries, bus drivers, custodians, and cafeteria staff. They are all working harder than ever each and every day to keep our

students attending school onsite. Let them know you appreciate their efforts, sometimes that's all they need to keep going.

I want to deviate from focusing on COVID this month and instead focus on what I think is one of the great strengths of our district. When I began looking into the district and considering whether or not to apply for the job, I was immediately drawn to the opportunities that students have to gain life ready skills through the various apprenticeships, job shadowing opportunities, and workplace learning experiences they are provided while still in high school. I was even more impressed to learn that all of these opportunities were being organized under the Husky Ready program that began last year. Providing students with these experiences in addition to the numerous opportunities our students have to take courses for college credit while still in high school is providing our students opportunities to gain valuable knowledge and skills that will make them college, career, and life ready. One thing that I believe we need to be able to do as a district is when we hand a student their diploma at the end of

their high school career, is to be able to say that they are prepared for whatever they want to do, whether that be attend a 2 or 4 year college, enter the workforce, or pursue some other form of postsecondary education opportunity. The skills that have been developed and articulated as part of the Husky Ready program are a huge part of making this a reality for our students.

The fact that we have a program like Husky Ready up and running at the high school is great and something we should celebrate; however, as a district our work around this initiative isn't over. In order to truly prepare our students to be college and career ready we need to clearly articulate what being Husky Ready means at our younger grade levels. Everywhere we look we see changes in business and industry that are impacting the types of jobs and careers that will be available to our students when they graduate. Working with our local community and determining the knowledge and skills

that our students will need to be successful in an ever-changing world will be imperative. We know that while the world may change there are foundational skills that all of our students will need to be successful. Determining these skills and ensuring that students are given opportunities to develop these skills throughout their k-12 school career is imperative if we are going to ensure all students are college and career ready.

I am excited by the work that has already been done around this initiative and the partnerships with our community that are providing our high school students with opportunities to experience careers within our community and develop the job skills they will need to be successful. I look forward to continuing to strengthen those relationships in order to provide similar experiences for our younger students as we work to help all students to become HUSKY READY!

Justin Gross, Supt.

BUILDING SAFETY MEASURES

In an effort to maintain a safe environment in our schools, all staff in Winterset will be wearing their staff identification badges while on any Winterset School Campus. Additionally, ALL visitors are expected to check into the office of any school building during regular business hours (7:30 a.m. – 3:30 p.m.) each time they visit the school. Visitors will need their driver's license or state issued identification card

to check in. Our system, LobbyGuard, checks state and national databases for individuals who are on the sex offender list. Once a visitor has been cleared, they will be issued a Visitor Badge. This must be worn at all times while in the building. Our staff will be asking people who do not have a badge to return to the office immediately. While this may be a slight inconvenience, this measure will provide better protection for our students.

TESTING

Lots of tests are given during the fall.

The ACT's will be given here twice in October in an effort to test smaller groups due to Covid-19, please read the guidelines on the ACT's webpage carefully. These are four, 35-60 minute tests in academic areas of English, mathematics, reading, and science reasoning. Colleges in the Midwest, West and South commonly prefer the ACT's. Students receive four separate scores plus a composite score. Now most schools will accept either the ACT or the SAT I. The October test dates are Oct. 10 and Oct. 24, deadline to register (for both tests) is September 25. You MUST pre-register for this test at www.act.org. Fee waivers are available for eligible students.

The PSAT/NMSQT test will be given on October 14th to high school juniors nationwide. We encourage sophomores to take them for practice. The PSAT is a useful indicator of scholastic aptitude as well as the basis of some merit scholarships. Also, the PSAT, administered by the College Board, is the source of some college mailings that you will receive. The cost of the test is \$17.00. See Mr. Seufert if you are interested in taking this test.

The Armed Services Vocational Aptitude Battery (ASVAB) is a multiple-aptitude test that covers eight areas including science, word knowledge, mathematics, and mechanical comprehension. It assesses a student's ability to learn new skills and is a predictor of success in training and education programs. The program is administered by civilian Education Services Specialists who have no recruiting function. The ASVAB's are offered each fall to juniors and some seniors. The ASVAB's will be given on the morning of November 12th. Your information is NOT released to the military unless you want it to be released.

CRISP Winter Wear Program

Is your child in need of a winter coat, boots, snow pants, hat or gloves for the upcoming season? If this will be a hardship for you or your family to provide, please call Community Resources in Service to People (CRISP) at 515-462-9400. CRISP has a good selection of new and gently worn winter wear items. **PLEASE CALL FOR AN APPOINTMENT BEFORE STOPPING IN** so that we may limit the number of people in the

Dear 2021 Seniors and Parents/Guardians,

Congratulations on your accomplishments at WHS! We would like to remember your time at WHS in our 2021 Boomerang Yearbook with a special section for seniors. Could you please help us by providing a senior picture? Below are some suggestions to help you choose a photo that will look best in the yearbook:

- Student shown from waist or chest up and at eye-level
- Nothing covering student's face
- Natural or solid background
- 300kb or larger so they will not appear blurry (no screenshots please!)

Please submit photos to boomerang@winterset.k12.ia.us before **January 31**. Include the student's name in the subject line of the email. If your senior pictures are scheduled for later in the year or we do not receive a photo before January 31, we will use the student's school picture or take a snapshot during school hours to use as a placeholder until we receive a different photo.

If you are unable to submit a senior picture, a yearbook representative can take one. Please contact us before January 31 to arrange a photo shoot.

Your senior yearbook is a keepsake you will treasure. Please order your yearbook today by visiting www.jostens.com. Order before **February 7** to get the best price! Payment plans are available.

A great way to recognize a special senior is to purchase a senior recognition ad. You can easily create an ad using Jostens software to celebrate your student's accomplishments and/or surprise them with a heartfelt message. You may also include baby photos or additional senior photos. Ads can be purchased in four sizes:

- Full page: \$175
- 1/2 page: \$100
- 1/4 page: \$50
- 1/8 page: \$25

To purchase a senior recognition ad, visit www.jostensadservice.com. Please see additional information on the following page. Senior ads are due by **April 30**.

If you have any questions, please contact me at hbelieu@winterset.k12.ia.us
Thank you for helping our seniors remember this year forever!

Sincerely,
Heather Blue-Belieu
Yearbook Adviser

It is that time of year again for the Winterset FFA Chapter. Fruit sales have started and will continue until the end of October. This year we are selling fruit, meat and cheese, candy, and cookie dough. We are doing our sale a little different. You can do it the same as in previous years where you order from a member or you can order online. Be watching for members to reach out or if you would like to order but have not been contacted please email Ms Miller or contact an FFA member. We will be posting things on our social media pages about how and where to order from. Winterset Student Council

Winterset High School has been planning the 2020 Homecoming with a Disney Theme for several months. Some traditions have been postponed like the dance and the parade. New traditions are being added this year like a reverse parade and trivia games during the school day. Students will also be able to participate in spirit seminars with decorating, a color war, and various other activities. Student Council is also working hard to plan new activities that safely give back to the community and promote school spirit. Student Council is always taking new applicants; sign up is easy!

Winterset Silver Cord

Winterset Silver Cord is a service organization where students choose their service projects and then log hours in a computer program. Each year they aim for 40 hours for a total of 160 hours upon graduation. After completion, silver honor cords are given. The organization also gives awards for 50 & 100 hours. Currently there are over 150 students participating. If you have socially distant job opportunities, please contact Advisor Jess Gibbons @ jgibbons@winterset.k12.ia.us Also email if you would like more information to join.

CDC Order: Temporary Halt in Residential Evictions to Prevent the Further Spread of COVID-19

Sept 4, 2020) the Centers for Disease Control and Prevention (CDC) issued a Temporary Halt in Residential Evictions to Prevent the Further Spread of COVID-19. This order extends important protections to millions of renters at risk of eviction for nonpayment of rent during the global pandemic; to be protected, however, qualified renters facing eviction should provide a signed declaration to their landlords immediately.

Who is Eligible?

To be eligible, renters must meet the following qualifications:

The individual has used best efforts to obtain all available government assistance for rent or housing;
The individual either (i) expects to earn no more than \$99,000 in annual income for Calendar Year 2020 (or no more than \$198,000 if filing a joint tax return), (ii) was not required to report any income in 2019 to the U.S. Internal Revenue Service, or (iii) received an Economic Impact Payment (stimulus check) pursuant to Section 2201 of the CARES Act;
the individual is unable to pay the full rent or make a full housing payment due to substantial loss of household income, loss of compensable hours of work or wages, a lay-off, or extraordinary out-of-pocket medical expenses;
the individual is using best efforts to make timely partial payments that are as close to the full payment as the individual's circumstances may permit, taking into account other nondiscretionary expenses; and
eviction would likely render the individual homeless—or force the individual to move into and live in close quarters in a new congregate or shared living setting—because the individual has no other available housing options.

What Protections are Provided?

This order provides that a landlord, owner of a residential property, or other person with a legal right to pursue eviction or possessory action, shall not evict any covered person from any residential property in any jurisdiction to which this Order applies during the effective period of the Order (Sept 4, 2020-Dec 31, 2020). Unless the CDC order is extended, changed, or ended, the order prevents eligible renters from being evicted or removed from where they are living through Dec 31, 2020, but does not relieve the renter of the responsibility of rent payment (i.e. after the moratorium ends, barring changes to the order, the renter is still responsible for backpayment of rent.). Renters also may still be evicted for reasons other than non-payment of rent.

What Steps do Eligible Renters Need to Take?

To receive the protections provided by the CDC order, eligible renters must send a signed declaration to their landlord that includes the information outlined the Attachment on the last page of the order. Each adult listed on the lease, rental agreement, or housing contract should complete and submit this declaration.

Where Can I Get More Information?

Download the CDC order at <https://www.govinfo.gov/content/pkg/FR-2020-09-04/pdf/2020-19654.pdf> for more information. Reference the final page for the language a renter's declaration to their landlord must include.
