Re: Drop off and Pick for April 29th, 2021

Greetings Barneveld Families,

We were recently made aware of some work being done on a water main along Douglas Street that will take place tomorrow April 29th. As a result, we will have to redirect traffic for students who are dropped off and picked up. If you are providing transportation for your children, please do so through the main entrance. To help ease the traffic flow, we kindly ask that you wait until 8:20 am so that the buses can drop students off first. Likewise, for those picking up in the afternoon, please wait until 3:15 pm for the same purpose.

We anticipate a return to our regular routine on Friday, April 30, 2021.

4K - Please drop off and pick up your student in the church parking lot next to the library.

[#BeBarneveld](#)

Sincerely,

Joseph Price,
Superintendent
