Subject: PEIP Advantage Health Insurance - Group Numbers & Contact Information

Date: August 26, 2019

Listed below are the group numbers and contact numbers for each PEIP plan for our group. These numbers will come in handy for enrollment forms and if you have carrier questions. You will receive two member ID cards, one from your health network (Blue Cross Blue Shield, HealthPartners or Preferred One), and another from CVS Caremark - the prescription drug provider. ID cards may come in unmarked envelopes for security purposes, so check your mail carefully.

Coverages will be effective October 1, 2019. If you have not received your card by the effective date and you need care or a prescription, you can access medical care or RX's by calling the customer service number of you carrier shown below. You will need the group number of the plan you are participating in and your social security number. The carrier customer service number will also be printed on the back of member ID cards.
