This agreement, made and entered into this 8th day of September, 2008 by and between Kanabec County Family Services, Kanabec County Public Health, Kanabec County Court Services, Lakes and Pines Community Action Council, Mora ISD #332, Ogilvie ISD #333, and Rum River Special Education Cooperative, hereinafter referred to as the "Parties" is as follows:

Authority and Premises:

Whereas: Minnesota Statute permits public and private child-serving agencies to come together by mutual agreement to establish a family services collaborative and to establish an integrated children's service system; and

Whereas: The Parties agree that children's needs cross over the boundaries of the categorical agencies and that services need to be coordinated across traditional systems; and

Whereas: The Parties agree that an integrated system should be built upon existing agencies and that system redesign consists in large part of redefining relationships among agencies; and

Whereas: The Parties agree that parents and community supports are key to successful care planning for children;

Now, therefore, in consideration of the mutual agreements combined herein, all participating Parties do hereby establish the Kanabec County Family Services Collaborative, hereinafter referred to as the Collaborative and do agree as follows:

Section 1: Purposes of the Collaborative

The Parties enter into this Agreement for the purposes of improving the social, emotional, educational and economic outcomes of all Kanabec County children, adolescents and their families by mitigating risk factors and enhancing protective factors for the purpose of creating an integrated service delivery system for children, adolescents and their families with multiple and special needs. The Parties agree that the Collaborative shall be founded on the latest knowledge and best practices available in relevant professional fields and service delivery approaches. The Collaborative shall perform activities that coordinate supports and services such as common intake; common multidisciplinary assessment; standardized written plan; plan coordination; standards setting; and outcome evaluation. The Collaborative shall neither replace nor duplicate existing agencies but shall recreate relationships among them to enhance the abilities of the Parties to provide a comprehensive continuum of services to the target population.

Section 2: Population to be Serviced and Service Delivery Model

Population to be served:** Determination of eligibility for social, educational, physical or mental health, transition, or other services under this agreement shall be made by respective agencies in conjunction with the Interagency Referral Team, IEP, IIIP teams within each member school district. The Target Population shall be children who are between 0 and 21 years of age who are residents of Kanabec County and/or are residents of Mora and Ogilvie Public Schools and who have multiple problems or are at risk of developing multiple problems. Further, these shall be children who need, or are at risk of needing, coordinated multi-agency services. The Collaborative shall also serve the families of such children. A family to be served shall be defined, minimally, as the child's primary adult caretaker(s) and other children with whom the child is residing. A family may include biological, step, or adoptive siblings or other minors with whom the child is residing.

Section 5: Financial Responsibilities

A. Responsibilities of County Board and School Boards

It is the joint responsibility of county boards and school boards to coordinate, provide and pay for appropriate services, and to facilitate payment for services from public and private sources. Appropriate services for children eligible under Minnesota Statute must be determined in consultation with parents, physicians, and other educational, medical, health, and human services providers. The services provided must be in conformity with an IFSP for each eligible infant and toddler from birth through age two and his/her family, an individual education plan (IEP), individual service plan (ISP) or Interagency Individual Intervention Plan (IIIP), or other standardized written plan for each eligible child ages three through twenty-one.

Nothing in this agreement increases or decreases the obligation on the State, county or local school partners to pay for education, health care or social services.

B. School District Responsibility

Each school district has responsibility to provide special instruction and related services required under Federal IDEA and Minnesota Statute.

C. County Responsibility

County has responsibility to provide social services described in the County's Community Social Service Plan under Minnesota Statute to County residents who are eligible children as defined in this Interagency Standardized Written Plan. The County will assist persons in applying for medical assistance according to Minnesota Statute. The County will provide public health nursing services within the limits of financial resources.

D. Insurance Coverage

Third party insurers have primary responsibility for the provision of medically necessary intervention services to policyholders under Minnesota Statute.

E. Integrated Fund

The Parties agree to establish an Integrated Fund for the purpose of financing selected components of individualized care plans and increasing the overall flexibility of funding sources. The Integrated Fund will be used to purchase supports, interventions, and services for the children and families in the Target Population, to coordinate the provision of supports, interventions and services, and to operate the Collaborative.

Parties agree that the Integrated Fund shall be under the direct control of the Family Services Collaborative Board and shall be administered, under the Board's control, by such fiscal agent(s) as the Board shall choose.

The Integrated Fund shall consist of both monetary and in-kind resources to which a monetary value shall be assigned by agreement between the contributor and the Board.

In the event the state recovers from the Collaborative any fiscal disallowances or sanctions attributable to the actions of Kanabec County Family Services, and members of the collaborative, subcontractors, or agencies participating in LCTS; cost for disallowances shall be prorated through agreement of the majority of the governance board on a case-by-case basis. The method of payment of said disallowances shall likewise be determined by the Board.

Under federal law if a public agency other than a local school district fails to provide/pay for the special education and related services agreed to under this agreement the school district will provide/pay for these services in a timely manner. In accordance with federal law, the District will claim reimbursement for the services from the noneducational public agency that failed to provide/pay for these services.

Section 6: Personnel

- A. Staff employed by any party and assigned fully to Collaborative duties shall report directly to the supervisor designated in their work assignments with respect to those duties. Employees shall remain within the compensation and job classification structure of the employing agency. Benefits as provided by the employer agency shall be retained, including employee health plan and contributions, retirement plans and contributions, liability insurance, and workers compensation insurance.
- B. Staff employed by any party and assigned fully to Collaborative duties shall report to the supervisor designated in their work assignments. The employment relationship shall be defined by agreement between the employee and the employing agency. The employment contract shall contain, at a minimum, the following provisions: (a) that the employee shall accrue no tenure, rights, or benefits available to agency employees except that the agency may provide such benefits as health coverage, sick leave, vacation pay, or severance pay from other available resources; (b) that the employee shall be insured by the employing agency for claims arising from acts or omissions within the scope of his or her employment; (c) that a contract employee may be enrolled in the employing agency's employee retirement plan; and (d) that the employing agency shall make payroll deductions for the retirement plan and taxes, as required by law.

Section 7: Data Practices and Procedures

All Parties have a duty to protect the confidentiality of information about referred children and their families. Parental/guardian consent must always be obtained (except where otherwise allowed by law) prior to interagency sharing of information which identifies the child or family. This consent will apply only to interagency sharing. Participating agencies may not redisclose

information unless a separate consent is obtained. Parental/guardians have the right to revoke their consent at any time.

All Parties agree to establish data practices that conform to state and federal statutes and rules regulating data, particularly the collection, creation, receipt, maintenance, or dissemination of private data on individuals as defined and regulated by the Minnesota Government Data Practices Act, or any other applicable state or federal laws. Parties further agree to establish practices for student data that conform to the Federal Family Education Rights and Privacy Act of 1974 (FERPA).

An exception to the “written informed consent” rule shall be made where immediate concerns exist regarding the safety or health of a child, such as a medical or child protection emergency.

Parties further agree to promote information sharing practices among employees that are consistent with the Collaborative’s service philosophy, namely that obtaining a family’s informed consent is fundamental to maintain a parent-professional partnership.

Section 8: Dispute Resolution

- A. In the event of a disagreement between two or more Parties to this Agreement, parties agree to abide by the following dispute resolution protocol:
1. Step One: The grieving Parties will attempt to work out the dispute through informal communication.
 2. Step Two: The grieving Parties will notify members of the Family Services Collaborative Board in writing of the nature of the dispute and request the Board to hear the dispute at its next regular meeting and seek resolution at the meeting.
 3. Step Three: If resolution is not achieved at the meeting as described in Step Two, the Board shall take the matter under advisement and at its following regular meeting, recommend a resolution to the grieving Parties, who must decide whether to accept the recommendation.
 4. Step Four: The grieving Parties will submit the dispute to mediation by a neutral third party. The Family Services Collaborative Board will be a separate party to the mediation. The cost of mediation shall be equally distributed among grieving Parties.
 5. Step Five: The grieving Parties will submit the dispute to binding arbitration. The cost of arbitration shall be equally divided among grieving Parties.
 6. Step Six: Upon resolution of the dispute, a joint communication will be issued to all affected parties.
- B. Contracts between the Collaborative and service providers must include dispute resolution provisions whenever feasible.

- C. Parties agree that families receiving services or supports from the Collaborative are key decision makers in all actions and decisions regarding their children. However, in the event of a dispute between the Collaborative and a family receiving services or supports from the Collaborative, the Parties to this Agreement will abide by the following dispute resolution protocol:
1. Step One: Any staff employed by any party and assigned fully to Collaborative duties, board member, advisor or volunteer, upon learning by verbal or written means about any substantial grievance of a family being served by the Collaborative against the Collaborative, its personnel, or the actions of the Collaborative or its personnel, must notify the appropriate individualized family care team and the Collaborative Coordinator.
 2. Step Two: The individualized family care team will invite the family to a meeting of the team within 20 days to describe the nature of the grievance. The family may invite an advocate or advocates of its choice. Either the family or the Team may invite any third party that it believes may facilitate resolution. The team will attempt to resolve the grievance informally.
 3. Step Three: Either the family or the Collaborative may request mediation by a neutral third party agreeable to all parties to the dispute. Participation in mediation is voluntary for all parties. When possible, mediation is to be completed within 20 days. Results of the mediation become binding and the services and supports so agreed upon become part of the individualized care plan.

Nothing in this protocol restricts a family's due process rights under rule or law. Students with disabilities and their parents have due process rights protected by both federal and state laws and rules. The official list of rights have been published by the Minnesota Department of Children, Families and Learning and is available under separate cover.

Section 9: Time Period of Agreement

The term of this agreement is for the period of time from the date signed by all Parties unless amended as provided herein.

This agreement may be amended only by the agreement of two-thirds of the participating Parties. Notice of any proposed amendment must be provided to all participating Parties at least thirty (30) days in advance of the Family Services Collaborative Board meeting prior to the effective date of the proposed amendment.

Section 11: Withdrawal and Termination

- A. Any Party may withdraw from this Agreement by passage of a resolution by its Family

Services Collaborative Board declaring its intent to withdraw on a specific date, which date shall not be less than 180 days from the date of resolution and receipt of that resolution by the Family Services Collaborative Board.

- B. Where a Party exercises its option to withdraw, the withdrawing Party shall remain liable for fiscal obligations incurred prior to the effective date of withdrawal but shall incur no additional fiscal liability beyond the effective date of withdrawal.
- C. The withdrawing Party shall not be entitled to a refund of contributions made to the integrated fund or other fees paid to operate the Collaborative.
- D. Notwithstanding Parties' authority to withdraw, this Agreement and the Board and Councils created thereby shall continue in force until all participating Parties mutually agree to terminate this Agreement by joint resolution of the Parties, or until necessitated by law or decision of a court of competent jurisdiction. After the effective date of termination the Board shall continue to exist for the limited purpose of discharging the Collaborative debts and liabilities, settling its affairs and disposing of Integrated fund assets, if any.

Section 12: Disposal of Surplus Funds and Property

Upon termination of this Agreement, all personal and real property held by or in the name of the Collaborative will be distributed by resolution of the Family Services Collaborative Board in accordance with law and in a manner to best accomplish the continuing purposes of the Collaborative. As provided by law, any surplus monies will be returned to the Parties in proportion to contributions of the Parties after the purpose of the Agreement has been completed.

Section 13: Severability

The provisions of this Agreement are severable. If any section, paragraph, subdivision, sentence, clause or phrase of the Agreement is held to be contrary to law, rule, or regulation having the force and effect of law, such decision shall not affect the remaining portions of this Agreement.

Standardized Written Plan Procedures

Minnesota law requires that each eligible child or student have access to an interagency intervention service system that coordinates services and programs which will be reflected in a standardized written plan. The written plan used in the Rum River Cooperative Districts will be referred to as an “Interagency Coordinated Plan (ICP). The ICP will include the standard Individual Education Plan (IEP) pages which document team membership, present levels of student performance, student needs, goals and objectives, and services. An additional page (Interagency Coordinated Plan) will be used to document shared outcomes and the agency responsible for the provision of services, which implies funding source. The goal of shared outcomes is to encourage multiple agencies to jointly work on common concerns across multiple environments.

See Appendix A for the Interagency Coordinated Plan (ICP).

Minnesota Statutes identify the programs and initiative to be coordinated through an interagency system and the IIP/standardized written plan. They are the:

- Maternal and Health Program
- Individuals with Disabilities Education Act (IDEA)
- Medical Assistance
- Developmental Disabilities Assistance and Bill of Rights Act
- Head Start Act
- Rehabilitation Services
- Juvenile Court Act
- Children’s Mental Health Collaborative
- Family Service Collaborative
- Family Community Support Plan
- Minnesota Care Program
- Local Public Health Act
- Community Social Service Act
- Community Interagency Transition Committees (CTIC)
