## Senior Wills

<p>I, Kyan Anguiano, being of sound mind, do hereby leave my magnet that pulls all of the swaggy chicks to Traite's dad.</p>	<p>I, Carlos Aquino, being of sound mind, do hereby leave my best dressed award to Christian Quinones.</p>	<p>I, Lizzete Aquino, being of sound mind, do hereby leave my lockers to whoever wants them.</p>	<p>I, Caycee Bass, being of sound mind, do hereby leave my best friend, Brianna Oliver, I leave my cross necklace.</p>	<p>I, Virginia Buller, being of sound mind, do hereby leave my golf ball finding skills to Brenda Lezama.</p>
<p>I, Erick Cabral, being of sound mind, do hereby leave my awesome artistic skills to anyone who's worthy.</p>	<p>I, Aldo Espino, being of sound mind, do hereby leave the loudest truck award to Hagen Jones.</p>	<p>I, Sarah Estes, being of sound mind, do hereby leave all of our endless Sonic runs to my sister, Emmy!</p>	<p>I, Aron Fraire, being of sound mind, do hereby leave the name Aron to Aaron Resendiz but with an extra A.</p>	<p>I, Adam Garza, being of sound mind, do hereby leave my center field position to whomever is the most handsome player on the team.</p>
<p>I, Manny Guereca-Marquez, being of sound mind, do hereby leave a copy of my license to Mrs. Lehnert.</p>	<p>I, Gwynlyn Hannah, being of sound mind, do hereby leave my love for fit checks to Zaynee Ipson.</p>	<p>I, Payton Harvey, being of sound mind, do hereby leave my title of biggest dump truck to Mario Hernandez.</p>	<p>I, Brianna Heitschmidt, being of sound mind, do hereby leave Angelica without a personal Uber.</p>	<p>I, Reid Hendrich, being of sound mind, do hereby leave my height to Carson because he needs it.</p>

 <p><b>I, Erick Hidalgo, being of sound mind, do hereby leave the biggest hater to Joanna Hernandez.</b></p>	 <p><b>I, Macallister Jones, being of sound mind, do hereby leave my good grades to my brother.</b></p>	 <p><b>I, Moses Lara-Ramirez, being of sound mind, do hereby leave my rocket league sideswipe skills to Christian Quinones.</b></p>	 <p><b>I, Riley Lehnert, being of sound mind, do hereby leave my weight room gains to Jaxon Lehnert.</b></p>	 <p><b>I, Angel Lezama being of sound mind, do hereby leave being best looking Lezama to my sister, Brenda.</b></p>
 <p><b>I, Gaby Mendoza, being of sound mind, do hereby leave nothing behind me.</b></p>	 <p><b>I, Nayeli Norez, being of sound mind, do hereby leave Yazmin Norez with luck during her first year of high school.</b></p>	 <p><b>I, Kiley Chaffin, being of sound mind, do hereby leave Reagan Romero being confused in every situation.</b></p>	 <p><b>I, Dulce Ogaz, being of sound mind, do hereby leave Mendoza's 1st hour all the burritos to eat on Thursdays or Fridays.</b></p>	 <p><b>I, Aileen Ortiz, being of sound mind, do hereby leave my tardiness skills to Mr. Mendoza's future first hour class.</b></p>
 <p><b>I, Javier Talamantes, being of sound mind, do hereby leave all my athleticism to Aaron Rezendiz.</b></p>	 <p><b>I, Martin Vallejo, being of sound mind, do hereby leave my procrastination ability to Alex Trejo.</b></p>	 <p><b>I, Allison Weber, being of sound mind, do hereby leave my knack for being late to school everyday to Kymper Post.</b></p>	 <p><b>I, Cass White, being of sound mind, do hereby leave the memory of Mr. Harris teaching here and his loyalty to THS.</b></p>	 <p><b>We will miss you, Class Of 2022!!</b></p>

## Tee-rific Birdies: Cardinal Golf Places 3rd at State!

By Shelbi Moses, Co-Photo Editor

Watch the Birdie! On the first day of golf, the boys all get ready to tee-off.

Believe and Achieve! During sophomore Bryson Parker's tee-off, he swings and hits the ball far.

The boys golf team consisted of a total of 6 players. There were 2 juniors, Jordan Riddle and Kaden Moses, 3 sophomores, Bryson Parker, Gunner Post, Nash Levens, and 1 freshman, Jhett Huffman. This group of boys had a lot of success this season, making it in the top 5 at meets and placing 3rd at state! On May 2nd, they went to Ardmore, OK for regionals and placed 5th. The next stop was state! There were a total of 12 teams competing at state, and they were ranked 11th going into the tournament. Being ranked 11th made them the underdogs, but that did not stop the team from giving it their all! They ended up placing 3rd at state! It was quite the Cinderella story! When asking Jhett Huffman how they did it, he said, "We just made sure to have fun; that was the most important thing. We also kept a positive mindset and knew there was nothing to lose, so we just had to give it our best." We are so proud of our boys for never giving up, and working their

way to the top. These athletes will be back next year, and we cannot wait to see what they bring to the table!

Ironmen! After taking 3rd, the team poses with their medals on.

Making History! The Lady Cardinals pose for a picture after they won runner-up at state!

## Sorry, I've Got to Run!

By Abby Buller, Sports Editor

This year, the girls' and boys' teams had very successful seasons. The girls' team ended up winning regionals, with all of the relays and three individuals making it to state. The 4x8 got third, the 4x1 and 4x2 both took home the gold, and the 4x4 got second. Brianna Behrendt got first in discus and third in shot put. Riley Lehnert got third in 100m hurdles, third in long jump, and fourth in pole vault. Lastly, Megan Weber got

### **Victory is Sweet!**

After winning first place in discus for the second year in a row, junior Brianna Behrendt poses for a picture with the other medalists.

second in 300m hurdles, and Allison Weber got first in high jump. If the girls wanted to win regionals, they had to beat Laverne in the 1600 meter relay, and that is just what they did. It was the first time in twenty-one years the girls track team had won regionals. They boys' team placed third at regionals, and they also had all of their relays make it, along with seven individuals making it to state. The 4x1 got fourth, the 4x2 got third, and the 4x4 got second. Nash Levens got fourth in the 110m hurdles, Ryder Ireland got third in the 110m hurdles, and Aaron Resendiz got second in the 400 meter dash. In field events, Javier Talamantes got fourth in high jump, Ryan Hammock got fourth in shot put, Hunter Issacs got sixth in pole vault, and Garrett Issacs got fifth in pole vault.

Going into state this year, both teams had pretty high hopes. The girls had a good chance of getting runner-up, so a lot was on the line, but the Lady Cardinals didn't let that bother them. They went to compete. They started off strong with Allison Weber getting sixth in high jump, the 4x8 getting fourth, Brianna Behrendt getting eighth in shot put, and the 4x2 getting fifth. The next day was even better. Brianna Behrendt won first place in discus for the second year in a row, the 4x1 got fifth, Megan Weber in the 300m hurdles got third, and the 4x4 got fourth. The spot for runner-up came down to the 1600 meter relay again, but the girls didn't let that affect them, and they beat Laverne again to get second place as a team. The Lady Cardinals are also the State Academic Champions for the fourth year in a row! The guys also started off well, with Ryan Hammock getting eighth in shot put, Hunter Issacs getting eighth in pole vault, and Garrett Issacs getting seventh in pole vault. Sadly, later in the day in the 4x2, the boys had a heartbreaking fall, which resulted in them not getting a medal. The boys didn't let that bother them, though, and the next day, they got fourth in the 4x4, where they also ran a PR! The Turpin Cardinals made everyone very proud, and we cannot wait to see what the future holds!

### **Speed Demon!**

Rounding the curve to finish the last race of the meet, senior Javier Talamantes gives it his all.

## Class of 2022 Scholarships

### Lizzete Aquino:

- Glenn Carrier Scholarship
- Kathy Vance Memorial Scholarship
- Dan Duerson Memorial Scholarship
- Turpin Employee Scholarship

### Virginia Buller:

- OSU Academic Excellence Scholarship
- OSU Academic Scholar
- OSU President's Distinguished Scholar
- OSU President's Leadership Council Scholarship
- Randall and Carol White Teaching Scholarship
- Elks Most Valuable Student, National Semi-Finalist Scholarship
- Glenn Carrier Scholarship
- Golden Spread Electric Cooperative Scholarship
- TCEC Leadership Summit Scholarship
- PTCI Scholarship
- Bank of Beaver City Scholarship
- Seaboard Foods Scholarship
- Rogers High School Class of 1970 Scholarship
- James. O Smith Scholarship
- Turpin Employee Scholarship

### Kiley Chaffin:

- OPSU Foundation Rule Of Law Scholarship
- OPSU Outstanding Student Scholarship
- Turpin Employee Scholarship
- Turpin Booster Club Scholarship

- Victor E. Scholarship
- OK Rural Organization of Schools Scholarship
- Northeast Teachers Credit Union Scholarship
- Cardinal Crazies Scholarship

### Angel Lezama:

- OKPromise

### Aileen Ortiz:

- SCCC Presidential Scholarship

### Allison Weber:

- City of Hays Scholar Award
- English Freshman Honors Scholarship

## **Class of 2022 Honors Top Graduates**

by Mrs. Kim Buller and Ms. Randa Depew, Staff Advisers

Valedictorian...the top student(s) for each graduating class. This year, seven students in the class of 2022 have equally earned the right to share that title. Those students are Lizzete Aquino, Virginia Buller, Sarah Estes, Aron Fraire, Gwynlyn Hannah, Riley Lehnert, and Aileen Ortiz. These students all maintained both a 4.0 grade point average through four years of high school, and they have each kept very active high school schedules. In addition, Macallister Jones and Allison Weber have both been named class Salutatorians.

**Lizzete Aquino** has been a student at Turpin since Pre-Kindergarten and says she has many people to thank for her educational success. However, foremost in her mind is her sister, "Because she has really guided me through everything. She made some mistakes, so she is always making sure I do not make the same mistakes," states Lizzete. Being a successful student requires a great deal of personal sacrifice along the way. Lizzete recalls that, "Often, I had to study for certain midterms or finals and I could not hang out with my friends or sometimes my family." As for her future, falling in love the moment she went to tour the campus, Lizzete has chosen to attend Wichita State University with an added bonus that her sister also attends the same college. Lizzete will pursue a career as a nurse, stating that, "I have chosen nursing because I love to help others, and I believe this is a good way I can do that." Lizzete's final message is a thankful one. "Thank you to everyone who has supported and helped the rest of my classmates and me to get here today. From teachers and coaches to friends and family, you have all helped shape us into who we are today."

**Virginia Buller** is also a lifelong Turpin student. She is most thankful for her parents during her educational journey, stating that, "they pushed me to work hard and to do my best. They never allowed me to reach anything less than my full potential, which has been extremely rewarding." In terms of sacrifices along the way, Ginna says that her academics, sports career, and service projects have been important to her, and because of that, she had to miss out on some activities through the years. "I had to sacrifice a lot of social time in order to get to where I am today. As I began to take more difficult courses and my organizational responsibilities became greater, I had to set aside more time to study and work instead of hanging out with people as much as I would have liked." Future plans for Ginna include attending Oklahoma State University where she will major in elementary education and coaching. She has dreamed of attending the school where much of her family attended since she was little, "and every time I have visited campus, I fall more and more in love." Ginna has chosen elementary education because "I have a passion for teaching. It is my goal to inspire students to work hard and to push themselves, in and out of the classroom." The word that Ginna would like to leave for her fellow classmates is this: "Step out of your comfort zone and brave the unknown. Cheer on those around you as you go through these next

chapters of life. Cardinals rise by lifting others, and right now, it's your time to soar."

**Sarah Estes** has been at Turpin since Kindergarten. Sarah is most thankful for Mrs. Peters, who played a huge role in her educational journey. "She taught me not only about English, but about personal growth, too. Because of her, I know that the most important lessons I learned in high school aren't necessarily academic. She taught me to always be kind, to give a compliment every now and then, and to stay true to myself. I want to be her when I grow up!" Sarah says that she really didn't have to make sacrifices during her time at THS, but rather she made "changes that produced positive consequences", stating "I pushed myself to develop a smarter work ethic, better time management, and a more positive mindset. And in the end, [those changes] paid off greatly! Sarah has chosen to attend West Texas A&M University because of the positive atmosphere, nationally accredited music program, and affordable price. From the first visit, I knew it would be my future home. I chose to become a music teacher because I want to inspire young people—not only musically, but personally—to be the best versions of themselves." Sarah would like to leave her fellow classmates with the most valuable lesson that she learned in high school, which is "Be kind. It goes much farther than we think!"

**Aron Fraire** has been Turpinite since Pre-Kindergarten school. Aron says that he is most thankful for his parents and grandma on his educational journey. "They work hard everyday to get me where I am," he said. Like all of the other Valedictorians, Aron states that his biggest sacrifice to get to this point has been time. "I have dedicated my time to doing homework instead of having fun." Aron has chosen to attend Wichita State University to study engineering. Aron stated that, "Math and science are my best subjects and I feel like this area of study best fits me." Aron's parting message to his classmates is this: "There has been no successful person in this world that has not sweated, suffered, stressed, and cried to get where they are now."

**Gwynlyn Hannah** has been in Turpin since 4th grade, and has been a very astute and active student. Gwyn says that she is most thankful for her mom on her educational journey. "She has pushed me to continue to challenge myself and expand my knowledge with every opportunity possible. My mom has supported all of my academic aspirations," she said. Gwyn told us that she has definitely had to make sacrifices to get to where she's at, and her biggest sacrifice has been sleep. "It was the only way for me to succeed academically AND have a social life for the past several years". Gwynlyn has chosen to attend Embry-Riddle Aeronautical University in Florida because she has long dreamed of a career in AstroPhysics. "From a young age, I have enjoyed math and had a passion for outer space. In 5th grade, I asked my mom what job involves space and math; she told me about astrophysics. And I chose Embry-Riddle because when I went there and talked to professors, students, and saw their labs, I knew this school would be a career launchpad." Gwynlyn's parting message to her classmates is this: "No goal is too big. If you have a deep passion or calling to go do something, do it. Stretch it even.. "

**Riley Lehnert** is another lifelong Turpinite who started her educational journey here in Kindergarten. Riley would like to thank her mom and my dad for everything that they have done for her during her educational career. "They have supported me throughout everything, and they have always been willing to help me out whenever they can." Like other Valedictorians, Riley states that her biggest sacrifice to get to this point has been time, but for different reasons than some of the others. "Academics don't come easily to me, so I have always had to work and study hard. I have had to put in the time and effort every step of the way". Riley has chosen to attend Fort Hays State University in Hays, Kansas, stating "I fell in love with FHSU's welcoming environment and its successful nursing program. And I have chosen to pursue a nursing degree because I love helping others and giving back to my community." Riley's parting message to her classmates is a thankful one. "Here we are, ending twelfth grade with a senior sunrise, senior prom, senior skip day, and last but not least, graduation. I would just like to say thank you to the Class of 2022 for all these memories and so much more."

**Aileen Ortiz** has been a Turpinite since 8th grade. Aileen says that she is most thankful for her parents, grandma, and most importantly God for guiding her through her educational journey. Like all of the other Valedictorians, Aileen states that her biggest sacrifice to get to this point would be missing certain things or events to finish homework. Aileen has chosen to attend Seward County Community College because she has received the presidential scholarship that will cover her two years of attending. Aileen stated that, "It's helping me stay close to family before officially deciding to move away to pursue my future profession." Aileen has chosen to study Respiratory Care with plans to become a Pediatric Respiratory Therapist one day. Aileen says, "I have always seen myself and wanted my future career to help kids, and the more I looked into the profession, it would be something I could see myself enjoying and doing long-term." Aileen's parting message to her classmates is this: "As we leave Turpin high school and move on to the next chapters of our lives we will take not only what we have learned from the book and in the classrooms, but also the lessons of life that you taught us. Whatever our future holds and consists of for all of us, I genuinely hope everyone's life is filled with success and most importantly happiness."

**Macallister Jones** is another lifelong Turpin student who started her educational journey here in Kindergarten. Calli says that she is most thankful for her mom guiding her through her educational journey. When considering the sacrifices it has required to get to this point, Calli told us that she was proud to be the Salutatorian because "To get here today, I have had to put being a student first. Being a student athlete, I had to do homework on the way to basketball trips and oftentimes wake up early to do homework." After graduating, Calli will pursue a degree in Physical Therapy at Oklahoma State University in Stillwater. Calli states that, "Stillwater feels like a home away from home, and I know that I will feel very welcome there." Calli stated that she chose the program because, "I am passionate about health and fitness, and I love to help others". Her final thoughts to her classmates is, "If

there's anything high school has taught us it's that, even though life can be hard- it can also be rewarding. Even though there were moments where we couldn't wait to graduate, we are still sitting here wishing for a few more moments as a class. As Brian Ford once said, the past is in your head, the future is in your hands."

**Allison Weber** is another lifelong Turpin student who is thankful for Mrs. Peters' impact on her educational journey. "Not only did I learn a lot from her, she was a big support along the way." When considering the sacrifices it has required to get to this point, Allison told us that "At times, I had to sacrifice late nights getting things done, even though all I wanted to do was sleep." After graduating, Allison will pursue a degree in Occupational Therapy at Fort Hays State University in Hays, Kansas. "It is a welcoming community. I find joy in that and in helping others." Allison's final thoughts that she leaves are from a lesson that she carries with her and lives by; "It is never too late to change your story."

## **May Mystery Person of the Month**

By Calli Jones, Design Editor

This month is the final time for mystery person of the month. Normally, we do a staff or faculty member for the mystery, but this month, we decided to choose a senior.

This senior's favorite color is maroon. They've been at Turpin for 4 and a half years, and their favorite thing about Turpin is how small and close the school is. Their favorite teacher is Mr. Mendoza, because he always makes the classroom fun by joking around. There is always lots of laughter going on in his class. The most embarrassing moment of high school was when they first came here, and a classmate didn't like them and made them cry. Since then, things have been much better.

After school, they plan to travel a lot during the summertime, before attending college in the fall. They plan to study respiratory care in college. Turpin allowed them to grow as a person, and they have been able to watch their friends grow as well.

Their advice to underclassmen is to not stress about too much. They said, "Enjoy and experience new things with the time you have left." Congratulations to this senior, and all the rest of the seniors on their accomplishments. Unfortunately, that brings the mystery person of the month to a close. Stay tuned next year for more mysteries.

**Congratulations class of 2034!**

## The Last Word: A Senior Editorial

Ginna Buller, Editor-in-Chief

As cliche as it is to say "high school goes by quickly," it is so accurate. It seems like a few weeks ago, I was walking down the halls, admiring the upperclassmen because it seemed like they were superheroes; they could do anything. Now, here I am, a senior who definitely does not feel like a superhero. I don't feel invincible. The truth is: I am afraid.

I am afraid of leaving my classmates behind. Every single weekday, from Monday to Friday (excluding holidays of course), I have taken an 8.2 mile drive to get to school, August through May. 14 years of school beside my best friends, and all of a sudden, our drives to school are no longer the same. We will now travel all over the country, away from our homes and each other, to learn new things. While I can't even begin to describe the amount of pride that I feel for each of my classmates as they begin their next journeys, I wish I could pack them up in my suitcase as I travel to Oklahoma State University.

I am afraid of leaving behind this community. The way that Turpin bands together to support each other, in celebration or in tragedy, is unparalleled. It saddens me to think about the amazing people that I will no longer run into at the C-Store in the mornings, or at a football game as they cheer on the Cardinals. While I know that I won't ever stop being a Turpin Cardinal and that I will always be welcomed back with open arms, I will miss being surrounded by a community of people who love me and want the absolute best for me.

Lastly, I am afraid of the unknown. August 14th, I leave the farm that I have lived on for 17 years, and I will live with new people, in a new house, in a new town. I will walk into class on August 22nd, looking at faces that I have never seen, listening to the voice of a professor that I have never heard. Deep down, I know that I will love college, and I will succeed inside and outside of school. I understand that while I don't necessarily feel like a superhero, I am one.

To the underclassmen who feel the same way as I did: It's okay to be afraid. Being afraid doesn't mean that you are a coward, it means you have a choice to face your fears or run from them. Choosing to face fear means that you are brave. And that bravery to face your fears and overcome them is what makes you become a superhero for not only yourself, but for those around you.

## Then and Now...

Much of graduation week is about remembering the past, honoring the present, and looking to the future. In that spirit, we asked the Class of 2022 to recall what they wanted to be when they grew up versus what their present day aspirations are for the future. Here is what we found:

<p><b>Kyan Anguiano</b></p> <p>"MATURE PEOPLE ARE WEENIES." - BENITEZ BY BAYLEN LEVINE.</p>  <p>future welder</p>  <p>future Nascar driver</p> <p>My favorite high school memory was the bus ride home from the last baseball game. The energy from everyone on the bus was amazing.</p>	<p><b>Carlos Aquino</b></p> <p>"WHY HAVE ONE FEMALE WHEN MY CAR CAN FIT FOUR?" - UNKNOWN</p>  <p>future computer scientist</p>  <p>future NBA player</p> <p>My favorite high school memory would be eating lunch with my friends.</p>	<p><b>Lizzete Aquino</b></p> <p>"IF YOU WANT SOMETHING YOU'VE NEVER HAD, YOU MUST BE WILLING TO DO SOMETHING YOU'VE NEVER DONE." - THOMAS JEFFERSON</p>   <p>future teacher</p>  <p>future nurse</p> <p>My favorite high school memory was experiencing some of my last high school memories with my friends.</p>
<p><b>Caycee Bass</b></p> <p>"OUR DEEPEST FEAR IS NOT THAT WE ARE INADEQUATE. OUR DEEPEST FEAR IS THAT WE ARE POWERFUL BEYOND MEASURE." - MARIANNE WILLIAMSON</p>   <p>future nurse</p>  <p>future photographer</p> <p>My favorite high school memory is senior prom with my friends.</p>	<p><b>Virginia Boller</b></p> <p>"DO YOUR BEST AND MAKE EVERYONE AROUND YOU BETTER." - MY MOM</p>   <p>future English teacher</p>  <p>future author</p> <p>My favorite high school memory is laughing with all of my teammates in the locker rooms before our basketball games.</p>	<p><b>Erick Cabral</b></p> <p>"SLEEP? I DON'T KNOW ABOUT SLEEP...IT'S SUMMERTIME." "YOU AIN'T GO TO BED." "OH, SHE CAUGHT ME." - UNKNOWN</p>   <p>future WWE wrestler</p>  <p>future work force</p> <p>My favorite high school memory is when we had to make makeshift games for the little kids to play. This was for a science project in 9th grade.</p>
<p><b>Aldo Espino</b></p> <p>"AT THE END OF THE DAY, IT'S NIGHT." - JOHN QUAY</p>   <p>future doctor</p>  <p>future CDL driver.</p> <p>My favorite high school memory is basketball camp at Frontier when they had a dunk contest my freshmen year.</p>	<p><b>Sarah Estes</b></p> <p>"IT'S THE HEART THAT REALLY MATTERS IN THE END." - ROB THOMAS</p>   <p>future artist</p>  <p>future music teacher</p> <p>My favorite high school memory is going to Western Honor choir with the choir this year.</p>	<p><b>Aron Fraire</b></p> <p>"DON'T GIVE UP ON YOUR DREAMS." - JOHN WOODEN</p>   <p>future doctor</p>  <p>future engineer</p> <p>My favorite high school memory would be Isaiah Stokes performing and singing for Calli Jones.</p>

### Adam Garza

"BE SO BUSY LOVING GOD, LOVING OTHERS, AND LOVING YOURSELF THAT YOU HAVE NO TIME TO WORRY, REGRET, FEAR, OR CAUSE DRAMA." -UNKNOWN

future NBA player

future athletic trainer

### Manny Guereca-Marquez

"MAYBE NOT TODAY, MAYBE NOT TOMORROW, BUT ONLY ONE THING IS TRUE: I WILL BE CHAMPION ONE DAY. I PROMISE. I PROMISE." -BRANDON MORENO

future law enforcement worked

future police officer

My favorite high school memory is playing baseball my senior year and learning so much.

My favorite high school memory is watching movies in Mr. Mendoza's class.

### Gwyn Hannah

"DO YOU WANT A PICTURE ON MY DISPOSABLE CAMERA?" - GWYN HANNAH

future astrophysicist researcher

future math/science teacher

My favorite high school memory is when I came back to play JV basketball one more time for the beaver tournament senior year.

### Payton Harvey

"DON'T QUOTE ME." -PAYTON HARVEY

future cop

future cop in the military

My favorite high school memory is coaching powderpuff football.

### Brianna Heitschmidt
