Cardinal Nation September 2022

EDITORIALS

Cardinal Nation: We Are One

By Shelbi Moses, Editor-in-Chief

The theme chosen for the 2022-2023 school year is "Cardinal Nation." Mrs. Lehnert, Turpin's Junior High and High School principal, got her inspiration from stickers that the cheerleaders sold last year and decided to carry that idea into this year. After hearing the term, she knew that it would be perfect to use as the theme. Mrs. Lehnert states "I love that we are one nation PK-12 here at the school."

"Cheering Turpin High" During the pep rally, all of the students stood up during Turpin's fight song.

Being a part of the Cardinal Nation is an honor. When asking some of the students here at Turpin what makes them proud to be a part of it, here is what they said: Senior Brianna Behrendt, says "I am proud because we all stand together. It doesn't matter if one of us fails or if one of us wins, we all fail and win together. We lift each other in those times of failure, and we keep each other up in the times of success." Senior Bailey Boyd says "I am proud to be a part

of the Cardinal Nation because I truly believe we have the most uplifting community and school. We are all United as one. For any nation, they must stay united to stand and the divided nation will fall. We have a true sense of community and togetherness. I will always be proud to be a part of a school and community that will help anyone in a time of need and always lift each other up."

When looking at the definition of "Nation" it says "a body of people united by common descent, history, culture or language, inhabiting a particular territory." Here at Turpin, we are one. I am so appreciative to be able to be a part of such an ideal nation, the Cardinal Nation.

Make Your Mark!

By: Zaynee Ipson, Design Editor

Peter H. Reynolds once said, "Just make your mark and see where it takes you." This quote came from a book he wrote called *The Dot*. September is a month full of encouragement. Dot Day, September fifteenth, was a day that was created around the idea of this book. Our elementary school celebrates Dot Day because it teaches them a very valuable life lesson. It encourages them to make their mark; all they have to do is try. Encouragement can be a powerful thing when we choose to use it. The National Day of Encouragement is September fifteenth, and it is a perfect time to encourage others.

People can encourage others in so many ways or even interpret what the word means in so many ways. So this brings up the question: what does encouragement mean to you? When asked the question, Mrs. Peters said, "Encouragement, to me, means not giving up on people and lifting others up, especially when times get tough." Life can be very difficult and hard, so it is so important to encourage others and let them know that they are not alone and have your support. You can encourage others in various ways. You can reach out to them by text or phone call, give them an affirmation, help

Make Your Mark! The Pre-K class added their marks in celebration of Dot Day.

Escape the Ordinary! Third grade going outside of the box and expressing themselves in honor of Dot Day.

them, and more. Sometimes all people need is a little bit of encouragement and support. With encouragement, we can change the world. Peter H. Reynolds saw the importance of encouragement and how it can change the world.

Encouragement is something we can do every day. Little by little, we can slowly change this world for the better by encouraging others. It can influence others to become better, so I challenge you to encourage others and make your mark!

Make Today Count! Chalk art in front of the elementary encouraging everyone to take part in Dot Day.

Facial Hair: New School Year, New You?

By: Luis Mario Hernandez-Villa, Photo Editor

Bear the New Look.
Chopping it up with a bear just how Mr. Whiteley did with his facial hair.

Summer has come to a close, and it won't be long before cold, fall weather starts creeping up on us. With that in mind, many men all around the globe start to grow luxurious beards. World Beard Day is celebrated every first Saturday of September, and it is the perfect excuse for evolving into a more rugged look. Mr. Whiteley says, "facial hair for men is an expression of personality." A sense of fashion and character is all it takes for someone to get loud and creative with their look.

It's no secret that Mr. Whiteley takes his beard game seriously, and he is willing to share some insight with those who are indecisive about taking their look to the next level. Mr. Whiteley says that a pro of having facial hair is that his face always feels warm and cozy during cold weather. He also says that a beard can give you a nice jawline, or it can vastly improve it depending on

how you fix up those hairs along the jaw. Something that Mr. Whiteley says to keep in mind is that facial hair requires a good amount of maintenance if you want it to stay looking solid. Before a nice bushy beard, there is always a test of patience. "Be patient, don't make dramatic changes, and buy a good pair of scissors. lippers just lead to disaster. Just go slow, and when you make changes, keep things even, symmetrical, and maintained. Just give it time".

There are a variety of looks that you could use for various occasions. Do not be afraid to make drastic changes as well! Mr. Whiteley let his beard grow to 6 inches last winter and then revamped his look during the spring. "Part of the reason I didn't shave it or shorten it is that I wanted a dramatic change." He also sees a future where he says goodbye to the beard and goes for an intense horseshoe mustache!

If you take a look around our building, you will see that there are plenty of others who take their look seriously. When asked who Mr. Whiteley thinks his facial hair successor is, Mr. Whiteley praised John Epp and his Jesus Christ look! There is a lot of inspiration to take from our community alone, so don't be so reluctant to give it a shot.

Hair to the Throne.
This Macho look from senior, John Epp, gets a thumbs up from Mr. Whiteley himself.

Hoco is Here!

By: Abby Buller, Managing Editor

Each year, the Cardinal community celebrates homecoming, a time of companionship and amazing memories. The week was filled with activities, from the bonfire and the community pep rally to the dance and the parade! Each activity was an exciting lead-up to the very anticipated homecoming game, which got the student body and the community very involved!

"All roads to victory lead home" was the slogan for the road trip-themed homecoming this year, and the Cardinals did just that! In a match-up against the Ringwood Red Devils, the Cards came out on top with a final score of 68-18. Last season, Turpin lost to Ringwood, in a devastating game, with a final score of 26-28, so it was awesome to watch them take their revenge on homecoming!

Say Cheese! After coronation, the queen candidates take a picture to remember this moment forever!

In preparation for the game, head football coach Justin Hannah had some encouraging "words of wisdom" to share. "We need to just focus on one thing at a time, one game at a time," He said. "The season is a marathon, it's not a sprint. We can just steadily improve each week." Hannah has been the head football coach at Turpin since 2013, and he's led the Cardinals to so many wins over the years! The homecoming game was an exciting one filled with many memorable moments. Senior running back/defensive back Kaden Moses had some fond words to say as he recalled the game: "My favorite thing

about the game this homecoming definitely had to be the crowd. The stands were packed and it was the loudest game we have had this year. It was awesome."

This year there were four beautiful queen candidates, Alexis Cadena, Jaqueline Caballero, Shelbi Moses, and Reagan Romero. The escorts this year were Eduardo Aguilar, Drew Batt, Bailey Body, Kaden Moses, Aaron Resendiz, and the crown bearer and flower girl Adolpho Cruz and Brooke Chatham. The coronation took place right before the game, and queen candidate Reagan Romero was crowned the 2022 fall homecoming queen!

You Go Girls! Before getting back to work, Mrs. Buller and Mrs. Hutton strike a quick pose!

Road Trip to Victory! While on the float chanting, the 8th graders are throwing candy and laughing.

Each homecoming week, the Student Council selects dress-up days for the student body to intensify school spirit! This year, the dress-up days were all based on a state, which was: Monday - Colorado, Tuesday - New York, Wednesday - Florida, Thursday - Texas, and Friday - Oklahoma. You could interpret the days however you wanted, and this allowed so much uniqueness and creativity. Through a voting process in the student council, the two most spirited individuals were picked each day!

September Mystery Person of the Month

By Daniel Barr, Academics Editor

Kicking off the year and it's time for the mystery person of the month. This person loves to annoy their friends, lift weights, and joke around. They are in powerlifting and football. The school year just started, and their favorite class is computers because the teacher is nice and lets them eat in class and talk to friends.

Their favorite teacher is Mr. Whiteley because he always helps you, will talk to you if you need something, and will be there for you. Their favorite school food is either tacos or stromboli. They love to eat at Golden Corral, and they like to get steak and chicken nuggets. Their best friends are Daniel, Kaden, and Carson. They like dogs more than cats because they are easier to take care of, show more love, and don't try to scratch you.

This person won something big doing something they love. After high school, they plan on going into the workforce and becoming a marine so they can help out our country. Their favorite holiday is Thanksgiving because it's not too cold, and they can eat a lot of food and see family, but summer is their favorite season because there is no school and everything is always open.

A Blood Donor is a Life Saver!

By: Traite Sponaugle, Co. Business Manager

No thumbs down here! Giving blood and chillin, senior Kaden Moses just waiting for snacks after he is done.

While the blood drive was taking place on September 14th, Senior Kaden Moses stepped up to make his blood donation. At about noon the nurses all arrived and started setting up in the lounge and library. There were people lined up in the halls to give blood. It's amazing to see how many people are willing to help someone else. When you hear blood drive don't think of it being a little scary, but instead think of the lives you could be saving.

About one in seven people that enter a hospital need blood, and just one pint of blood can save up to three people. When a cancer patient is diagnosed they will need a blood transfusion, it is a part of going through the cancer treatment. Donating just a pint of blood could take away several symptoms and give the patients pain relief. Someone in the U.S is in need of a blood transfusion every two seconds.

Why is the blood drive so important?

Because, "It legit saves lives," said Kaden Moses. Cancer is an awful thing and when you give blood, it could be going to a cancer patient that needs it. It is nice to know we have plenty of good people in the world, and they know that they have more than enough blood to give to another life. Giving blood may not save everyone, but it will still help many people who need it. When giving blood, it not only helps the person that is in need of it, but it can also help the donor's body recover, so it is a win, win.

I am hoping that at the end of this article it will educate people about why giving blood is such a good thing to do. Doing this saves so many lives every year. When you're thinking of giving blood, don't think so much on what it feels like, think about all the good you are doing. Kaden Moses says, "I will always be a blood donor."

Saving lives! Giving a little blood to save more than one. Sophomore, Jhett Huffman giving blood with a smile.

See You at the Pole

By Shelbi Moses, Editor-in-Chief

Perfect start the day!

As the students gather around the flagpole, each one takes a turn to pray.

To start, here is a little history of how See You at the Pole came to be. See You at the Pole was inspired by the initiative of students within one youth group in Burleson, Texas, in 1990. The teenagers in this youth group felt led to go around schools at night, and pray, during their youth retreats. Now, 32 years later, this is an event that happens all across the world! This year, See You at the Pole occurred on September 26th. This is a time when the students, teachers, and community members come together in prayer. Every year since 1992, Turpin has met at the football field to worship. Senior Drew Batt has attended see you at the pole since he was four years old! He states that his favorite thing about the event is "getting to gather on school grounds and worship the Lord with my classmates." He recommends that everyone goes, because "it is a perfect start to your morning... you are starting it off by praising God!"

FAITH + SPORTS = FCA

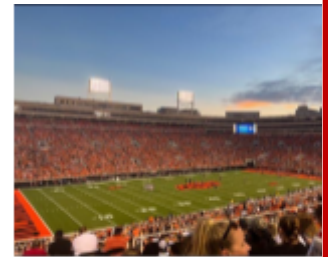

By: Savannah Chaffin, Business Manager

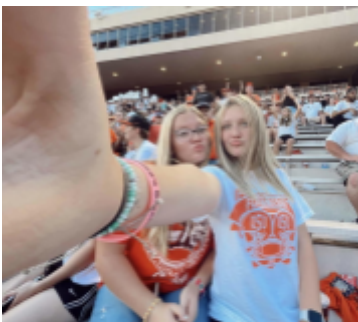

Proverbs 15:4! The Turpin FCA snaps a picture before heading into OSU's stadium.

Our fellowship of Christian Athletes is some of the most respectful, humble, and kind athletes we have. Junior Emily Estes stated, "The speaker was very inspirational to me. By sharing her story of losing her boyfriend to an accident, she reminded me to always remember that God has a plan and to never be angry at God."

Gameday is such a fun event because you learn about other students that are passionate about God and sports. Like Emily stated "My favorite part of the event was getting to be there with the other kids that went. Knowing that I am around other believers is such a good feeling." When asked about her overall experience she said "I was excited about going somewhere far away with everyone that went. It was a really good group of kids that went on the trip, and I always love school trips that let us go far away. The game went very well! OSU won the game by a lot, and it was really fun to watch. I encourage people to go to this event! It is super fun to go to the game, even if you're an OU fan."

Oklahoma's Flagship for Excellence. A beautiful overview of OSU amazing field.

Angles matter! Taking a .5 at the OSU game is junior Emily Estes and freshmen Rorie Hendrich.

She also gave some information she wanted to pass on to the other students. She stated, "What I want to pass to other people is if you have the chance to get an experience like this one, don't pass it up. Even though I am not very into football, I still had an amazing time being there." It doesn't matter if you're a believer or not; getting to spend time with friends and finding more people you thought you didn't know before is always a good experience.

There's No Time Like Fair Time!

By: Aaron Resendiz, Co Tech director

The Turpin High School football team, high school band, and the 4-H club all displayed great pride towards their community by partaking in many events going on at the Beaver County Fair. The fair took place on Saturday, September 10th, at the Beaver County Fairgrounds Rodeo Arena. The Beaver Fair takes place the second week of September every year. It's a special time of year where families and friends spend time together, eat great BBQ, and delicious homemade cinnamon rolls. Kids get to feed and pet goats provided by 4:12 Roadside Ranch, and creative people get to showcase their amazing talent! The Turpin High School band participated in the Beaver County Fair parade making a really nice addition to the events. They marched down Douglas and provided great music, along with displaying their school pride with our fight song! Right behind them was the undefeated football team, the Turpin Cardinals, riding on their float.

A Proud Tradition!
Patiently waiting for the parade to begin, the Turpin Cardinal football team poses for a quick picture before tossing candy to people along the street.

Many events were taking place at the fair; the Beaver County Rodeo Arena hosted a Timed Event, a Fireman Rodeo, and a Saddle Bronc jackpot. Several contestants entered for a chance to win a grand prize of \$1,500 that evening from each added event! Live music was playing all throughout the day while ages from young to old enjoyed playing at the bouncy house, riding the mechanical bull, and wrestling for a pig at the Pig Mud Wrestling. Don't just take my word for it. Senior, four year High school band member, Angelica Melendez says, "for me the greatest part in the fair is being in it and getting to watch everyone on the floats after the band is done! I would definitely go again. It was an amazing experience." Overall, The Turpin High School Band sounded amazing, and our Turpin boys were looking fresh like always. There was a lot of delicious food, their live music sounded fantastic, creative people showed off their talents, and the rodeo was awesome!

The Cash Wagon!
Running for the Beaver County District Judge, Abby Cash waves to the people while riding in style!

Softball is for Everyone; Fast-Pitch is for Athletes!

By: Savannah Chaffin, Business Manager

We might be birds but we can still bark! Standing on first base with Coach Beckley is junior Abby Buller after she got a hit.

This year's fastpitch softball season was the best the girls have been in a long time. The girls grew closer together, and they worked hard and gave it 100 percent throughout the season.

Coach Kinser was asked what his proudest moments were from this season, and he said, "I had a lot of proud moments this year. A couple of my favorites were the 11-inning win over Balko/Forgan. I felt like we overcame a lot of adversity to win that game. The come-from-behind win against Tyrone at home was the same reason. Then, of course, our district win. It was a great accomplishment for us". The last question Kinser was asked was what he will

miss most about our season this year, and he responded, "I will miss the team chemistry. I feel like this team got along really well, and it was just a fun atmosphere to be a part of"

The next couple of people interviewed were: seniors Brianna Behrendt, Shelbi Moses, and Reagan Romero. They were asked about what they're going to miss about our season this year. Shelbi Moses's response was, "I'm going to miss being able to play the sport with the most supportive group of girls I know. No matter what, we had each other's backs". The next question asked was; how they thought their last season at Turpin went. Reagan shared with us, "My last season at Turpin was a great experience. I had so much fun with my teammates, and it was amazing to win a district game and have a winning season". Finally, the girls were asked what they wanted to pass on to our younger players. Brianna's response was, "Play with your heart. Play every game like it could be your last. Practice hard every day, no matter the time or place. Do whatever coaches ask with all that you have. Also just enjoy the game, if you aren't having fun something is wrong."

Only the Strong Survive! The Lady Cards snap a picture before playing their last game at the Fairview tournament.

Turpin Football Takes Oklahoma by Storm

By Ryder Brungardt, Tech director

The Turpin football team went into their season from being overlooked and underrated, to being one of the most feared class B teams in the state. One of the Cardinal's biggest strengths this year is experience, with most of the Cardinal's starting lineup being seniors. Senior Jaxson Hensley also thinks one of the team's greatest strengths is "how hardworking and dedicated we are. We know when to do the right thing and how to do it.

The depth of Turpin's team this year is very unreal. The team has had many injuries this season, and also leading into the season but that hasn't stopped them. Luckily, the team has enough depth that they can put in second-team personnel and not be affected.

The Cardinals started their season with a blowout 46-0 vs Springfield. The next week they headed to Tyrone for a big win against the ranked team, 46-0. In week 3, they played Boise City and held their offense to -15 yards. A big win against Boise city, 51-6. Week 4, they played Buffalo, yet another big win for the Turpin Cardinals, 52-6. Then week 5 they had a by-week. Heading into week 6 at the end of September is the homecoming game. For this homecoming game, the Turpin Cardinals will be playing the Ringwood Red Devils.

They're Not Ready! The cardinals lineup on defense and get ready to stop the bobcats.

Pitching! The ball is getting ready to be pitched by, Junior Bryson Parker, for the touchdown.

The Cardinals have a very tough schedule after this Friday's Ringwood game but they will be ready for whatever is thrown at them.

Outplay, Outwork, Outlast!

By Alex Trejo, Activities Editor

Batter up! Waiting for the pitch, eighth grader Elizabeth Buller (#2) is ready to hit the ball against the Lady Dusters.

The Junior High Lady Cardinals had a great season. They have been working so hard because when they step out onto that field, the girls want people to know everyone means business, and they're not there to play around. The Lady Cards have been doing well with a whopping total of 13 wins and only 3 losses.

When I asked Coach Kinser about his favorite accomplishment in softball, he stated, "the biggest accomplishment would be watching the girls grow and learn

and get a better knowledge of the game." He is excited to coach them again next year. It wasn't always easy on the girls, but the Lady Cards always triumph when challenged.

Eighth-grader Madelyne Hernandez plays outfield for the Lady Cardinals, and she has been stepping up and putting in the extra work. She has been going to the field and getting as much practice as she can with her older sister. When asked what motivates her to play softball, she said, "What motivates me the most is our community because I want to be noticed when I wear my jersey, and I want all of them to know about our amazing team!" She loves playing softball because she gets to bond with all of her teammates, especially on game days, because they get hyped up and are very silly. The Lady Cards are getting better every day. The future of the Turpin Softball Program is looking very bright.

Teamwork! Coach Brad Kinser giving the game plan to the Lady Cards before they go out onto the field.

And They're Off...

By Aaron Resendiz, Co. Tech director

Run, Boy, Run! In a wide open field, here comes eighth-grader Jag Huffman(23) for the touchdown.

The JH Football team has started out the season with a record of 2-2. They started the season really well with the two wins but had a few hiccups in the last two games against Laverne and Boise City. Eighth-grader, wide receiver, Saul Alvarado stated, "A team wins by supporting, encouraging, and trusting each other. You have to focus and work your hardest in order to succeed. You can't let your team down especially when they're counting on you to help them out. Everyone on the team matters equally, and you can't win if you don't believe you can."

They're Hungry for Sacks. The Cardinals line on defense is ready to punish the Bison.

Justin Hannah, head coach, has been coaching at Turpin for ten years, and Lance Robinson is the assistant coach this year. Coach Hannah is really excited about this team, he said "I'm excited to watch these guys improve every week. That's what we try to do in practice, we try to get better, try to learn in our system, and execute our plays. So they can improve each week."

The team includes 17 players, eight being eighth-graders and nine seventh-graders. There are a lot of seventh-grader players stepping in at the bigger level and executing very well. They have three more games until their season is over, and next year the JH will be returning back a lot of players. It will be exciting to see what big things are heading their way in the future.

5/6 Football: Let's Light Them Up!

By Blake Johnson, Athletic Editor

The 5th/6th football team started the season off with a record of 1-2. The team played their first game and ended in a loss, but they were able to learn from their mistakes to become better. Coach Hannah has been making sure they put in the hard work for the upcoming games with the help of Lance Robinson and Senior, Kaden Moses.

Head coach Lance Robinson has been coaching for 16 years. His favorite thing about football is the defense. "I love to see the kids hit each other." When I asked how the practices are going, Head coach Lance Robinson said "They are going great. The

Turpin Pride. After the game, the 5th/6th football team lines up to sing the school fight song.

kids are learning a lot of techniques and the basic fundamentals for football." The reason head coach Lance Robinson wanted to be a coach was because he "wanted to help develop the passion to the football players that he had when he was playing football in high school." 6th grader, Kolt Lujan, has been playing football since he was 4. I ask Kolt Lujan what made him start playing football, and he states "I watched my Uncle Jordon play, and he inspired me to start."

Hands for Days. After making the catch, 6th grader Kolt Lujan goes to score.

The 5th/6th football has been putting the work in for their last two games. Their last two games are against Balko/Forgan and Tyrone. The team has been getting ready to go out with a bang. The team comprises four, 6th graders, and nine, 5th graders, making the team a total of 13 football players. There is a bright future for the Turpin Cardinals.

Big Man Coming Through! The Bison are struggling tackling eighth-grader Alex Alvarado(50) as he makes his way up the field trying to score.

The Faster You Run, the Quicker You Get Done!

By Abby Buller, Managing Editor

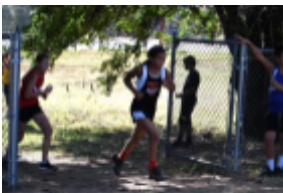

May the Course be With You! As he approaches the finish line, 5th grader Kolt Lujan kicks with all he has left.

Turpin's Cross Country season kicked off in mid-July. Lance Robinson has been the head coach since 2016. This year, the cross country team has 16 members in junior high and high school combined. They are a little over halfway done with the season. They have three more meets left for October. This year's team has already displayed lots of success, with 5th grader Kolt Lujan and 6th grader Miah Ortiz medaling at every meet, and new personal records being made. At meets, the girls and junior high boys run 2 miles, and the high school boys run 3.

This year the high school girls are not able to compete as a team because they only have four girls. Alexaa Aquino is a sophomore and has been running since 7th grade. Right now, the runners are training for the end of the season, which is where the courses start to become more challenging. Currently, the runners are trying to practice at a meet distance and working on improving their times. Alexaa's dream course is a terrain that has "a very pretty view and with a lot of shade" Her advice to anyone that wants to go out for cross country is to "just give it a try some people end up being really good with running, and being consistent with running could help you improve a lot." Alexaa is a very consistent runner and she should have great success this season.

The Race is On! After the gun goes off to start the race, senior Christian Quinones runs as fast as he can.

Make a Run for It! As she exits the fence for the first half of the race, 6th-grader Miah Ortiz starts to pick up her pace.

Cross country is a difficult sport, but Turpin's cross country team is willing to put in the work to have success. Good luck to all of the runners during the rest of the season!

Student of the Month Program & Awards

Turpin Schools recognizes September Students of the Month for their hard work and achievements. Students are nominated for this award by teachers and staff, during their achievements and hard work throughout the month of September. Student's nominated for this award are then presented to the administration for a vote. Three winners receive a certificate and a motivational pencils, Senior selected will also receive eligibility for a \$500 Bank of Beaver City scholarship to be presented to a pair of THS seniors at their graduation in May.

Senior Student of the Month is Bailey Boyd. Bailey is the son of Bryan and Johnnie Boyd. Maintaining a 4.0 GPA at Turpin High School, Bailey is involved in several organizations. Bailey is the Student Council President, the Engineering Club President, the Turpin 4-H Secretary, Beaver County 4-H Vice President, Class of 2023 President, and a Beaver County Conservation District Board Member. Bailey is also involved in Football, Basketball, Track, Baseball, Vocal, and on the FCA leadership team. One of his biggest accomplishments is making it into Western Honor Choir for the 6th year in a row.

Bailey's favorite memory so far this year has been the morning of Senior Sunrise. "It was very sentimental because it was the start of our last year. It was a moment I'll never forget," says Bailey. Bailey states that, "We can come together as a nation by staying together and we can accomplish much more than we ever could alone." Bailey also mentions that we could encourage others around us, "It shows that we care and want everyone to succeed. This is the best way to keep the Cardinal Nation united."

High School Student of the Month is Mya Ortiz. Mya is the daughter of Edgar and Liliana Ortiz. She is involved in STUCCO, Cross Country, Basketball and Track. Her favorite memory of the school year so far has been running in Hooker for a Cross Country meet. "I felt drained and tired at the end, but found out I had gotten a PR for this season which was very exciting," says Mya. Mya's biggest accomplishment is getting 4th at state for the 4X4 and receiving the Fighting Hard award for Cross Country. Mya suggests that a way we can come together as a Cardinal Nation is by, "Staying together by cheering each other on and showing up to games to support one another." Mya also states, "Being a Turpin Cardinal is a lot better than I expected. We are very encouraging all together as a school and community. It's really hard to be able to find a place like that."

Junior High Student of the Month is Zayland Ipson. Zayland is daughter to TJ and Josie Ipson. Zayland is the 8th grade Class Representative, involved in the Creative Writing Club, play's basketball, and runs track. Her favorite memory so far of the school year is homecoming because, "It's really fun to see everyone dress up, have fun and work together as class on floats," say's Zayland. A way Zayland thinks that we can come together as a Cardinal Nation is by, "Lifting each other up in and out of school and by showing up to events to help support the school and the community."
