Dear Memorial Parents and Guardians,

The Memorial Staff sends best wishes to you and your family. We have almost reached the end of the 2020-2021 school year. Your support is greatly appreciated as we work together to support your child during this unprecedented time in our world. Before we reach the finish line, we have an important task to complete. The federal government has mandated that all students take the Illinois Assessment of Readiness (IAR) and the Illinois Science Assessments (ISA). Below is the assessment schedule noting the dates and times your child is scheduled to be at Memorial to take the IAR. Please make sure that your child is on time for both drop-off and pick-up. Students will not be allowed to enter for testing once the assessments have begun. ***For students to attend testing sessions at Memorial, students must be in compliance with all state regulations for physicals, immunizations, dental, and vision exams. Please contact Nurse Berry at Memorial if you need to check your child’s health compliance status. All appropriate safety precautions such as social distancing, wearing a face mask over the nose and mouth, and completing daily temperature checks/health certifications must be followed by students attending testing sessions.***
