RFP for School Year 2021-2022

Winona Secondary School's Needs List for Contractual Professional Development:

- Work with teachers on how to efficiently look for data patterns in Case 21 and ELS Benchmarks and classroom assessments to find strengths and weaknesses in standards previously taught to children.
- Work with teachers on how to use Case 21 and ELS instructional grouping reports to create differentiated lesson plans from data patterns.
- Model differentiated lessons
- Provide guidance to teachers as they create blended lessons and virtual lessons in Google Classroom for whole groups and differentiated groups with an emphasis on student engagement and power standards
- Provide guidance to teachers on how to effectively handle difficult behavior in students who are unengaged, have been impacted by stressful situations related to the Covid-19 situation, and are lacking skill sets needed for the grade level in which they have been placed

Due to how Covid-19 changed education regarding the use of technology and virtual teaching/learning techniques, it is important that the professional development sessions provided to the teachers of Winona Secondary center around how to create quality lessons in a blended learning classroom.
