MAY 2021

COUNSELOR CORNER

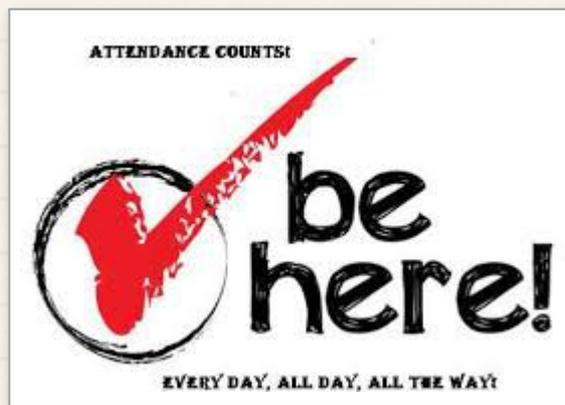

Happy May! One thing I've been reflecting on recently is that we are often being told how to improve, do better, and to keep pushing through. I know that in this newsletter, I contribute to that mentality by sharing tips, strategies and lessons as well. While it is admirable for us all to continue to learn and grow, it is also so valuable for us to be content and satisfied in the moment with what we have accomplished and how far we have come. This month, my hope is for you to pause, know that you are doing well and try to rest in that belief from time to time. Praise yourself for the victories, no matter how small they might seem. You have done great things- own that and let yourself feel good about it.
