It's hard to believe that it's time for the 2023-2024 school year to begin! I'm very excited to be your new principal and look forward to working with you all, this year. Sanford Schools has always prided themselves on having the best student body around. I feel blessed to be a part of this great school district and can testify that we do have an outstanding student body. Most of you know me but for those of you that are new, let me tell you a little about myself. My name is Mandy Mortensen. I've lived in Manassa, Co my entire life. I'm married to Douglas Mortensen and have 5 children and 11 grandchildren. In my free time, I love to spend my time outside. I love to go to the mountains, read, and spend time with my family. This will be my 25th year in education. My professional goals for this year are to work closely with students to help them feel valued and part of the school, emphasize our educational rigor and lastly, make learning fun! I have an open-door policy and expect each of you to come in with any concern! I look forward to working together.

CHANGES TO HANDBOOK

It is the intent of this handbook to inform students about major expectations. Not every situation can be anticipated and will be addressed as they occur. Information contained herein may be adapted or altered by the administration on an as-needed basis. From time to time, policies and regulations that appear in the Student Handbook will be changed, added, or deleted. However, because this Handbook will not be reprinted after every such modification, it will not contain new policies and regulations that may be adopted over the life of this document, nor will it necessarily contain the most current version of any one policy or regulation. Therefore, in an attempt to keep students, parents/guardians, staff, and others apprised of significant policy and regulation changes through the District website, school newsletters, or other appropriate means. Notwithstanding, differences that may from time to time exist between the current version of a policy or regulation and the version that appears in this handbook, the current version of the district policy shall apply to students and their conduct.

NOTIFICATION: THE FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

The Family Educational Rights and Privacy Act ("FERPA") affords parents and students 18 years and older ("eligible students") certain rights with respect to the student's education records. These rights are:

- 1) The right to inspect and review the student's education records within three (3) working days after the day the district receives a request for access.

Parents or eligible students should submit to the school principal, or designee, a written request that identifies the record(s) they wish to inspect. The principal or designee will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

- 2) The right to request the amendment of student's education records that the parent or eligible student believes are inaccurate or misleading, or otherwise in violation of the student's privacy rights under FERPA.

Parents or eligible students who wish to ask the school to amend a record should write to the school principal (or appropriate school official), clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

- 3) The right to privacy of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the school has contracted as its agent to provide a service instead of using its own employees or officials (such as attorneys, auditors, bus drivers, athletic trainers, medical consultants, or therapists); a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks, and state agencies conducting research (such as the Colorado Department of Public Health and Environment).

A school official has a legitimate educational interest if the official needs to review an education record to fulfill his or her professional responsibility.

- Under FERPA, the school district may disclose directory information without the written consent of the parent/ guardian or eligible student. The Sanford School District considers directory information which may be released to include the student's name; date and place of birth; major field of study; grade level; assigned class; participation in officially recognized activities and sports; weight and height of members of athletic teams; dates of attendance; degrees and awards received; the most recent and previous education agency or institution attended by the student; the annual yearbook; a playbill showing a student's role in a drama production; and the student's name in the graduation program. Telephone numbers and addresses of current students will not be disclosed pursuant to Colorado law.
 - The parent/guardian or eligible student has the right to refuse to permit the designation of any or all of the categories of information provided if such refusal is received in writing in the office of the principal of the school where the student is in attendance no later than September 7 or the following Monday if September 7 is a Saturday or Sunday.
 - Upon request, the school district discloses education records without prior written consent to officials of another school district or school in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for the purpose of the student's enrollment or transfer, as is allowed under exceptions to FERPA protection.
- 4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the district to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

The Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Ave. SW, Washington, DC 20202-4605.

NOTIFICATION: THE PROTECTION OF PUPIL RIGHTS AMENDMENT

The PPRA affords parents and students who are 18 or emancipated minors (“eligible students”) certain rights regarding our conduct of surveys, collection and use of information for marketing purposes, and certain physical exams. These include the right to:

- Consent before students are required to submit to a survey that concerns one or more of the following protected areas (“protected information survey”) if the survey is funded in whole or in part by a program of the U.S. Department of Education:
 1. Political affiliations or beliefs of the student or student’s parent;
 2. Mental or psychological problems of the student or student’s family;
 3. Sex behavior or attitudes;
 4. Illegal, anti-social, self-incriminating, or demeaning behavior;
 5. Critical appraisals of others with whom respondents have close family relationships;
 6. Legally recognized privileged relationships, such as with lawyers, doctors, or ministers;
 7. Religious practices, affiliations, or beliefs of the student or parents; or
 8. Income, other than as required by law to determine program eligibility.
- Receive notice and an opportunity to opt a student out of:
 1. Any other protected information survey, regardless of funding;
 2. Any non-emergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of a student, except for hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under State law; and
 3. Activities involving collection, disclosure, or use of personal information obtained from students for marketing or to sell or otherwise distribute the information to others.
- Inspect, upon request and before administration or use:
 1. Protected information surveys of students;
 2. Instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; and
 3. Instructional material used as part of the educational curriculum.

These rights transfer from the parent/guardian to a student who is 18 years old or an emancipated minor.

Sanford School District has developed and adopted policies, in consultation with parents, regarding these rights, as well as arrangements to protect student privacy in the administration of protected surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. The School District will directly notify parents and eligible students of these policies at least annually at the start of each school year and after any substantive changes.

REFERRAL OF STUDENTS WITH SPECIAL EDUCATIONAL DISABILITIES

It is our intent to identify, evaluate, and successfully educate all eligible children with disabilities in our district. Box 39, Sanford, CO, 81151.

SCHOOL PUBLISHING

The Sanford School District's web site provides an opportunity for us to post publicly accessible information to the world about our school. General information such as calendars, news, special events, student activities and staff contact information is often published along with student work, including photographs, images, writings, videos, club activities, theater productions, etc.

As you are aware, there are potential dangers associated with the posting of personally identifiable information on the web because public access to the Internet does not allow us to control who may see such information. Unless notified of your desire to not allow student photographs, images, writings, videos, activities, etc. to be posted, Sanford High School will:

1. Only use a first name alongside student writings, artwork, or student photos/videos.
2. Never post last names or last initials on our web site.
3. Never post residential addresses, email addresses, or phone numbers.
4. Never post information covered under the FERPA.

It is a violation of board policy for any student or staff member to harass or engage in hazing any student, staff member, or other person in a physically or emotionally harmful manner while on school grounds or at school-sponsored events. Hazing, which involves any forced activity that recklessly or knowingly endangers the emotional or physical health or safety of another person, is considered a form of intimidation and harassment prohibited by this policy.

ASSEMBLIES (File JICDA)

Students are expected to attend scheduled assemblies, listen to guest speakers, participate in the activities, exhibit appropriate behavior at all times, and stay in their designated area until dismissed. Assemblies or community events that are student initiated must be approved by an administrator.

ATTENDANCE (File JEA, JH, JHB, JJJ-R)

Colorado statutes and district policies continue to stress the importance of parent/guardian involvement and responsibility in ensuring their student's educational development. The Colorado Compulsory Attendance Law was created to make sure that students from the age of six to seventeen attend school. Recent changes to this law include steps to identify and monitor student attendance that is the result of chronic absenteeism or habitual truancy. These steps include, but are not limited to, attendance plans, referrals to community support agencies, and/or referrals to the court system. Furthermore, it is the responsibility of the parent/guardian to call the school each time a student is absent from school..

We believe that attendance is an essential component of student achievement and the District works hard to make sure that attendance is accurately recorded, monitored, and reviewed for every student. The school has a goal to reach 95 percent attendance for all students.

Absences are Excused for Any Student Who:

- Is temporarily ill (4 per semester without verification)
- Is absent for an extended period due to a mental, physical, or emotional disability
- Has been removed from school for a disciplinary action
- Religious Observance
- Pre-approved absences (administrative approval)
- Bereavement (immediate family members)
- Court appearance
- Medical appointments
- Special cases of an emergency nature at the discretion of the principal

Unexcused Absences

An unexcused absence is defined as an absence that is not covered by one of the foregoing exceptions. Continued unexcused absences and/or repeated tardiness may be considered cause for disciplinary action. In accordance with law, the district may impose penalties that relate directly to classes missed while unexcused.

Consequences for Unexcused Absences

1. Students who have an unexcused absence will be awarded a maximum of 70% of the points allocated for the day's assignments.
2. Any student who accumulates ten (10) or more unexcused absences in any course throughout the academic year may receive no credit (NC) in that course. There will be no make-up hours.
3. ***If an athlete is unable to attend every period of school during the day he/she will not participate in practice or a scheduled contest for that day unless one of the following exceptions applies:***
 - 3.1. A death in the family, appearance in court, or a verified medical appointment.***
 - 3.2. Prior approval from the Athletic Director.***

When a student misses any part of a school day, and the school is not notified an advance of the absence, a student becomes truant*. Students who are "skipping" school regularly, or who are absent from school for reasons that do not meet the statutory criteria above, are considered truant from school. Habitually truant students are those students who miss more than four days of school in a month, or ten days of school in one year. Habitually truant students will be placed on an Attendance Plan.

*The building principal will determine if a "ditch day" has occurred and medical excuses will be required of students who are absent. Students who participate in "ditch days" will receive no credit for that day's assignments, will lose their ability to participate in class trips, and will be assigned Friday school. No student may participate in extracurricular activities until all disciplinary action has been completed.

Reporting Student Absences

1. Medical/Court Appointments
 - a. Upon returning, students must sign in at the attendance office with verification from the doctor's office.
2. Calling in Sick
 - a. When calling in sick, please give the student's name, your name, contact number, and reason for absence. Parents may excuse up to 4 temporary illness days per semester without verification.
3. Tardy
 - a. Students must sign in when coming late to school. Students who arrive more than 20 minutes late for class, will be considered as an unexcused absence.

If a student is unable to attend school, the parent(s)/guardian(s) should call the school at 274-5167. Disciplinary action may be taken against the student if the school is not notified. Any documentation excusing or exempting any attendance related problems must be submitted to the Attendance Office within two (2) business days after the return of the student to school. After this period of time no documentation will be accepted. Parents are encouraged to monitor their student's attendance by downloading and accessing ALMA.

Students are responsible for contacting their teachers immediately upon return to school to collect work missed during their absence. Students are strongly encouraged to use Google Classroom and teachers' email to obtain assignments when absent. Students with excused absences have one day for every day absent plus one day to complete make up work for full credit. The deadline may be extended by mutual agreement between the student and teacher. Any work not handed in within the one day make-up window is subject to a reduction in grade, per the policies of the school or any member of the school's teaching staff.

UNEXCUSED TARDIES

Punctuality is essential to promoting a learning environment that is free from classroom interruptions. Students are expected to arrive at school and all classes on time. A tardy will be recorded for each student who arrives after the official start time for each class period. Students are required to monitor transition time between classes. The following tardy policy will be implemented to avoid classroom disruptions, maximize student learning, and to instill the basic principles of responsibility and common courtesy.

A tardy is defined as arrival to class after the tardy bell rings. Students must be in their seats when the tardy bell rings.

Teachers may give classroom consequences for tardies, which should include natural consequences. Teachers will outline their consequences in their syllabus.

Students who reach the following cumulative number of tardies in a quarter will receive the following **administrative consequence** in addition to the teacher's consequence:

Administrative Consequences

# Tardy	Consequences
5	Parent Notification and Detention
10	Parent Meeting with School Attendance Team, Contract for Tardies, Detention, and Loss of off campus lunch privileges.
15	Administrative Meeting, Activity Restriction, Detention

Each student who attends school is expected to obey District rules while on school grounds, or in school buildings, while in school or district vehicles, during school-sponsored activities, field trips, and sporting events. The Colorado Revised Statutes and district policies make it clear that behavior which takes place off of school grounds may properly be the subject of suspension or expulsion where the behavior is detrimental to the safety and welfare of other students or school personnel. Not all off-campus behavior will have adverse effects at school, but behavior which does will subject a student to potential discipline, including suspension and expulsion. COLLEGE ENTRANCE

If your plans for the future include college, you should keep in mind the following factors which will influence your acceptance to college:

- Your high school grade point average, class rank, and SAT scores serve as one of the best predictors of academic success in college. Grades earned in 9th, 10th, 11th, and 12th grades will be used in determining your grade point average.
- The quality of courses you take is extremely important to college admissions officers. Therefore, you should select a variety of rigorous courses.
- Scores received on admission tests such as the ACT or SAT are among the most important factors in consideration for college admission. These tests are taken during your junior and/or senior year of high school.
- In addition to the above, your personal recommendation, as submitted by teachers, counselors, and/or administrators will be of importance in your admission to college.
- Participation in activities such as student government, clubs, volunteer/community organizations, and athletics is another consideration of college admissions officers. ***The critical point is not how many activities you have joined, but rather how fully you participated and carried out your responsibilities with those selected activities.*** Participation, while important, is surpassed by the depth of your contribution to the organization, the school, and the community.

COMPUTER NETWORK/INTERNET (File JS)

Students are responsible for appropriate behavior on school computer networks just as they are in any other aspect of school life. Inappropriate use of the internet will result in discipline. The network is provided as a privilege to students to conduct research, complete classroom tasks, and communicate with others. Students are responsible for their behavior and their communications over the network.

Final interpretation belongs solely to the superintendent. Any student deemed in violation of the dress code shall be required to change into appropriate clothing or make arrangements to have appropriate clothing brought to school immediately. In this case there shall be no further penalty. Students who are not able to correct the violation immediately will remain in ISD until the problem is corrected.

The dress code will be enforced on field trips, sports events, or other school sponsored activities. This includes travel in school district buses, vans or cars. The principal/designee, in connection with the sponsor, coach, or other person in charge of an extracurricular activity, may regulate the dress and grooming of students who participate in the activity if the principal/designee reasonably believes that the student's dress or grooming violate the dress code.

If the student cannot promptly obtain appropriate clothing, on the first offense, the student shall be given a written warning and an administrator shall notify the student's parents/guardians. On the second offense, the student shall remain in the administrative office for the day and do schoolwork and a conference with parents/guardians shall be held. On the third offense, the student may be subject to suspension or other disciplinary action as outlined in the school discipline code.

DRUG SCREENING (File JJIB-E, JJIB-R)

The Sanford School District will be conducting random drug testing for all students participating in extracurricular activities. No student may participate in an extracurricular activity until a Consent to Test form is properly executed and on file in the principal's office. Our purpose is three-fold:

1. To provide for the health and safety of all students.
2. To undermine the effects of peer pressure by providing a legitimate reason for students to refuse to use illegal drugs.
3. To encourage students who do use drugs to participate in a drug treatment program.

Each student wishing to participate in any extracurricular program and the student's custodial parent or guardian shall consent in writing to this drug testing. This written consent will be attached to the parental consent form that all participants must have prior to any participation. No student shall be allowed to participate in any extracurricular program without such consent. Random testing will be conducted throughout the school year. Selection for random testing will be by lottery drawing from a "pool" of all students participating in extracurricular programs at the time of the drawing. The school administration will take all reasonable steps to assure the integrity, confidentiality and random nature of the selection process, including assuring that the person drawing names has no way of knowingly choosing or failing to choose particular students for the testing and that the identity of students drawn for testing is not known to those involved in the selection process which will be monitored by at least two adults. A student may also be referred for testing by the athletic department or a recommendation of a coach or sponsor if there is reasonable suspicion of a violation.

Refusal

Student refusal of testing will result in immediate removal from extracurricular activities until the student complies with the screening program.

PRESCRIPTION MEDICATION

Students who are taking prescription medication may provide a copy of the prescription or a doctor's verification in a sealed envelope to school personnel at the time the sample is collected. That envelope will be forwarded, unopened, to the testing lab with the sample, with the instructions for the lab to consider the student's use of such medication to assure the accuracy of the results.

NON-PUNITIVE NATURE OF POLICY

No student shall be penalized academically for testing positive for illegal drugs. The result of drug tests pursuant to this policy will not be documented in any student's academic records. Information regarding the results of the drug test will not be disclosed to criminal or juvenile authorities unless subpoenaed by the legal process. In the event of the service of any such subpoena, the student and the student's custodial parent or legal guardian will be notified at least 72 hours before response is made by the district.

PROCEDURES IN THE EVENT OF A POSITIVE RESULT

Whenever a test result indicates the presence of illegal drugs, the following will occur:

1. Upon testing positive for the first time, a custodial parent or legal guardian will be notified, and the student will be suspended from participation in the next event in which the student would normally participate if that sport or activity has 10 or fewer games or events, suspended from participation in the next two events if that sport or activity has 11 or more games or events, and will not be allowed to travel with the team or activity during the suspension. The suspension will carry over to the eligible student's subsequent extracurricular activity season if the offense occurs at the end of the activity/season or between activities/seasons. The student will continue to attend practices during the period of the suspension. Unexcused absences from practice during the period of suspension shall result in automatic removal from the sport/activity for the remainder of the season. The student shall submit to a follow-up test within three weeks, and must test negative in order to continue participation in extracurricular activities. The student shall actively participate in six weeks of substance abuse counseling provided by the District. Failure to participate in and complete substance abuse counseling shall result in the student's automatic removal from the sport/activity.
2. Upon testing positive a second time, a custodial parent or legal guardian will be notified, and the eligible student shall be suspended from participation in the extracurricular activity for the remainder of the activity/season, or suspension from participation from the next activity/season if at the end or between sports/activities. The eligible student must test negative in order to resume extracurricular activities following the suspension. In addition, the eligible student shall show proof of participation in a minimum of five (5) substance abuse counseling sessions with a certified addiction counselor of the family's choice. The cost of such counseling shall be the responsibility of the eligible student and his or her parents.
3. Upon testing positive a third time, a custodial parent or legal guardian will be notified, and the eligible student shall be suspended from participation in extracurricular activities for the remainder of the school year, or, if the offense occurs at the end of the school year, for the first semester of the following academic year. In addition, the eligible student shall show proof of participation in a minimum of ten (10) substance abuse counseling sessions with a certified addiction counselor of the family's choice. The cost of such counseling shall be the responsibility of the eligible student and his or her parent/guardian.
4. Upon testing positive a fourth time, a custodial parent or legal guardian will be notified, and the eligible student shall be suspended from participation in extracurricular activities for the remainder of his or her time as a student in the District.

ELECTRONIC DEVICES (File JK, JK-R)

Cell phones, smart watches, radios, MP3 players, I-Pods, headphones, and other such devices must be used in accordance with building policies. **Use of these devices at any time during the school day (excluding lunch) is prohibited.**

All such items should be turned completely off and kept out of sight. Cell phone usage is not allowed unless an emergency situation, as defined by the school staff, exists. Students who demonstrate inappropriate uses of electronic devices are subject to disciplinary action, as well as confiscation of any device that is deemed disruptive to the learning environment.

Furthermore, students may not employ the photographic, video, or audio recording or reproduction of any student or staff person without the prior consent of the student or staff person, or under the supervision of a teacher or administrator. The use of cameras, camera phones, or video recorders is strictly forbidden in private areas such as locker rooms, dressing areas, or restrooms at any time. This applies at all times while on school property or at school events.

EXTRACURRICULAR ELIGIBILITY (File JK, JK-R, JJJ, JJIB, JJIB-R)

Involvement is the key to your academic success at Sanford. As a Sanford student you are encouraged to get involved in the numerous clubs and activities that are available for you to pursue your interests, talents, and passions. Research indicates that students who feel a connection to their school and who get involved in extracurricular activities will be more successful academically as well as socially.

Our clubs and activities promote leadership opportunities, school and community service opportunities, and the ability to make new friendships with peers and adults. Skills, knowledge and traits are developed through involvement in clubs that will enhance students' potential for success throughout their four years of high school and beyond. In addition, college and university admission requirements look for individuals who have developed talents, service skills, and leadership through involvement in extracurricular clubs and activities.

However, extracurricular activities are a privilege and students who participate in them must follow all applicable laws, District policies, and school-based behavior guidelines. District policy continues to make the denial or forfeiture of extracurricular activities and participation in school sponsored events a possible consequence for inappropriate behavior. Any student who commits a discipline infraction may lose the privilege to participate in school-sponsored events or extracurricular activities. Furthermore, any student who has had disciplinary action taken against them will forfeit their ability to participate in extracurricular or school-sponsored activities until the disciplinary action and consequences are satisfied.

Student participation in athletic activities is contingent upon written permission from parents/guardians, physical examination, and personal insurance. Sanford is a member of the Southern Peaks League (SPL) and the Colorado High School Activities Association (CHSAA). CHSAA regulations regarding eligibility at Sanford High School are as follows:

- One F will result in the student being declared ineligible (weekly eligibility).
- During the period of participation, the student must be enrolled in courses which offer, in aggregate, a minimum of 2.5 Carnegie units of credit per semester and must not be failing more than the equivalent of one-half Carnegie unit of credit.
- Students must be in attendance for the entire school day in order to participate in any school-sponsored activity that is conducted on that day. No student may participate in a practice or contest with an unexcused absence in any period. In cases of emergency, the Athletic Director may grant an exception to this limitation.

OVERNIGHT TRAVEL

Overnight travel trips are sanctioned events sponsored by Sanford High School. It is the expectation of SHS that students abide by the behavioral expectations as outlined in the Sanford Student Handbook, which can be found at www.sanfordschools.org . In addition to the consequences outlined in the handbook the following actions will be taken for violating the expectations described below.

1. Students are required to remain in their rooms from curfew until the time in the morning determined by the teacher/sponsor/coach. Violating curfew will result in the loss of participation in the trip/activity and/or the student being returned home at the parent's expense.
2. Students found to be under the influence or in possession of drugs or alcohol during the course of the trip will be excluded from the remaining trip activities and may be returned home at the parent's expense.

Students violating the above expectations will forfeit their privilege of attending overnight activities for the remainder of the school year.

HALLWAY POLICIES

The hallways in the academic area need to be quiet and orderly during class hours to enhance the learning environment. Students are to use hallways as pathways and not a destination.

1. Students' behavior and language are to be acceptable and compatible with the desired learning environment.
2. Students must have a hall pass while in the hallways during instructional time.
3. Romantic and physical demonstrations of affection such as kissing, hugging, etc. are not acceptable hallway behaviors.
4. Sitting or standing in the hallways in a way that blocks traffic flow will not be tolerated.

HOMEcoming BALLOTS

All seniors are to be placed on the ballot. The top four boys and top four girls will be considered as homecoming royalty with the top boy and girl being named King and Queen respectively. Students in grades 9-12 are to be instructed to select one boy and one girl on the ballot.

INTERQUEST DETECTION K-9

Sanford School District has an agreement with Interquest Detection Canines to provide trained detection canines to conduct random unannounced contraband inspection of all campus locations in the district. The canines are trained to detect the presence of illicit drugs, prescription and over the counter medication, alcoholic beverages, and gunpowder based items. **All property on school grounds is subject to inspection including privately owned vehicles. If detected and found, the district will initiate appropriate disciplinary action.**

JH PROMOTION REQUIREMENTS

Recently high school graduation requirements became more rigorous. As a result, we have increased the academic focus at the middle level to better support these new changes at the high school. It is our desire to help focus students at an earlier age regarding the importance of academic excellence. We now have a credit system in place in which students must meet credit requirements or complete an alternate mechanism to be promoted to the next grade. The following SJH promotion policy outlines the requirements for students to be promoted to the next grade level.

Decisions regarding promotion or retention will be made taking into consideration input from all stakeholders. The overriding factor in decision making will be what is best for the student's academic success. Special needs students on Individual Education Plans will be placed in accordance with the IEP.

Credits

- A total of 7 credits can be earned each school year. To qualify for promotion to the next grade, students must earn a total of 6 credits.
- Students will not be allowed to lose a full year of credit in one core area (i.e., a student would not be able to fail a full year of math) and automatically move on to the next grade level. SJH students that fail both semesters in the following areas will have to make up at least 1 credit in each failed area: math, English, science, and social studies. Alternatives to recover lost credits are listed below.
- Students not meeting (or in jeopardy of not meeting) credit requirements will be given an opportunity to recover credits or complete an alternate mechanism in order to be eligible for promotion to the next grade level. It is the responsibility of the SJH student and their parents to seek credit recovery for failed classes in

order to be promoted to the next grade level. The following are potential options for recovering lost credits: SJH summer school (1 credit each summer), online courses (students and parents are responsible to pay the applicable fees).

- Attendance is a factor. SJH students must have no more than 4 unexcused absences in any given class in order to earn the credit in that class (semester). Students that are absent (unexcused) 5 or more days in a class will receive "No Credit" in that class (credit is lost on the 5th unexcused absence in a semester).

This Student Intervention Team (SIT) is composed of the student, the student's teachers, counselor, principal, and the parent(s)/guardian(s). The SIT reviews student educational progress quarterly, and makes decisions regarding placement, promotion, and interventions for students. The SIT may also be convened to consider extenuating circumstances surrounding the student's failure to be promoted to the next grade level. In the event a parent/guardian is unable to attend an SIT meeting, a summary of the meeting shall be provided to them.

LOCKERS

Lockers at Sanford Junior/Senior High School are the property of Sanford School District and are made available for student use during the school year. This student privilege carries an additional responsibility of keeping the locker clean and maintained. SHS cannot assume any responsibility for lost or stolen items; students bring valuable items to school at their own risk. SHS reserves the right to search lockers as necessary for the safety of the student body and the enforcement of school rules. Fines will be assessed for any damage and/or cleaning fees to the lockers.

PARKING

Students wishing to park on campus for the school year must have a parking permit. Parking permits are available in the front office. Each vehicle parked on Sanford School District property must have a parking permit visibly displayed. Driving a car or motorcycle to school is a privilege that may be revoked if the student fails to operate his/her vehicle safely and in accordance with state law and school rules.

The parking lots are off limits to students during school hours with the exception of lunch. Additionally, students are expected to abide by the following:

1. The privilege of parking on school property is extended in exchange for granting consent to the school administration to search the vehicle without warning when the administration has reason to believe that the general welfare or safety of students is threatened by items contained in the vehicle. In order to park a vehicle on school property, consent must be given to seize items that are dangerous, illegal, or potentially dangerous in order to maintain the common good.
2. Loitering in the parking lots or socializing in vehicles during school hours is not permitted.
3. SHS has the right to search a vehicle parked on school property. Students are responsible for the contents of their vehicle.
4. Although a student may obtain a permit to park on school property, the school is not responsible for loss or damage that may occur in the school parking lot. The permit only allows the student to park on campus.
5. Students' vehicles must be parked between the white lines on the parking lots.
6. Speeding, careless, reckless driving, playing loud music or other traffic violations may result in immediate loss of driving/parking privileges. These violators may also be referred to legal authorities.
7. Parking permits remain the property of Sanford School District and are not transferable.
8. Parking permits must be returned upon checking out or withdrawing from Sanford High School.
9. Parking permits may be revoked for academic or disciplinary reasons.

The number of permits issued will be limited to the number of parking spaces available. Upperclassman will be afforded priority.

Bullying, hazing, intimidation, and harassment of any kind will not be tolerated regardless of how they are communicated. Programs throughout the District are designed to help educate students, staff, and parents/guardians on: bullying behaviors in school; providing strategies for addressing bullying behaviors; and implementing administrative procedures for the reporting and disciplining associated with such behaviors. Any student who commits an act of bullying or harassment, is subject to disciplinary action.

- Students should report unsafe behavior immediately to school staff, online through safe2tell, or by calling 1-877-542-SAFE *.

This person will listen to you and get help for your problem. Safe2tell is modeled after the Student Crime Stoppers program. It allows students, parents, teachers, or anyone else to call a toll-free Colorado statewide hotline with information about a crime that has already happened, or one they fear may happen.

VIDEO SURVEILLANCE

All students, parents and staff are advised that as a public school facility, students, staff, parents and building visitors do not have a right to expect privacy in connection with their actions and activities while in, on or about the school facilities. In an effort to increase school district security, provide greater safety for students, staff and building visitors, and to reduce vandalism and theft, many areas of the high school campus, both internal and external, shall be subject to observations and monitoring by video cameras. The tapes of such observations shall be available for use by the school district and its administrative staff, if necessary to enforce the law and the provisions of school district policy. Any questions should be addressed directly to the building administration. Tapes will be reviewed and evidence of student misconduct will be documented. Students found to be in violation of the district's conduct rules will be notified, and disciplinary action will be initiated under the Board adopted rules and Student Conduct and Discipline Codes.

TOBACCO/VAPE (File ADC)

To promote the general health, welfare, and well-being of students and staff, smoking, chewing, vaping, or any other use of any tobacco product by staff, students, and members of the public is prohibited on school property.
