

WEEKLY WARRIOR

Calamus-Wheatland School District

Warrior Pride Community Clean Up Day

The Calamus-Wheatland students would like to honor our communities by hosting a clean up day!! If you, a neighbor, or a business would benefit from some extra help with Spring Cleanup, please fill out this form. We are hosting the Warrior Pride Community Clean Up Day on May 14 from 1:00-3:00. Examples of things our students could help with: cleaning out leaves, picking up sticks, spreading mulch, planting flowers, cleaning windows, painting, hauling, garage cleanup, etc. For more information, please see the form or call either office. <https://forms.gle/pjZLjsMFpsq9LWvCA>

Playground

We realize children will be playing on the school playground after school hours, especially during baseball and softball games, so we are asking parents to talk to their children about following playground rules and respecting the equipment out there. We have had swings tied together, cones thrown on top of equipment, and kids hanging from the basketball hoops. We have a nice, new playground and we love that the kids can play there, but please remind them to be respectful of the equipment. Thank you for your cooperation!!

Lunch Accounts

Please make sure your lunch accounts are up to date. We have 12 days of school left, so if you have a negative balance, please get it taken care of before the end of the school year! Thank you!!

After School Plans

If your child has a change to their normal after school plans, PLEASE send a note, call the office, or email Amy @ aboeckmann@cal-wheat.net. If we don't hear from you, we will send them to their normal place. Thank you for your help!!

Summer Discovery Camps

Registration is open for Summer Discovery Day Camps! Clinton County 4-H is excited to offer TWO summer day camps in Wheatland this summer. These camps will be for Kindergarten-3rd grade students. June 3 youth will learn about states of matter with "Fizz, Bubble, Goo" and June 17 youth will learn about basic coding concepts through games, robots and block-based coding. More information: <https://www.extension.iastate.edu/clinton/content/2021-programming>
