

Arcohe Union School District
Telecommunications Network Resources and Usage
Student Acceptable Use Agreement

The Arcohe Union School District has provided students with access to a telecommunications network and to the vast resources that are available through the Internet. These resources are to be used only in conjunction with teacher-directed classroom study.

Below are guidelines that identify your responsibilities as a user of these resources. If any user violates these provisions, his/her access will be **cancelled** and all future access may be denied.

A. ACCEPTABLE USE:

The purpose of providing access to the Internet is to support classroom instruction and educational research. The use of the Internet must be in support of classroom directed activities and consistent with the adopted curriculum and educational objectives of the Arcohe Union School District.

Transmission of or access to materials that are in violation of federal or state laws is prohibited. This includes, but is not limited to: copyrighted materials, threatening or obscene material, or material restricted through passwords or other user access codes. Use for commercial or personal advertising and political lobbying is also prohibited.

B. PRIVILEGES:

The access to resources contained on the Internet is a **PRIVILEGE**, not a right, and inappropriate use will result in the cancellation of those privileges. The site administrator will determine when a student has violated these provisions based upon recommendation from the instructor. Renewal of the **PRIVILEGE** is the option of the site administrator.

C. AGREEMENT:

I understand that when I am using the Internet or any other telecommunications environment for academic purposes as provided by the Arcohe Union School District, I must adhere to the rules of courtesy, etiquette, and all laws regarding access and use of the communications network.

I understand that by breaking the rules, my privilege to access the Internet and the use of the communication network will be removed.

I as a parent/guardian am aware and understand that although Arcohe Union School District will make every effort to insure my child is supervised while using the Internet, there may be brief periods of time when my child is using the Internet without immediate, adult supervision. My child will assume full responsibility for his/her Internet usage during these times, and I will not hold Arcohe Union School District responsible and/or liable for his/her Internet activities.
