# Jonathan Law

- Hardened vestibule installed**
- Replace gutter system on front vestibule**
- Resurfaced old gym floor**
- New roof on 1991 addition**
- Replaced RTU for new gym and new gym lobby**
- Baseball, softball and soccer fields turf renovations**
- Removed underground oil tank**
- Replaced gas piping servicing the cafeteria RTUs**
- Replace stair treads to the lower locker**
- Replace the front of stage and stairs**

A photograph of Jonathan Law High School. The building features a prominent gabled roof with brown metal panels. Below the roofline, a light-colored concrete or stone band contains the school's name in black, bold, sans-serif capital letters. The main facade is constructed of light-colored stone blocks, with a lower section of red brick. Large, multi-paned windows with white frames are visible. A blue sign with a white wheelchair icon and the text "PASSENGER LOADING ZONE" is mounted on a metal post to the right of the entrance. The foreground shows a paved parking lot with white lines and a red brick crosswalk. The sky is clear and blue.
