

PARENT INVOLVEMENT PLAN

It is the policy of the Cedarville School to foster and support active parental involvement. We recognize that a child's education is a responsibility shared by the family and school. In an effort to educate all students effectively, the parents and school must work as knowledgeable partners. Since parents are diverse in culture, language, and needs, they are an integral component of a school's ability to provide for the educational success of their children. The position of the Cedarville School is to support a parental involvement program that will:

1. Involve parents of students of all grade levels in a variety of roles;
2. Be comprehensive and coordinated in all schools;
3. Recognize that communication between home and school be regular, two way, and meaningful;
4. Promote and support responsible parenting;
5. Acknowledge that parents play an integral role in assisting student learning;
6. Welcome parents in the school and seek parental support and assistance;
7. Recognize that a parent is a full partner in the decisions that affect his/her child and family;
8. Recognize that community resources strengthen school programs, family practices, and student learning;
9. Support the development, implementation, and regular evaluation of the program to involve parents in the decisions and practices of the school district.
