Dear Parents/Guardians:

This letter is to inform you that we will be having our annual 5<sup>th</sup> grade state required maturation presentations this year. However it will be a little different. Since we are unable to combine cohorts for the presentation we will be making it available on the district website for you and your student to view together. The video on the district website can be found under parent resources. After clicking on parent resources go to health information and the video is under puberty materials. This video is approximately 26 minutes long and is presented by P&G school programs Always Changing and Growing Up. If you have any questions please contact myself Shannon Hoffman RN or the health aid Cindy Fry.

Thank you,

Shannon Hoffman RN
