May 17, 2021

Good Morning Mustang Nation!

We are pleased to be hosting a COVID-19 vaccine clinic for our students aged 12+ who wish to receive the vaccine. Like our partners, Northern Light Health, we believe the vaccine should be available to all and we encourage participation. The vaccine provided will be Pfizer.

The 1st vaccine will be administered on Friday, May 21, 2021 as follows:

7:45 am-10:10 am for MHS students 10:30 am - 1:30 pm for MMS students

The 2nd dose will be given on June 11, 2021.

To secure a vaccine for your child, please email Northern Light Health at HCHCovid@northernlight.org .

IMPORTANT: Your email to Northern Light Health must include:

"*Massabesic Schools*" in the subject line, and the *number of individuals* to be vaccinated.

They will send you an electronic consent form that includes screening questions and a copy of the Pfizer information sheet (a fact sheet on the vaccine for you to review). You (parent/guardian only) will need to complete this form and return electronically. *If the registration form is incomplete/not returned, your child will not be vaccinated.*

Your registration email must be received by Northern Light Health by 8 am on Thursday, May 20th.
Your completed registration form must be completed and returned no later than 2 pm on Thursday, May 20th.

If you have insurance please complete that section (although the vaccine is free, there are administration fees that insurance covers). As with flu vaccine, Northern Light will not turn away those without insurance.

If you are unable to complete an online form for any reason, please contact your School Nurse for a paper form:

MMS School Nurse: jenniferdorr@rsu57.org -or- MHS School Nurse nancysobanik@rsu57.org

You may also visit our website, http://bit.ly/RSU57COVID-19VaccineInfo for links to the form and information sheets which are available in multiple languages.

We welcome the opportunity to provide this service to you and your family.
