

Kindergarten Registration ABC Phonics Letter

Dear Kindergarten Families,

We are pleased to have your child registered for kindergarten. Our kindergarten children will learn to play and socialize with each other. Our reading process will engage children in active, authentic experiences as they learn letters, sounds, and words. They will sing, sign, read, write, and draw every day.

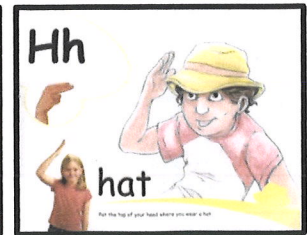

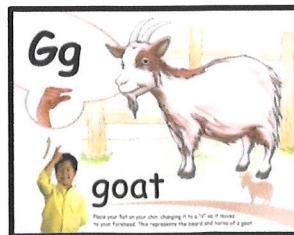

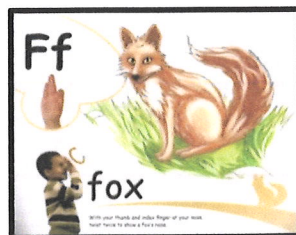

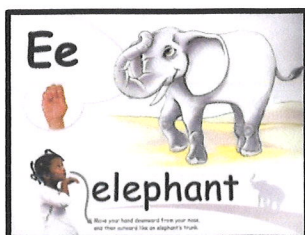

Children who have learned some or all of their letters and sounds feel more confident and successful when they enter kindergarten. The easiest and most joyful way we know to learn letters and sounds is by singing, signing, and fingerspelling with the *Sing, Sign, Spell, and Read!* program. Join us by watching the free instructional videos that accompany this program at www.nellieedge.com on the ABC Phonics tab. Or you can search *ABC Phonics: Sing, Sign, and Read!* produced by Sign2Me on YouTube. Make this a fun family activity! We are giving you the accompanying **ABC Phonics Family Reference Chart**, which you may want to hang on the refrigerator.

Please sing, sign, and fingerspell daily over the summer to help your child learn the letters and sounds. Your child will soon be spotting letters everywhere: on stop signs, building signs, cereal boxes, and in books! Please also encourage accurate fingerspelling.

Additional ABC Phonics activities that will build success for kindergartners include reading (and rereading!) favorite books; playing with magnetic letters on the refrigerator; learning the letters in your family's names; and drawing and copying words. (See attached article: *Fun Family Activities that Build a Love of Learning*)

Have a great summer singing, talking, reading, writing, and playing with your child every day.

Smiles!
