- **Athletics Expectations:**

- Daily strength training is a **prerequisite** for competing for the Wynnewood Savages. Athletes with an unexcused absence from strength training may have their playing time reduced in the next contest. Please do not have your child checked out of school in order to miss strength training. Strength Training is the foundation of our athletic success.
- Zero Hour weights will be available for those athletes that need it for strength training.
- It is the expectation of the athletic department that each athlete **competes** in each season.
- “Off-season” is not an option, coaches want athletes in shape when the season starts and the lack of coaches available to be in off-season.

- **Coach and Parent Expectations:**

- The parental network and coaches must work together and share responsibilities in order to have a successful athletic program.
- Primary job of a parent it to support your student/athlete and support the athletic programs.
- Don’t undermine what a coach is teaching, it will only confuse the athlete.
- Your words are very powerful and your kids are listening...please don’t undermining a coach.
- Protocol when conflict or issues occur:
 - High School athletes will initiate the first meeting with the coach.
 - Junior High athlete parents *can* initiate first meeting with the coach.
 - If after the first meeting there is no resolution, then the Athletic Director will be contacted and included to the situation.
 - If after the second meeting there is no resolution, then the Superintendent will be contacted and included to the situation.
 - Parents and coaches will not meet and discuss playing time.
 - We ask that upset or disgruntled parents not address or speak to a coach after a contest. The parent can request a meeting with the coach after the proper steps of the chain of command are followed.
