## **Parent-Taught Driver Ed for Oklahoma Teens and New Drivers**

Looking to apply for your learner's permit or first license in Oklahoma? Years ago, the only way to get a license was to take a driver education course in a classroom. Now all you have to do is log on to a computer or mobile device and you can complete your course online. Oklahoma Parent-Taught Driver Education is DPS-approved to meet your permit or license requirement conveniently and affordably!

And to make sure you pass your permit exam the first time, we offer a Permit Prep Course that covers Oklahoma road rules, road signs and some of the trickiest test questions. You'll receive a helpful refresher before your test and some expert tips from a former driver's license examiner!

### **Top Reasons to Take Driver Ed Online**

Taking classes via the web costs less than a traditional driver education. You do not have to sit in a classroom for hours, and you have the flexibility of learning at your own pace. This can all be done in the comfort of your own home. Plus, you can access the course material 24/7 and get the results of your final exam and can download your certificate immediately.
