

## MARSING JOINT SCHOOL DISTRICT

Owyhee & Canyon County  
P. O. Box 340  
209 8<sup>th</sup> Avenue West  
Marsing, Idaho 83639  
Phone 1-208-649-5411 Fax 1-208-896-4790

### OUR VISION

To provide effective schools that have the following characteristics:

Commitment to learning as the number one priority

Strong community involvement

Strong instructional leadership

High expectations for students and staff

Commitment to mastery of all basic skills by all Students

Clear and focused school mission

Positive school climate

Consistency among staff in the treatment of students

Frequent and careful monitoring of student progress

### OUR MISSION

To educate all students to lead productive, satisfying and responsible lives now and in the future.

Parents seeking Open Enrollment for SY 21-22 at Marsing Middle and/or High School will be put on a waiting list until numbers and class sizes can be determined. A student is considered an Open Enrolled Student when the legal guardian does not physically live within the district boundaries. All parents enrolling students need to provide proof of residency, birth certificates, and shot records at registration.

For an out-of-district student to be placed on the waiting list, individuals need to meet the following criteria:

#### Criteria to be placed on the waiting list:

1. Your student requires no special services/accommodations (Special Ed, ELD, 504).
2. No previous behavior, academic, or attendance concerns at previous school (high school students must be on track to graduate in four years)
3. Required forms are provided (birth certificate, shot records, proof of residence)
4. Consideration may be given to parents with multiple students coming into the district or older siblings already in the district.
5. We can verify that we have room within the grade level(s) once all in district students are placed.
6. Students that have attended this year as an "open enrolled" student are considered "grandfathered" in and will be placed in classes for next year. These students are not placed on a waiting list.

We are hopeful that all students can be accepted in grades 6-12 during SY 21-22; however, we can not guarantee placement until all district students are placed first. We encourage parents that are placed on the waiting list to explore other school options in order to ensure that your child is enrolled in school at the start of next year. Notification to families on the waiting list will be done as soon as possible, but it **may** not occur until after the first week of school, or until numbers are finalized.

If approved as an open enrolled student, whether it is a new or returning student, the parents must agree and sign the Open Enrollment Agreement by the start of the school year. The contract is a 90-day probationary period, where attendance, academics, and behavior expectations will be upheld to continue enrollment for the remainder of the school year.

Please contact the Sr/Jr High school office with any questions or to start the process. 208-649-5411

Thank you

**WE MEASURE OUR SUCCESS ONE STUDENT AT A TIME**
