

HMS Afternoon Pick-up Plan beginning Thursday, May 20, 2021

This essentially will work just the way that drop off does in the morning.

- The front of the school is for **busses only**. Bus riders will be dismissed first.

- Cars enter the school in one lane and continue driving around the back of the school for pick up in **one lane** to the pick up spot.

- **Stay to the left** until your student is in the car.

- After the student is in the car, you may carefully drive around the parked cars and exit the parking lot.

- **Pull forward as you are able.**

- Students will be waiting on the grassy area to the left. They **will not** be crossing in front of parked cars or walking beyond cones to meet up with parents.
