Project **CHILD FIND** is a free referral service and public awareness campaign to assist in the screening and identification of unserved/underserved youth with a delay or disability from birth through twenty-one years of age. The screening process will involve a brief assessment of your child's development and an opportunity for you to discuss your concerns with the screening team.

## WHAT CAN WE DO TO HELP?

If your school-age child has difficulty with understanding or using language, spoken or written, which makes it difficult to listen, think, speak, read, write, spell, or to do mathematical calculations, you may want to consult with the Child Study Team to discuss your child's needs.

Information about **CHILD FIND referrals** may be obtained by calling the Collingswood Public School District's Child Study Team during school hours at 856-962-5702, extension 6513. All calls received are confidential.
