

Park County School District #6

LIBRARIES

INFORMATION

Book Check Out

Students check out 1-5 books at a time, depending on grade level. Most students check out from the library once a week.

Weekly Emails

Each week, parents will receive an email from library@park6.org which lists what book(s) your child has currently checked out. We are always willing to work with families to help children check out books that are appropriate to them.

Read With Your Family

We always encourage you to read with and discuss books and stories with your children. Discussing this as a family keeps you informed and shows your children that reading is important!

Library Classes

During our Library Classes, we teach information skills such as how to choose "just right" books, database usage, and how to use the Internet for research. We also cover digital citizenship, digital literacy, copyright and other ethical use of information topics, as described in the AASL National School Library Standards for Learners, School Librarians, and School Libraries.
