² Materiality is determined upon the incurrence of each distinct Financial Obligation, taking into account all relevant facts and circumstances. A Financial Obligation is considered to be incurred when it is enforceable against the District. Listed Event Notices for Financial Obligations (e.g. under 15 and 16 above) should generally include a description of the material terms of the Financial Obligation, including: (i) date of the incurrence, (ii) principal amount, (iii) maturity and amortization; (iv) interest rate(s), if fixed, or method of computation, if variable, (v) other appropriate terms, based on the circumstances. In addition to a summary of material terms, the District may alternatively, or in addition, submit related materials, such as transaction documents (which may require some redaction), terms sheets prepared in connection with the Financial Obligation, or continuing covenant agreements or financial covenant reports.
