- The curriculum is all digital- which has been great with this year and having to be online
- <https://characterstrong.com/>
- Very discussion based and relational
- Helps students be successful no matter what their 5th year plan is
- Each lesson follows the same format- very teacher friendly
- Public viewing will be June 1-15 from 8:30-4:30 in the district office. June 10th there will be an evening session from 5-7 in the district office.

All in favor of recommending this curriculum to the school board for adoption.
