Re: 2021 Summer Asbestos Abatement work at:

**Rockdale School District #84
Asbestos Abatement Response Action Services – July 2021
Rockdale School – Gymnasium Area Glove-Bag Project
715 Meadow Avenue, Rockdale, Illinois 60436**

**Notification to All Employees including Custodial Staff,
Administrative Staff and General Public**

Rockdale School District #84 is having asbestos containing materials removed from Rockdale School located at 715 Meadow Avenue, Rockdale, Illinois 60436. This work will occur between the approximate dates of July 2, 2021 and July 10, 2021. A copy of this "Notification Letter" will be given to/posted for view for building occupants by The District in accordance with 77 Illinois Administrative Code 855.

Asbestos containing materials will be removed by M&O Environmental Company (M&O) of East Hazel Crest, Illinois, an Illinois Department of Public Health (IDPH) licensed asbestos abatement contractor. The project will be supervised by a licensed Asbestos Project Manager/Air Sampling Professional who will be on site during all asbestos abatement contractor activities. This Project Manager is employed by an independent environmental consulting firm, Forensic Analytical Consulting Services, Inc. (FACS) of Downers Grove, Illinois.

Sincerely yours,
