Dear Parents/Guardians:

This letter is to inform you that the walk zones have been extended in a few areas for the upcoming 2021-2022 school year.

The Administration and Board worked with the Eatontown Police Department to be able to reexamine the walk zones that were established many years ago. With the district undergoing the process of rebidding the bus routes, a study of the walk zones occurred and there have been modifications. It is important to note that State law requires transportation for elementary school and middle school students who are 2 miles or more from the school they attend.

The following changes have occurred:

Woodmere School's walk zone extended to include the following additional streets:

Scheri Lane  
1<sup>st</sup> Street  
2<sup>nd</sup> Street  
3<sup>rd</sup> Street

Meadowbrook School's walk zone extended to include the following additional streets:

Sunnybrook Apts-124 Wyckoff Road  
Brookwood Drive  
Malibu Drive  
Carmel Way  
Almeda Ct  
Marin Way

Conifer Crest Way
