4.01. Discussion and Possible Action Regarding Salary Range Changes

Dr. Rutan explained that an increase to the base of certified teacher salaries teacher is recommended for the amount of \$3,510. It was noted that the Salary Schedule is still in draft schedule, but the amount added to the base is a solid figure for the 2006-07 school year. This will make the starting salary for a first year teacher, \$30,219 which is very competitive for the Yuma County area.

Mr. Heredia thanked staff for their diligence and serious commitment to the changes in salary and hopes the Legislation will help in the near future.

Mr. Heredia entertained a Motion to accept the range changes as presented

MOTION: Mrs. Camacho moved to improve each certified teacher's salary base by \$3,510 for 06-07 school yea, Mrs. Yepez seconded, Motion carried

4.02. Discussion and Possible Action Contract with Las Estrellas Development, L.L.C.

Dr. Rutan and Mr. Cabrera worked for months with Hall Construction on the proposed Las Estrellas Development. There are close to 700 homes that will be built across from Tierra Del Sol Elementary. After concise from the attorneys for the District, the City, and Hall Development, the ten acre site that Hall Development will provide funds to put in landscaping and playground equipment for the District. The five acres will be for the school site and the other five for park that will be titled to the City, so the District will not have liability issues. The land is also being donated and the State Facilities Board will give funds to bid the school.

Mr. Heredia entertained a Motion to approve recommendation as presented.

MOTION: Mrs. Camacho so moved, Mrs. Yepez seconded, Motion carried. Mr. Heredia thanked everyone for their hard work and noted the rare occurrence of three attorneys agreeing with little or not objection.

4.03. Discussion and Possible Action Regarding 2006-07 Employee Salary and Benefit Package

Dr. Rutan said that due to efforts of the Meet and Confer Team, it was agreed upon that the \$3,510 to the base will also include the 3% increase for the 2006-07 school year. This Motion would propose the 3% increase for all employees. The Second Motion would be to approve \$1,000 return bonus paid to all returning certified staff, which will be paid in September. The Third Motion is to agree that the benefit package increase from \$10,000 to \$50,000 per employee for Life Insurance.

MOTION: Mrs. Camacho so moved, Mrs. Yepez seconded, Motion carried.

4.04. Discussion and Possible Action Regarding 2005-06 Administrator's Performance Pay

Dr. Rutan explained that no item was drafted for presentation to the Board. He added that the Administrative Team will have their presentation prepared for the May 11 meeting. Administrators have to meet three out of six indicators and show documentation as to whether they are eligible or not for the performance bonus.

Mr. Heredia added that it's important that Administrators show staff retention, student performance meeting or exceeding state standards. He added the having a climate survey completed by staff is important to improve.

Not action was taken on this item.

4.05. Discussion and Possible Action Regarding 2006-07 New Positions

Dr. Rutan and Ms. Witmer met with administrators regarding staffing needs for next year. Somerton Middle School requested three positions, Orange Grove had no staffing requests, Desert Sonora asked for two teaching positions because they have projected 28 students per class, and Tierra Del Sol asked for two positions as the incoming fifth grade will be high. If funds are available, they may get both positions. Valle Del Encanto does not need additional teaching staff, but their library position was vacated. They would like a certified person to combine library and computer lab.

Mr. Cabrera's duties involved with construction take away from his Family Literacy/Adult Education role. Dr. Rutan proposed a Family Literacy Head Teacher position that would take care of immediate supervisory duties and Mr. Cabrera would oversee the program. Mr. Cabrera will have an office in the District Office, in order to carry out his duties properly.

The Technology Department is also short handed and we're hoping to have funding for additional staff in that area. The Dean of Student Middle School position was a pilot program for the past three years, Mrs. Bobbitt explained that restructuring in that area would make that person a classroom teacher.

Mr. Heredia entertained a Motion to accept proposed staffing as presented, consider funding for one Tierra Del Sol Certified staff and to add the Head Teacher position as described.

MOTION: Mrs. Camacho so moved, Mrs. Yepez seconded, Motion carried.

4.07. Discussion and Possible Action to Lock-in GMP Prices on Metal Building for Transportation and Administration Buildings

Dr. Rutan explained that rising construction costs eliminated the possibility of constructing a new Administrative Building. He proposed to complete the Transportation Facility as specified from the beginning plan. The existing District Office would be expanded south in to the current parking lot or the old O. L. Carlisle Cafeteria could be renovated. It will take a couple months before a feasibility report can be submitted, but the District would like approval of the Board to begin.

Mr. Heredia noted that 2002 bond was approved and was only 30% of funds needed. He added that we are committed by law to that amount or it has to be returned. He added that it is a good solution and glad to know services will be provided on the main campus.

Mr. Heredia entertained a Motion to accept the Transportation facility to begin construction to c completion and for staff to begin assessing feasibility and possible renovation of existing buildings with structural engineering assessments being made.

MOTION: Mrs. Camacho so moved, Mrs. Yepez seconded, Motion carried.
