May 27, 2021

Dear Parents and Guardians:

Earlier this spring, the New York State Education Department (NYSED) announced that students passing Regents classes with a grade of 65 or higher would receive an exemption for the Regents exam. Since students must still pass five Regents for a high school diploma, the exemption would earn the student graduation credit. Students failing a Regents class would not earn an exemption.

NYSED also announced that it would only administer the Regents exam in English, Language Arts, Algebra 1, Living environment and Earth Science. **District and Building Administration have decided that students failing English Language Arts, Algebra 1, Living Environment and Earth Science must take the corresponding Regents Exam in an effort to raise their final grade and earn graduation credit.**

Attached is a calendar indicating the Regents exam days and final days of the school year. Lawrence High School teachers and guidance counselors will determine which students are in danger of failing for the year and need to sit for the Regents exam. Students and parents will be notified in writing shortly.

If any questions arise, please feel free to contact a member of the administrative team or your child's guidance counselor.

Thank you for your support of our students and our school.

Sincerely,

Jennifer Lagnado-Papp, Ed.D.
