

2021 Summer School Program - Session 2

Welcome to the 2021 Summer School Program at Coolidge Elementary School! We are excited to begin this year's program and look forward to the engaging learning activities for all students. All summer school classes are free of charge this year. Students who attend Summer School will participate in various Reading and Math activities as well as STEM, PE, and Social Emotional Learning. In order to ensure students are successful, we ask that students are dropped off and picked up in a prompt manner. Students that are not picked up within fifteen minutes of Summer School ending will be disenrolled from the program after the second time. A few expectations of attending Summer School are:

1. Be Prompt and prepared to work
2. Be Respectful of the teacher and other students
3. Work hard and give your best effort
