

Gallatin County Junior High Student Handbook 2023-2024

GRADES 5th-8th

MISSION STATEMENT

Gallatin County Unit District #7 is committed to providing an environment, which fosters those elements necessary to maximize the potential of all our children. The focus is the acquisition of the essential skills needed to function in a society that will require our students to compete academically, to interact successfully on an interpersonal level and to remain self-directed, problem solving, lifelong learners who will positively impact their world.

Students and Parents:

Welcome to another school year! We trust that you have had a great summer and are ready for a good year. This handbook has been put together in an effort to help our students and parents have a better understanding of what to expect, and what is expected of students of Gallatin County Junior High and High School.

We are happy to provide several ways to stay connected with school and district information. There is a Gallatin County School app for smartphone users. It can be found in your App Store/Google Play Store. Our school website is a valuable resource. The web site address is www.gallatincusd7.com. You may visit the site throughout the year for current school and district information. TeacherEase is our new online portal system, where you can register your student, view their schedules, daily grades, along with pay any fees and you will find a link to it on our website. You can keep up with daily announcements and current school happenings by following our school Facebook page. As always, you can call the office for any information.

We have to consider federal, state, local and board law (policies) when putting a handbook of this type together. We have also sought the input of current students, former students, directors, teachers, administrators, support staff, state legal representatives, and concerned patrons in the process of assembling this material. If you have any questions, please contact us at school. Thank you.

DISCLAIMER

Gallatin County Schools are not responsible for any lost or stolen items while they are at school. Anything of value brought to school by a student should be kept with the student or securely locked in their locker. If an item does not belong at school and the student decides to carry it with them instead of securing it in their locker, they do so at the risk of having the item confiscated.

PHILOSOPHY

The Board of Education and the school staff recognize that instruction is the most important single activity of the school. The primary function of all other departments of the school is to support the instructional program and to maintain a quality program of education for the school system.

It is the desire of the board and the administration that the school have highly qualified personnel for all positions at our school. Employees are expected to devote themselves to the education and welfare of the students, to fulfill their job descriptions to the best of their abilities, and to implement within the scope of their positions, the district policies.

The Board of Education and the school staff accept the responsibility for generating and understanding of American freedom and for the preservation of these freedoms through the development of informed and responsible citizens.

Each teacher in the Gallatin County School should strive to maintain a classroom in which pupils are comfortable, and in which each student is learning.

We believe that the most important teaching starts in the home and at a very early age. The home and school must work together to provide the very best possible for the student as he/she grows. Students usually feel that education, work ethic, responsibility, respect, following rules and guidelines, and being sensitive to the needs of others are important if their parents do. Each student is regarded as being a unique individual and is important to the staff at Gallatin County Schools.

Educators as well as students should be made aware of and be respectful to each individual in his or her daily life and develop a sincere appreciation for the different ethnic, economic, religious and social backgrounds of groups and nations.

The dignity of individuals should be protected with proper consideration for their personal feelings, which may be associated with race, color, creed, and intellectual characteristics. The recognition by the pupil and the teacher of their responsibilities to each other in this connection might well establish a mutual respect, which should stimulate a sound basis for developing high morale and for carrying out school procedures.

Education cannot proceed effectively without good, consistent discipline. Good discipline is best thought of as being positive, not negative, of helping a student to adjust, rather than punishment. Discipline is training to act in accordance with rules to obtain certain goals.

Gallatin County Unit #7 feels it is the responsibility of the school to help the student maintain and further develop his or her self-discipline so that the exercise of individual rights does not infringe upon the rights of others.

To enjoy the benefits of school citizenship, rules and guidelines for student behavior in Gallatin County Schools have been established and adopted to insure standards of conduct which will promote knowledge and learning as mandated by the Gallatin County Unit #7 School Board and the Illinois School Code.

We take pride in the fact that our policies were developed and have been modified periodically by committees of parents, community, and staff members. It continues to be our goal for students to develop "self discipline so that the exercise of individual rights does not infringe upon the rights of others". It is expected that the staff will apply the discipline policies evenhandedly and that they will modify the application of discipline (including handicapped students) in accordance with federal and state laws as well as current court decisions.

Do not leave students before 7:30 a.m. as the doors will be locked.

ALCOHOL ABUSE

The consumption, possession, or distribution of alcoholic beverages is not permitted on school buses, in school buildings, or on all other school property. This policy extends to all school sponsored and related activities. Students shall not be permitted to attend school when they are under the influence of alcohol. Students who are under such influence shall be treated in the same manner as though they had alcohol in their possession. If a student is found to be under the influence of, using, possessing, or distributing alcoholic beverages in violation of this policy, the student may be suspended and/or expelled according to the District's discipline policy.

ATHLETIC HANDBOOK

All athletic rules and regulations are outlined in the athletic handbook.

ATHLETIC/ACTIVITY PARTICIPATION FEE

Students will be charged a \$52 (max of \$104 per family) athletic/activity participation fee for sports & Scholar Bowl participation. The fee revenue will help fund the school's activity programs.

- The participation fee will be levied only when team rosters have been set after tryouts.
- The participation fee is charged per student/athlete, per year.
- The participation fee does not guarantee playing time.
- The participation fee does not guarantee a full complement of contests.
- Families with two or more siblings participating in the district sports will be charged \$52 per participant, up to a family limit of \$104 per school year.
- Refunds of participation fees will not be given if a student/athlete quits a team, is removed from a team, withdraws from the school, or is injured during a practice and/or contest and cannot play. Refunds in other circumstances beyond district control will be decided on a case-by-case basis.
- *Exception: A student athlete who pays the participation fee in a sport that is cancelled prior to the first contest will receive a refund.*

Outlining the waiver criteria:

- Students who have been approved for free/reduced price meals are eligible to receive a waiver of participation fees. Other extenuating circumstances may also apply.

Waiver process:

- Parents will need to complete the application for waiver of athletic/activity participation fee and return it to the school principal.
- A separate application for waiver must be filled out for each student/athlete for whom a waiver is requested.

CONSUMABLE/INSTRUCTIONAL MATERIAL FEE

A consumable/instructional material fee of \$37 per student (max of \$74 per family). Students who qualify for free/reduced lunches may have this fee waived. The waiver must be signed by a parent or guardian and on file in the office within ten (10) days of the first semester. Individuals who are issued books must pay for books that are lost, stolen or damaged; therefore, every student should care for his/her books. When available, students will be given a used book price for the replacement of their lost or damaged book.

FINES, FEES, & CHARGES: WAIVER OF STUDENT FEES

The school establishes fees and charges to fund certain school activities. Some students may be unable to pay these fees. Students will not be denied educational services or academic credit due to the inability of their parent or guardian to pay fees or certain charges. Students whose parent or guardian is unable to afford student fees may receive a fee waiver. A fee waiver does not exempt a student from charges for lost and damaged books, locks, materials, supplies, and/or equipment.

Applications for fee waivers may be submitted by a parent or guardian of a student who has been assessed a fee. As student is eligible for a fee waiver if at least one of the following prerequisites is met:

1. The student currently lives in a household that meets the free lunch or breakfast eligibility guidelines established by the federal government pursuant to the National School Lunch Act; or
2. The student or the student's family is currently receiving aid under Article IV of the Illinois Public Aid Code (Aid to Families of Dependent Children).
- 3 The student's parent is a veteran or active-duty military personnel with income at or below 200% of the federal poverty line.

The building administration will give additional consideration where one or more of the following factors are present:

- An illness in the family;
- Unusual expenses such as fire, flood, storm damage, etc.;
- Unemployment;
- Emergency situations; or
- When one or more of the parents/guardians are involved in a work stoppage.

The building principal will notify the parent/guardian promptly as to whether the fee waiver request has been granted or denied. Questions regarding the fee waiver application process should be addressed to the building principal.

Waiver for School Fees:

A child who is “directly certified “or “categorically eligible” (i.e., is homeless, migrant or runaway) would automatically receive school fee waivers subject to the federal verification limitations. Proof of income will determine school fee waiver eligibility. A School Fee Waiver Application is included in the appendix of this handbook. The School Fee Waiver Application must include a copy of verified proof of yearly family income and be submitted to the child’s office secretary by Friday, August 25th, 2023.

BULLYING

No student should be subject in school to bullying, aggression and violence. Accordingly, aggressive student behavior including student bullying in all forms is prohibited.

When an incident of bullying is reported, the following steps will be taken by school personnel in order to understand and rectify the disruptive aggressive behavior:

1. A prompt, thorough investigation of the alleged bullying incident
2. Provide appropriate consequences and remedial action to aggressor
3. Protect the victim against retaliation for reporting the incident.

Aggressive behavior is defined as assertive words and/or actions intended to threaten, injure, harass, provoke or incite another person, or as hostile words and/or actions toward the property of another. Bullying is defined as student behavior which hurts, frightens, threatens, or tyrannizes students who are either physically or psychologically smaller or weaker than the person engaging in bullying. Examples of bullying may include, but are not limited to:

Physical Bullying: may include punching, shoving, poking, hair-pulling, or other similar behaviors. Verbal Bullying: may include name calling, teasing, gossip, humiliation, intimidation, or other similar behaviors.

The administration is directed to provide District school and parents education materials designed to assist in preventing bullying and to minimize the risk of being bullied. Students who engage in acts of bullying may be subject to discipline in accordance with the Board's general student behavior policy. Such discipline may include verbal or written reprimand, in-school suspension; change of placement and/or out of school suspension, expulsion, or involvement of local law enforcement at the administration's discretion.

Students who are victims of bullying may also be referred for counseling or other supportive services from school or community agencies. In addition, school personnel shall monitor and identify students who exhibit behaviors that indicate a tendency toward aggressive behavior, including bullying. Upon receipt of the referral, we shall monitor the student, review any non-school, community-based interventions for the student and consider necessary school based interventions including, but not limited to, referral for an evaluation to determine special education eligibility. If the student is currently a student with a disability, the student's IEP or Section 504 team may, when appropriate, assume the functions of the building's student support team.

*State law (105 ILCS5/10-20.14) requires a school district to notify the parent or guardian of a child who uses aggressive behavior, including bullying, at school. Law Enforcement Hate Crimes Prevention Act 9LEHCPA): An incident motivated by the actual or perceived race, color, religion, national origin, immigration status, gender, sexual orientation, or disability of the victim.

Prevention of and Response to Bullying, Intimidation, and Harassment

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important district and school goals.

Bullying on the basis of actual or perceived race, color, national origin, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic is **prohibited** in each of the following situations:

1. During any school-sponsored education program or activity.
2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
4. Through the transmission of information from a computer that is accessed at a non-school-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school.

Bullying includes cyber-bullying and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student's or students' person or property;
2. Causing a substantially detrimental effect on the student's or students' physical or mental health;
3. Substantially interfering with the student's or students' academic performance; or
4. Substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Cyberbullying means bullying through the use of technology or any electronic communication, including without limitation any transfer of signs, signals, writing, images, sounds, data, or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic system, photo-electronic system, or photo-optical system, including without limitation electronic mail, Internet communications, instant messages, or facsimile communications. Cyberbullying includes the creation of a webpage or weblog in which the creator assumes the identity of another person or the knowing impersonation of another person as the author of posted content or messages if the creation or impersonation creates any of the effects enumerated in the definition of bullying. Cyberbullying also includes the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons if the distribution or posting creates any of the effects enumerated in the definition of bullying.

Examples of prohibited conduct include name-calling, using derogatory slurs, stalking, sexual violence, causing psychological harm, threatening or causing physical harm, threatened or actual destruction of property, or wearing or possessing items depicting or implying hatred or prejudice of one of the characteristics stated above.

Students are encouraged to immediately report bullying. A report may be made orally or in writing to the building principal, nondiscrimination coordinator, district complaint manager or any staff member with whom the student is comfortable speaking. All school staff members are available for help with a bully or to make a report about bullying. Anyone, including staff members and parents/guardians, who has information about actual or threatened bullying is encouraged to report it to the district complaint manager or any staff member. Anonymous reports are also accepted by phone call or in writing.

The school district maintains student and parent resources on suicide and depression awareness and prevention. Much of this information, including a copy of the school district's policy, is posted on the school district website. Information can also be obtained from the school social worker.

A student may possess and self-administer an epinephrine injector (e.g., EpiPen®) and/or an asthma inhaler or medication prescribed for use at the student's discretion, provided the student's parent/guardian has completed and signed a School Medication Authorization Form.

Students who are diabetic may possess and self-administer diabetic testing supplies and insulin if authorized by the student's diabetes care plan, which must be on file with the school.

Students with epilepsy may possess and self-administer supplies, equipment and medication, if authorized by the student's seizure action plan, which must be on file with the school.

Students may self-administer (but not possess on their person) other medications required under a qualified plan, provided the student's parent/guardian has completed and signed a School Medication Authorization Form.

The school district shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication, including asthma medication or epinephrine injectors, or medication required under a qualifying plan. A student's parent/guardian must indemnify and hold harmless the school district and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of an epinephrine injector, asthma medication, and/or a medication required under a qualifying plan.

Undesignated Medications

The school wellness center may maintain the following undesignated prescription medications for emergency use: (1) Asthma medication; (2) Epinephrine injectors; (3) Opioid antagonists; and (4) Glucagon. No one, including without limitation, parents/guardians of students, should rely on the school or district for the availability of undesignated medication. This procedure does not guarantee the availability of undesignated medications. Students and their parents/guardians should consult their own physician regarding these medication(s).

Emergency Aid to Students

Nothing in this policy shall prohibit any school employee from providing emergency assistance to students, including administering medication.

DRESS CODE

Students may wear any clothing which is generally considered morally decent and safe in the school situation. Extreme dress is inappropriate. Young men and women should recognize the importance of being well groomed at all times. Clothing need not be expensive to be clean, neat and attractive. One of the most important factors in being well groomed is wearing clothing appropriate for the occasion. Dress that may be proper at home or on the beach may be out of place at school. Clothing shall not be hazardous to the health and safety of the students or disruptive to the educational program of the school. Any extremes of dress which detract from the orderliness of the school program by bringing undue attention to the individual are, of course, inappropriate. For example: Shoes must be worn at all times. Bare midriff clothing, "see-through mesh" attire, undershirts as outerwear, half-shirts, halters, spaghetti straps, T-tops, tank tops or split-side shirts, house shoes, pajamas, caps, hats, or sunglasses shall not be worn. Length of shorts, skirts and dresses must be within five (5) inches from the top of the knee. Holes or slits in jeans must not be more than 5 inches above the knee. No baggy pants without belts and no showing of undergarments. Shirts and scoop neck tops must have a neckline that is no lower than four fingers from the center of the collar bone. Clothing accessories/attachments such as gloves, studded bracelets, chains etc. should not be worn. Leggings/yoga pants must be worn with a top of a length that, at a minimum, covers the "bottom" and is consistent in length from front to back. Students should also refrain from wearing items of clothing which contain printed messages, logos, and/or activity which are deemed offensive, illegal or condone an activity which is socially unacceptable or unwise (i.e. tobacco, alcohol, drugs, profane comments or gestures, etc.).

- When a student's dress becomes inappropriate for the school setting, then it becomes the responsibility of the school to intervene. Faculty and administration reserve the right to determine whether students dress is appropriate or disruptive to the educational process. A student who is inappropriately dressed will be asked to correct the problem immediately or be sent home to change. The time missed as a result will be considered unexcused. All classrooms are air-conditioned; therefore, students should wear adequate clothing. Students are expected to follow student dress guidelines presenting themselves decently and appropriately at all times during school, educational trips, extra-curricular events and activities. During "dress-up days" such as during Spirit Week, attire must adhere to the school dress guideline. Any deviation must be approved by the principal.

DRUG ABUSE

The Board of Education has adopted a Drug Abuse Policy. The illicit use, possession or distribution of drugs or look alike drugs and drug paraphernalia is not permitted on school buses, in school building, or on school grounds at any time. This policy extends to all school sponsored and related activities. Students shall not be permitted to attend school when they are under the influence of illicit drugs. For the purpose of this policy, students who are under such influence shall be treated in the same manner as though they had drugs in their possession. If a student is found to be illicitly using, possessing, or distributing drugs or look-alike drugs and drug paraphernalia, they may be suspended for a period of up to 10 days and/or expelled. In addition, parents and juvenile authorities shall be notified promptly. When a substance is suspected to be an illicit drug, the identity of the student shall be given to the proper authorities for prosecution.

DRUG TESTING POLICY

Any student who participates in extracurricular activities sanctioned by the Illinois Junior High School Association will be subject to the drug testing policy.

ENFORCEMENT OF RULES AND REGULATIONS

When self-discipline fails, regulations for the management of school behavior, including those adopted by the Board, must be enforced by those directly responsible for the operation of the schools. The School Board of Unit #7 has this legal responsibility according to The Illinois School Code.

4. **PROBATION:** Students on probation will not be allowed to participate in extracurricular activities during the probation period. Extracurricular activities shall include all school activities which are not directly related to a specific course in which the student is enrolled on a regular basis. Violation of probation may result in the extension of the probationary period or in the suspension of the student from school for a period of not more than three school days.

NOTE: Parents will be notified in writing or in person when a student is placed on probation. In all cases the assignment of probation will be by the principal or superintendent.

5. **ALTERNATIVE CLASSROOM:** The term "Alternative Classroom" means the students attends school during regularly scheduled hours and is assigned to a classroom where he/she receives his/her assignments and studies under supervision. 7. **EXPULSION:** The term "expulsion" means disciplinary action taken by the Board of Education whereby a student by Board of Education resolution:

A. Is separated from school attendance and extracurricular/related activities for a period in excess of ten school days.

B. As a result of Public Act 89-371, the school board may extend student expulsions into the following school year. Effective January 1st, 1996, the maximum expulsion period is extended from the end of the current year to the end of the next school year for a maximum expulsion period of two school years.

8. **REFERRAL OF CHRONIC TRUANTS:** Chronic truants and their parents will be referred to the Office of the State's Attorney for prosecution under Illinois statutes.

GUIDELINES FOR DETERMINING PENALTIES

Any violation of state or local law will be promptly reported to the appropriate law enforcement authorities. 1. These examples are not the only acts or condition for which suspension or expulsion is warranted, nor do they limit this handbook.

2. Subsequent cases of the same offense may result in more severe disciplinary action. 3.

Physical attack upon any person may be grounds for expulsion from school.

4. Expulsion may be levied on any student who is found to be carrying a weapon to, from, or within Gallatin

County Schools; or to, from, or in attendance at any school-sponsored activity. 5. Any student who has

initiated, or taken part in an act of vandalism or arson as described in this handbook may be expelled. Further, it shall be the practice of the school district to seek to recover damages from the parents of any minor, or from any person, who has initiated, or taken part in any act of vandalism as described in this handbook.

ENROLLMENT PROCEDURE

Before a student can enroll at Gallatin County Unit #7, a student must present a valid birth certificate (a copy of a birth certificate is not acceptable). Students also need to bring or have requested their student records from their previous school. Students will not be required to take or participate in any class or courses in comprehensive sex education, including in grades 6-12, instruction on both abstinence and contraception for the prevention of pregnancy and sexually transmitted diseases, including HIV/AIDS; family life instruction, including in grades 6-12, instruction on the prevention, transmission, and spread of AIDS; instruction on diseases; recognizing and avoiding sexual abuse; or instruction on donor programs for organ/tissue, blood donor, and transplantation, if his or her parent or guardian submits a written objection. The parent or guardian's decision will not be the reason for any student discipline, including suspension or expulsion. Nothing in this Section prohibits instruction in sanitation, hygiene or traditional courses in biology.

Parents or guardians may examine the instructional materials to be used in any district sex education class or course.

FUNDRAISING ACTIVITIES

All school fundraising must be approved by building and district administration using the district fundraising approval form. (See Coach/Sponsor handbook) Fundraising must have a designated purpose prior to the beginning of sales. The projects must be planned and carried out in cooperation with building administration and comply with the Coach/Sponsor Handbook and Board Policy 7:325 Student Fundraising. Parent organizations and booster clubs are invaluable resources to the District's schools. While parent organizations and booster clubs have no administrative authority and cannot determine District policy, the School Board welcomes their suggestions and assistance.

Parent organizations and booster clubs may be recognized by the Board and permitted to use the District's name, a District school's name, or a District school's team name, or any logo attributable to the District provided they first receive the Superintendent or designee's express written consent. Consent to use one of the above-mentioned names or logos will generally be granted if the organization or club has by-laws containing the following:

The organization's or club's name and purpose, such as, to enhance students' educational experiences, to help meet educational needs of students, to provide extra athletic benefits to students, to assist specific sports teams or academic clubs through financial support, or to enrich extracurricular activities.

5. An agreement to maintain and protect its own finances.
6. A recognition that money given to a school cannot be earmarked for any particular expense. Booster clubs may make recommendations, but cash or other valuable consideration must be given to the District to use at its discretion. The Board's legal obligation to comply with Title IX by providing equal athletic opportunity for members of both genders will supersede an organization or club's recommendation.

Permission to use one of the above-mentioned names or logos may be rescinded at any time and does not constitute permission to act as the District's representative. At no time does the District accept responsibility for the actions of any parent organization or booster club regardless of whether it was recognized and/or permitted to use any of the above-mentioned names or logos. The Superintendent shall designate an administrative staff member to serve as the recognized liaison to parent organizations or booster clubs. The liaison will serve as a resource person and provide information about school programs, resources, policies, problems, concerns, and emerging issues. Building staff will be encouraged to participate in the organizations.

NON-DISCRIMINATION POLICY

It shall be the policy of the Gallatin County Unit #7 Board of Education to prohibit discrimination against any employee, student, or individual on account of race, color, creed, religion, national origin, age, sex, or disability. Furthermore, it shall be the policy to make reasonable accommodations for qualified applicants, employees, students, and individuals with disabilities, such as each of the following, unless it demonstrably would impose an “undue hardship” on the operation of the program:

1. Make facilities used by employees readily accessible to and usable by disabled persons.
2. Make modifications or adjustments to the job application process that enables a qualified applicant with a disability to be considered.
3. Making modification or adjustments in the work environment that enables a qualified individual with a disability to perform the essential functions of that position.

NO PASS-NO PLAY POLICY

The Board of Education believes that school sponsored, school supported and extracurricular activities provide students with invaluable educational, as well as instructional skills, and knowledge. The Board further recognizes, however, that a student’s academic education must take precedence over participation in such activities. As such, and in accordance with Section 10-20.30 of the School Code, the Board has determined as follows:

1. All students in this District between grades nine and twelve, who participate in any school sponsored activity, including school supported athletic or extracurricular activities, shall maintain a minimum passing grade in all classes. Passing or failing shall mean the grade average that the student would receive if he/she were transferring from the District on the day eligibility is checked (i.e. year to date average).
2. Any student who fails to meet the minimum requirements established in paragraph 1 of this Policy shall be suspended from further participation in any school sponsored, school supported or extracurricular activity for one week AND/OR until such student raises his or her grades to passing.
3. Any student in this District between grades 5 and 8, who was retained the prior school year is not eligible to participate in any school sponsored, school supported or extracurricular activity.

The Board of Education authorizes the administration to promulgate rules and regulations to implement and enforce this policy.

Parents should call 618-272-3821 ext. 1300 to arrange for a convenient conference time. Teachers will not be available for conferences during teaching time except in extreme emergency situations.

PESTICIDE APPLICATION

During the first week of each month the Gallatin County School District will have an outside agency come into the building to spray for insects. Parents may turn in a written request to the superintendent's office if they would like to be notified in advance of the day the building is sprayed.

PHYSICAL EXAMINATIONS/PROOF OF IMMUNITY

It shall be the policy of Gallatin County Community Unit #7 School to enforce the requirements of Section 27-8 of the School Code regarding physical and dental exams. As per current regulations (5-1980) fulfillment of the requirements for immunizations and providing the school with dates of each shall be part of this policy as well. Failure to obtain proof of immunization with dates and/or physical exams will lead to the exclusion of the student from school until the recommended requirement is met.

Required Health Examinations and Immunizations

All students are required to present appropriate proof of a health examination and the immunizations against, and screenings for, preventable communicable diseases within one year prior to:

1. Entering kindergarten or the first grade;
2. Entering the sixth and ninth grades; and
3. Enrolling in an Illinois school for the first time, regardless of the student's grade.

Proof of immunization against meningococcal disease is required for students in grades 6 and 12. A diabetes screening must be included as part of the health exam (though diabetes testing is not required). Students between the age of one and seven must provide a statement from a physician assuring that the student was "risk-assessed" or screened for lead poisoning. Beginning with the 2017-2018 school year, an age-appropriate developmental screening and an age appropriate social and emotional screening are required parts of each health examination.

Failure to comply with the above requirements by October 15 of the current school year¹ will result in the student's exclusion from school until the required health forms are presented to the school, subject to certain exceptions. A student will not be excluded from school due to his or her parent/guardian's failure to obtain a developmental screening or a social and emotional screening.

New students who register mid-term have 30 days following registration to comply with the health examination and immunization requirements. If a medical reason prevents a student from receiving a required immunization by October 15, the student must present, by October 15, an immunization schedule and a statement of the medical reasons causing the delay.

The schedule and statement of medical reasons must be signed by an appropriate medical professional.

Eye Examination

All students entering kindergarten or the school for the first time must present proof by October 15 of the current school year of an eye examination performed within one year. Failure to present proof by October 15, allows the school to hold the student's report card until the student presents: (1) proof of a completed eye examination, or (2) that an eye examination will take place within 60 days after October 15.

Dental Examination

All students entering kindergarten, second, sixth and ninth grades must present proof by May 15 of the current school year of having been examined by a licensed dentist within the last 18 months. Failure to present proof allows the school to hold the child's report card until the student presents: (1) proof of a completed dental examination, or (2) that a dental examination will take place within 60 days after May 15.

Exemptions

A student will be exempted from the above requirements for:

1. Medical grounds if the student's parent/guardian presents to the building principal a signed statement explaining the objection;
2. Religious grounds if the student's parent/guardian presents to the building principal a completed Certificate of Religious Exemption;
3. Health examination or immunization requirements on medical grounds if a physician provides written verification;
4. Eye examination requirement if the student's parent/guardian shows an undue burden or lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or a licensed optometrist; or
5. Dental examination requirement if the student's parent/guardian shows an undue burden or a lack of access to a dentist.

PROMOTION POLICY

A student will be retained if they do not meet the following criteria:

- Students must pass math, reading, and science.
- Students must pass the Illinois and United States Constitution tests by the end of the 8th grade year.

STUDENT PROMOTION

The Board of Education adheres to the Illinois School Code's prohibition on promotion of a student to the next grade level based on social reasons, such as age. It is, therefore, the policy of this District that students shall be promoted to the next grade level based on the following criteria:

1. **Successful completion of the curriculum.**
2. **Attendance**
3. **Performance based on state and local testing.**
4. **Local goals and objectives indicating that the student can perform at the expected grade level.**

Students shall not be promoted for purely social reasons.

Misuse will result in confiscation and be returned to the student according to disciplinary guidelines established by the administration.

11. Students who lose or damage a book while it is checked out to them will be expected to pay for it at the following rate: First year of use—100% of actual cost; second year of use—75% of actual cost; third year of use—50% of actual cost; fourth and subsequent years of use—25% of actual cost. A teacher may require a student to purchase necessary items for class work.

12. Student accident insurance is provided for a nominal fee.

13. Any student who desires to participate in any extracurricular activity shall have all school fees paid before the student may actively participate in that event. All extracurricular activities and/or Driver's Education are required to have the student insurance which the school handles. The insurance requirement will be waived upon presentation of evidence signed by a parent or guardian that the student is adequately insured. 14. Good manners, courtesy, and personal pride shall be exhibited by all students during school hours and during school sponsored activities. (i.e. not running in the halls; wearing hats in the building; loud, boisterous, or profane speech.)

15. It is the responsibility of each student to leave the area of disruption involving students. The student's mere presence as an onlooker tends to lend support and encouragement to those students causing disruptions. Failure to cooperate may subject onlookers to disciplinary action.

16. All pupils shall be responsible for learning the requirements of promotion and/or graduation. These are announced each year, and copies may be obtained from the principal. Programs for transfer students must be approved by the Junior High School Principal. Eighth graders who have not completed requirements for graduation by the last day of school prior to graduation shall not participate in graduation exercises. 17. Participation in extracurricular activities may be denied to pupils who fail to conform to school rules. 18. Any student who wishes to ride a different bus other than their regular bus must bring a note from home and get permission from the superintendent or principal before being allowed to do so. 19. Breakfast and lunch will be free for all students for the 2019-2020 school year.

20. All equipment purchased by the school for individuals (uniforms, shoes, etc.) must be paid within 30 days and before issue.

21. The school will not issue acetaminophen (Tylenol), antacid tablets, cough drops, or any internal medicine without a written physician order and signed parent consent. First aid supplies are available and first aid will be provided.

22. Students who do not ride the bus should not arrive on school grounds before 7:45 a.m. 23. Students will not loiter in the halls. They will proceed to areas as directed by teachers. 24. Students may wear any clothing which is generally considered morally decent and safe in the school situation. Extreme dress is inappropriate. Young men and women should recognize the importance of being well groomed at all times. Clothing need not be expensive to be clean, neat and attractive. One of the most important factors in being well groomed is wearing clothing appropriate for the occasion. Dress that may be proper at home or on the beach may be out of place at school. Clothing shall not be hazardous to health and safety of the students or disruptive to the educational program of the school. Any extremes of dress which detract from the orderliness of the school program by bringing undue attention to the individual are, of course, inappropriate. For example: Shoes must be worn at all times. Bare midriff clothing, "see-through mesh" attire, undershirts as outerwear, half-shirts, halters, spaghetti straps, T-tops, tank tops or split-side shirts, house shoes, pajamas, caps, hats, or sunglasses shall not be worn. Length of shorts, skirts and dresses must be within five (5) inches from the top of the knee. Holes or slits in jeans must not be more than 5 inches above the knee. No baggy pants without belts and no showing of undergarments. Shirts and scoop neck tops must have a neckline that is no lower than four fingers from the center of the collar bone. Clothing accessories/attachments such as gloves, studded bracelets, chains etc. should not be worn. Leggings/yoga pants must be worn with a top of a length that, at a minimum, covers the "bottom" and is consistent in length from front to back. Students should also refrain from wearing items of clothing which contain printed messages, logos, and/or activity which are deemed offensive, illegal or condone an activity which is socially unacceptable or unwise (i.e. tobacco, alcohol, drugs, profane comments or gestures, etc.).

- When a student's dress becomes inappropriate for the school setting, then it becomes the responsibility of the school to intervene. Faculty and administration reserve the right to determine whether student's dress is appropriate or disruptive to the educational process. A student who is inappropriately dressed will be asked to correct the problem immediately or be sent home to change. The time missed as a result will be considered unexcused. All classrooms are air-conditioned; therefore, students should wear adequate clothing. Students are expected to follow student dress guidelines presenting themselves decently and appropriately at all times during school, educational trips, extra-curricular events and activities. During "dress-up days" such as during Spirit Week, attire must adhere to the school dress guideline. Any deviation must be approved by the principal.

25. Discrimination Policy: The Board of Education of Gallatin County Unit District #7 shall not condone discrimination practices on the basis of sex, color, race, or creed. The superintendent will be the coordinator. His duties shall be to investigate complaints and supervise the district's efforts to comply with Title IX. All complaints shall be routed by way of the building principal to the coordinator and then to the Board of Education.

26. Cheating: In the event that a student is caught cheating on a test or on some other assignment, the student will be given a grade of "zero" for the assignment. Moreover, the teacher may require make-up or additional work and may administer other disciplinary actions such as detentions, parent conferences, etc. 27. No gang logos, colors, signs, paraphernalia, or gang activities are allowed at school. Further, anti-gang uniforms and vulgarities are prohibited. Gang like activities are defined as any conduct by a student for the furtherance of a common purpose. 28. Chewing gum will not be permitted on the school grounds because of the problems it causes carpets and floors. If brought to school, it will be confiscated. Edibles will likewise be confined to the commons. 29. Parents and students must sign a usage clause or statement with guarantee that the Internet will be used ethically and correctly. Parents must agree to pay if student causes damage to Internet access or destroys records or data. 30. Backpacks and large bags are not allowed in the classroom, they are to be kept in the student's locker. 31. Media Center: Books may be checked out of the media center for 2 weeks with the exception of reference books. They are to be checked out overnight. A fine of 5 cents per day will be assessed on overdue books and 30 cents per day will be charged for overdue reference books. All books are bar-coded and every student has a library number. If the barcode is damaged an assessment of \$1.00 will be charged. Material taken without checking out will be assessed a fine. Students are responsible for returning books on time according to the date stamped in the books. 32. Jr. High Students will not be allowed to wear flip flops or sandals during P.E. class. If a student wears flip flops or sandals to school, they will be required to have non-marking tennis shoes to change into during P.E.

SCHOOL ATTENDANCE

Good schoolwork depends, to a large extent, on punctual attendance. Make-up work cannot completely take the place of regular classroom work. Parents must assume their share of responsibility for the regular and punctual attendance of their children.

A parent excused absence is one where the parent calls the office to report a student ill or absent. Parent excused absences are limited to ten (10) days per year, and no more than (5) per semester. Any absences after (10) parent excused absences in the school year will be considered unexcused absences. The student and parent/guardian will be notified that a doctor's excuse will be required after the 5th absence each semester.

School begins at 8:10 a.m. When a student is absent from school, **parents must call** the office @ 272-3821 ext, 1300 before 10:00 a.m. on the day of their child's absence as per IL School Code, Section 122: 26-36. 1. On the day following an absence, the student must bring a signed note from their parents explaining the absence or a phone call from the parents by 9:00 a.m. for absences.

Failure to bring a note or phone call will result in an unexcused absence.

2. If a student has any medical appointments or is absent for 3 or more consecutive days due to illness, a doctor's excuse may be required.

A student may not miss more than 55 minutes in any school day or he/she will be counted absent in the Official Illinois Attendance Register. Students signing out and back in must not be gone more than 55 minutes or he/she will be counted absent. Whether absences are excused or unexcused has no bearing upon the attendance record.

Attendance of school sponsored activities and trips will not be counted as an absence.

Parents may prearrange excused absences for trips. The arrangement must be made at least 2 or more days prior to the requested absence. Students who have had their parents prearrange for an absence will be excused. The arrangement must be a written request and signed by the parent, student, and principal.

When the second bell rings, the student must be in his/her seat ready to start working, or he/she is tardy to that class. **Individual teachers will address tardiness. Students may receive writing assignments.**

The Gallatin County Schools recognizes three types of absences. The type, some examples, and the corresponding school action to be taken are indicated as follows:

TYPE I - LEGAL: Any absence allowed by the laws of the State of Illinois.

TYPE II - SCHOOL ACCEPTED:

Any absence due to sickness, death in family, prearranged absences, school-sponsored trips, and family emergency situations. School officials will evaluate emergency situations. Prearranged absences are those anticipated prior to the actual day or period of absence (i.e. doctor appointments, necessary family trips, and funerals). In order for the prearranged absences to be excused, the parent must inform the office as soon as possible prior to the last day of attendance. The student should obtain assignments or make-up work before the absences if at all possible and give it to the teacher.

Make-up work must be completed and given to the individual teachers. Students may be granted up to one day missed to

complete make-up work. It is the student's responsibility to obtain the make-up assignments from the teachers. It is the classroom teacher's responsibility to hold each student accountable for missed class time.

TYPE III - UNACCEPTABLE:

A. UNEXCUSED ABSENCES

Any absence that is not considered legal or reasonable, but which is not typical of truancy; or reasons characterized by careless planning (i.e. oversleeping, running errands for parents or employers, taking off from school to work or shop, etc).

The principal or his representative will decide and issue unexcused absences. Parental permission to be absent from school does not necessarily mean an excused absence for the purpose of making up work or simply being an excused absence. The following actions or consideration may result from unexcused absence: 1. The student will be barred from any or all extracurricular activities scheduled for that date.

2. The student may be assigned detentions to be served before, during, or after school.
3. The student will not have the opportunity of doing make-up work for credit in the class missed.
4. The student will receive zeros for all graded work missed such as: tests, homework, participation grades, quizzes, etc.
5. After three unexcused absences in any one semester, a one-day in school suspension could result. Also, there may be a parent conference arranged.
6. Skip and related type absences may result in some type of detention or suspension.

B. TRUANCY

Any absence without the consent of the parents and school. In cases of truancy, the parents will be notified, an unexcused absence given, and make-up work time may be required.

When a student is truant, he/she may be required to make up this time during the noon hour. To make up this time, students will sit in an assigned area away from their friends. Repeated truancy could require additional disciplinary action.

"Chronic or habitual truant" shall be defined as a child who is absent from school without valid cause from compulsory school attendance for 5% or more of the 180 regular attendance school days; this calculates to nine (9) days per school year. The student and parent/guardian will be notified that a doctor's excuse will be required after the 9th absence.

"Truant minor" is defined as a chronic truant to whom supportive services, including prevention, diagnostic, intervention and remedial services, alternative programs and other school and community resources have been provided and have failed to result in the cessation of chronic truancy or have been offered and refused.

TARDINESS

A student is tardy to class when he is not in his assigned station and ready for work when the class bell rings. Passing times are three minutes in length - sufficient time to move to any other areas of the building without undue difficulty. The following procedures should be followed when you are late to class:

1. If you are late in arriving to school, report directly to the office for an admit slip to be marked present. Your admit slip will be marked excused or unexcused, depending upon the reason for your tardiness. There are few reasons for being tardy which are excusable; however, many are understandable and will result in little or no difficulty to the student or parent. Habitual tardiness is another matter and will not be tolerated. Every effort necessary to correct habitual tardiness will be made.

2. If you are detained by a teacher, secure an admit slip from that teacher and report to class. If you are tardy for any reason report directly to class. Do not come to the office since admit slips will not be issued. Each teacher shall determine the validity of the excuse and advise the student of such. Classroom teachers will assign reasonable punishment for being tardy to class.

Teachers will also keep a record of all students who are tardy and will report habitually tardy students to the office where corrective measures will be taken.

The principal shall make the determination if tardiness is becoming a pattern and will assign appropriate corrective measures such as:

1. The principal or classroom teacher will assign reasonable punishment.
2. The student may be assigned unexcused absences for one or more periods.
3. If the principal determines that a pattern of tardiness is established, the student may be suspended, barred from extracurricular activities, and/or parent conference arranged.

TRUANCY POLICY

Student attendance is critical to the learning process. Truancy is therefore a serious issue and will be dealt with in a serious manner by the school and district. Students who miss 5% or more of the prior 180 regular school days without valid cause (a recognized excuse by the school or the state) are considered chronic truants. Students who are chronic truants will be offered support services and resources aimed at correcting the truancy issue. If chronic truancy persists after support services and other resources are made available, the school and district take further action, which may include the following:

- The truancy officer will conduct home visits
- Referral to the State's Attorney
- Appropriate school discipline

A parent or guardian who knowingly and willfully permits a child to be truant is in violation of state law. Parents, or persons having custody or control of a truant child may be fined up to \$500 and/or sentenced to thirty (30) days in jail for a class "C" misdemeanor when a child continues to violate the Illinois Compulsory Attendance Laws. If unexcused absences persist after available supportive services and other school resources have been exhausted, possible punitive action, including suspension, expulsion or court action will be taken.

The parent(s) or legal guardian should make every effort to make sure their child(ren) attend school regularly.

Consequences for Truancy: Once a student has been absent nine (9) days or has three (3) unexcused absences they will be subject to the following consequences as well as all district unexcused absence guidelines and policies: 4th unexcused absence: 1 day detention

5th unexcused absence: 1 day detention & truancy letter sent

6th unexcused absence: 2 days detention

7th unexcused absence: ½ day ACR (alternative classroom)

8th unexcused absence: 1 day ACR

9th unexcused absence: referred to Gallatin County States Attorney

Subsequent absences: 1-3 days ACR through out-of-school suspension 1-5 days

SCHOOL OPERATIONS DURING A PANDEMIC OR OTHER HEALTH EMERGENCY

A pandemic is a global outbreak of disease. Pandemics happen when a new virus emerges to infect individuals and, because there is little to no pre-existing immunity against the new virus, it spreads sustainably. Your child's school and district play an essential role, along with the local health department and emergency management agencies, in protecting the public's health and safety during a pandemic or other health emergency.

During a pandemic or other health emergency, you will be notified in a timely manner of all changes to the school environment and schedule that impact your child. Please be assured that even if school is not physically in session, it is the goal of the school and district to provide your child with the best educational opportunities possible.

Additionally, please note the following:

1. All decisions regarding changes to the school environment and schedule, including a possible interruption of in-person learning, will be made by the superintendent in consultation with and, if necessary, at the direction of the Governor, Illinois Department of Public Health, local health department, emergency management agencies, and/or Regional Office of Education.
2. Available learning opportunities may include remote and/or blended learning. Blended learning may require your child to attend school on a modified schedule.
3. Students will be expected to participate in blended and remote instruction as required by the school and district. Parents are responsible for assuring the participation of their child. Students who do not participate in blended or remote learning will be considered truant.
4. All school disciplinary rules remain in effect during the interruption of in-person learning. Students are subject to discipline for disrupting the remote learning environment to the same extent that discipline would be imposed for disruption of the traditional classroom.

5. Students and parents will be required to observe all public health and safety measures implemented by the school and district in conjunction with state and local requirements.
6. During a pandemic or other health emergency, the school and district will ensure that educational opportunities are available to all students.
7. School personnel will work closely with students with disabilities and other vulnerable student populations to minimize the impact of any educational disruption.
8. Students who have a compromised immune system, live with an individual with a compromised immune system, or have a medical condition that may impact their ability to attend school during a pandemic or other public health emergency should contact school officials.
9. During a pandemic or other health emergency, teachers and school staff will receive additional training on health and safety measures.
10. In accordance with school district or state mandates, the school may need to conduct a daily health assessment of your child. Parents and students will be notified of the exact assessment procedures if this becomes necessary.
11. Parents should not send their child to school if their child exhibits any symptoms consistent with the pandemic or other health emergency.
12. Please do not hesitate to contact school or district officials if you have any concerns regarding your child's education, health or safety.

SCHOOL BUS RIDERS INSTRUCTIONS

School bus riders, while in transit, are under the jurisdiction of the school bus driver unless the local board of education designates some adult to supervise the riders. Audio and video recordings may be used randomly on school buses.

To ensure the safety of students, unauthorized persons will not be allowed to ride a bus. This includes, but is not limited to, unregistered students, visiting students, and adults, unless authorized by the school administration in the form of a permission slip or through direct contact with the bus driver. Upon enrollment, a new student must get a bus pass from the office.

It is recommended that all riders, parents of riders, and teachers become thoroughly familiar with the following regulations governing school bus riders. This may be accomplished by giving each student a mimeographed copy of "Instructions to School Bus Riders".

1. Be on time at the designated school bus stop; help keep the bus on schedule.
2. Stay off the road at all times while waiting for the bus.
3. Be careful in approaching the place where the bus stops. Do not move toward the bus until the bus has been brought to a complete stop.
4. Do not leave your seat while the bus is in motion.
5. Be alert to a danger signal from the driver.
6. Remain in the bus in the event of a road emergency until the bus has been brought to a complete stop.
7. Keep hands and heads inside the bus at all times. Do not throw anything out of the bus.
8. Remember that unnecessary confusion diverts the driver's attention and could result in a serious accident.
9. Be absolutely quiet when approaching a railroad crossing.
10. Treat bus equipment as you would valuable furniture in your own home. Never tamper with the bus or any of its equipment.
11. Assist in keeping the bus safe and sanitary at all times.
12. Carry no animals on the bus without permission of the school transportation director and the superintendent and/or the principal.
13. Keep books, packages, coats, and all other objects out of the aisles.
14. Leave no books, lunches, or other articles on the bus.
15. Be courteous to fellow pupils and the bus driver.
16. Help look after the safety and comfort of smaller children.
17. Do not ask the driver to stop at places other than the regular bus stop. The driver is not permitted to do this, except by proper authorization from a school official.
18. Observe safety precautions at discharge point. Where it is necessary to cross the highway, proceed to a point at least 10 feet in front of the bus on the right shoulder of the highway where traffic may be observed in both directions. Wait for a signal from the bus driver permitting you to cross.

19. Observe the same rules and regulations on other trips under school sponsorship as you observe between home and school. Respect the wishes of the chaperone appointed by the school.
20. School officials will assign students to specific seats on the bus if necessary.
21. No eating, drinking, or chewing gum on the bus.

Students who do not conform to these rules and are in frequent violation of them will be dealt with in the following manner: A. School officials will confer with the student and the driver.

B. School officials will confer with parents.

C. If the above steps do not solve the problem, the student may lose his/her riding privileges for one week. D. If problems continue to exist, the student may lose his/her riding privileges for the remainder of the school year. 1. Safety is the most important issue concerning transportation of students.

2. If a student has discipline problems on the bus, the student and the driver will have a conference and try to resolve the problem. The driver will keep a record of said conference.

3. If a minor problem is report to the principal, he will have a conference with the student and send a copy of the conference results to the driver. The parents will be notified.

4. If a student is disrespectful or refuses to follow the directions of the driver, the student may be suspended and/or lose bus riding privileges. The parents will be notified.

5. A student may be suspended from riding the bus for up to 10 consecutive school days for engaging in gross disobedience or misconduct, including but not limited to the following:

- a) Violating any school rule or school district policy
- b) Willful injury or threat of injury to a bus driver or to another rider
- c) Willful and/or repeated defacement of the bus
- d) Repeated use of profanity
- e) Repeated willful disobedience of a directive from a bus driver or other supervisor
- f) Such other behavior as the building principal deems to threatened the safe operation of the bus and/or its occupants

If a student is suspended from riding the bus for gross disobedience or misconduct on a bus, the School Board may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons. A student suspended from riding the bus who does not have alternate transportation to school shall have the opportunity to complete or make up work for equivalent academic credit. It is the responsibility of the student's parent or guardian to notify the school that the student does not have alternate transportation.

SCHOOL LOCKERS

A student's locker is the property of the school and must be used for the purpose intended: a storage area for books, school supplies, and outdoor garments. If school officials have a reasonable suspicion the student has placed illegal or dangerous materials or substances in the locker, school officials may then search the locker, with or without the student's knowledge or consent. In brief, students should not keep anything in their locker that they would not want anyone to find. All lockers are to be kept clean and orderly. Lockers should be cleaned out at least once every 9 weeks.

SCHOOL PRAYER

The Gallatin County CUSD #7 has no policy that prevents constitutionally protected prayer

SEARCH & SEIZURE

In order to maintain order, safety, and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. "School authorities" includes school liaison police officers.

School Property and Equipment as well as Personal Effects Left There by Students School authorities may inspect and search school property and equipment owned or controlled by the school (such as, lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there. The building principal may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

Students

School authorities may search a student and/or the student's personal effects in the student's possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the school or district's student rules and policies. The search will be conducted in a manner that is reasonably related to its objective of the search and not excessively intrusive in light of the student's age and sex, and the nature of the infraction.

School officials may require a student to cooperate in an investigation if there is specific information about activity on the

student's account on a social networking website that violates the school's disciplinary rules or school district policy. In the course of the investigation, the student may be required to share the content that is reported in order for a school to make a factual determination. School officials may not request or require a student or his or her parent/guardian to provide a password or other related account information to gain access to the student's account or profile on a social networking website.

Seizure of Property

If a search produces evidence that the student has violated or is violating either the law or the school or district's policies or rules, evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, evidence may be transferred to law enforcement authorities.

Questioning of Students Suspected of Committing Criminal Activity

Before a law enforcement officer, school resource officer, or other school security person detains and questions on school grounds a student under 18 years of age who is suspected of committing a criminal act, the building principal or designee will: (a) Notify or attempt to notify the student's parent/guardian and document the time and manner in writing; (b) Make reasonable efforts to ensure the student's parent/guardian is present during questioning or, if they are not present, ensure that a school employee (including, but not limited to, a social worker, psychologist, nurse, guidance counselor, or any other mental health professional) is present during the questioning; and (c) If practicable, make reasonable efforts to ensure that a law enforcement officer trained in promoting safe interactions and communications with youth is present during the questioning.

SCHOOL STUDENT RECORD NOTIFICATION STATEMENT

The building principal or his designee is the official records custodian of each building.

The following information pertains to the rights and obligations of parents, students, and the school under the Illinois School Students Records Act (ISSRA) Chapter 122, Par. 50-1 et seq. of the Illinois Revised Statutes (1985) and the Rules promulgated thereunder by the Illinois State Board of Education, which can be found at 23 Illinois Administrative Code 375.

1. The student permanent record consists of basic identifying information, academic transcript, attendance record, accident reports and health record, record of release of permanent record information, and may also consist of records of awards and participation in school-sponsored activities. No other information will be placed in the student permanent record. The permanent record will be kept for 60 years after graduation or permanent withdrawal. [ISSRA, Par. 50-2(e); 50-4(e)]

2. The student temporary record consists of all information that is of clear relevance to the education of the student, but is not required to be in the student's permanent record. It may include family background information, intelligence test scores, aptitude test scores, psychological and personality test results, and teacher evaluations. A record of release of temporary record information must be included in the student temporary record. The temporary record will be reviewed for elimination of out-of-date, inaccurate, or unnecessary information every 4 years or upon a student's change in attendance centers, whichever occurs first. The temporary record will be destroyed entirely within 5 years after graduation or permanent withdrawal. (ISSRA, Par. 50-2(f); Rules, Section 375.10)

3. Parents or any person specifically designated as a representative by a parent have the right to: A. Inspect and copy all permanent and temporary records within a reasonable time and in no case later than 15 days after the date of receipt of such request by the official records custodian. A student shall have the right to inspect and copy his or her school student permanent record. The school charges \$.35 per page for copies. No parent or student shall be denied a copy of school student records due to inability to bear the cost of such copying. (ISSRA, Par. 50-5)

B. Have present at the option of either the parent or the school, a qualified professional, who may be a psychologist, counselor, or other advisor, and who may be an employee of the school or employed by the parent, to interpret the information contained in the student temporary record. If the school requires that a professional be present, the school shall secure and bear any cost of the presence of the professional. If the parent so requests, the school shall secure and bear any cost of the presence of a professional

employed by the school. [ISSRA, Par. 50-0(b)]

C. Challenge the accuracy, relevancy or propriety of any entry in the school student records, exclusive of grades, by requesting a hearing with the school.

(I) The request for a hearing shall be submitted in writing to the school and shall contain a notice of the specific entry or entries to be challenged and the basis of the challenge.

(II) An informal conference will be held within 15 school days of receipt of the request for a hearing. (III) If the challenge is not resolved by the informal conference, a formal hearing shall be innate. (IV) Formal hearing: A hearing officer, who is not employed in the attendance center in which the student

is enrolled, shall be appointed by the school and shall conduct a hearing within a reasonable time but no later than 15 days after the informal conference, unless an extension of time is agreed upon by the parents and school officials. The hearing officer shall notify the parents and school officials of the time

and place of the hearing. Each party shall have the right to present evidence and to call witnesses, the right to cross-examine witnesses, and the right to counsel. A record of the hearing shall be made by tape recording or court reporter. The decision of the hearing officer shall be rendered no later than 10 school days after the conclusion of the hearing and shall be transmitted to the parents and the school district. The hearing officer's

decision shall be based solely on the evidence presented at the hearing and shall order a) retention of the challenged contents of the student record; or b) removal of the challenged contents of the student record, or c) change, clarification, or addition to the challenged contents of the student record. The parties shall have the right to appeal the decision of the hearing officer to the Regional Superintendent of Schools.

(V) Appeal: Notice of appeal must be presented to the Regional Superintendent of Schools within 20 school days after the decision of the hearing officer. The opposing party shall be notified of the appeal at the same time. Within 10 school days, the school shall forward a transcript of the hearing, a copy of the record entry in question and any other pertinent materials to the Regional Superintendent of Schools. Upon receipt of such documents, the Regional Superintendent of Schools shall examine the documents and record, make findings, and issue a decision to the parents and the school district within 20 school days of receipt of the documents. If the subject of the appeal involves the accuracy, relevance or propriety of any entry in special education records, the Regional Superintendent of Schools should seek advice from appropriate special education personnel who were not authors of the entry. The school shall be responsible for implementing the decision of the Regional Superintendent of Schools. Such decision shall be final, and may be appealed to the Circuit Court of the county in which the school is located. (ISSRA Par. 50-7; Rules, Section 375.90)

4. No school records or information contained therein may be released, transferred, disclosed or otherwise disseminated, except as follows:

- a. to a parent or student or person specifically designated as a representative by a parent; [ISSRA, Par. 50-6(a)(1)]
- b. to an employee or official of the school or school district or the State Board of Education with a current demonstrable educational or administrative interest in the student, in furtherance of such interest; [ISSRA, Par. 50-6(a)(1)]
- c. to the official records custodian of another school in which the student has enrolled or intends to enroll, provided that the parent receives prior written notice of the nature and substance of the information to be transferred and opportunity to inspect, copy and challenge such information. If the address of the parents is unknown, notice may be served upon the records custodian of the requesting school for transmittal to the parents. SCHOOL RECORDS

A school student record is any writing or other recorded information concerning a student and by which a student may be identified individually that is maintained by a school or at its direction or by a school employee, regardless of how or where the information is stored, except for certain records kept in a staff member's sole possession; records maintained by law enforcement officers working in the school; video and other electronic recordings (including electronic recordings made on school busses) that are created in part for law enforcement, security, or safety reasons or purposes, though such electronic recordings may become a student record if the content is used for disciplinary or special education purposes regarding a particular student.

The Family Educational Rights and Privacy Act (FERPA) and the Illinois Student Records Act afford parents/guardians and students over 18 years of age ("eligible students") certain rights with respect to the student's school records. They are:

1. **The right to inspect and copy the student's education records within 10 business days of the day the District receives a request for access.**
The degree of access a student has to his or her records depends on the student's age. Students less than 18 years of age have the right to inspect and copy only their permanent record. Students 18 years of age or older have access and copy rights to both permanent and temporary records. A parent/guardian or student should submit to the building principal a written request that identifies the record(s) he or she wishes to inspect. Within 10 business days, the building principal will make arrangements for access and notify the parent/guardian or student of the time and place where the records may be inspected. In certain circumstances, the District may request an additional 5 business days in which to grant access. The District charges \$.35 per page for copying but no one will be denied their right to copies of their records for inability to pay this cost. These rights are denied to any person against whom an order of protection has been entered concerning the student.
2. **The right to have one or more scores received on college entrance examinations included on the student's academic transcript.¹**
Parents/guardians or eligible students may have one or more scores on college entrance examinations included on the student's academic transcript. The District will include scores

on college entrance examinations upon the written request of the parent/guardian or eligible student stating the name of each college entrance examination that is the subject of the request and the dates of the scores that are to be included.

3. **The right to request the amendment of the student's education records that the parent/guardian or eligible student believes are inaccurate, irrelevant, or improper.**

A parent/guardian or eligible student may ask the District to amend a record that is believed to be inaccurate, irrelevant, or improper. Requests should be sent to the building principal and should clearly identify the record the parent/guardian or eligible student wants changed and the specific reason a change is being sought. If the District decides not to amend the record, the District will notify the parent/guardian or eligible student of the decision and advise him or her of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing.

4. **The right to permit disclosure of personally identifiable information contained in the student's education records, except to the extent that the FERPA or Illinois School Student Records Act authorizes disclosure without consent.**

Disclosure without consent is permitted to school officials with legitimate educational or administrative interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board. A school official may also include a volunteer, contractor, or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of personally identifiable information from education records (such as an attorney, auditor, medical consultant, therapist, or educational technology vendor); or any parent/guardian or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility or contractual obligation with the district. Upon request, the District discloses education records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or federal law. Before information is released to these individuals, the parents/guardians or eligible student will receive prior written notice of the nature and substance of the information, and an opportunity to inspect, copy, and challenge such records.

Academic grades and references to expulsions or out-of-school suspensions cannot be challenged at the time a student's records are being forwarded to another school to which the student is transferring.

Disclosure is also permitted without consent to: any person for research, statistical reporting or planning, provided that no student or parent/guardian can be identified; any person named in a court order; appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons; and juvenile authorities when necessary for the discharge of their official duties who request information before adjudication of the student.

5. **The right to a copy of any school student record proposed to be destroyed or deleted.**

The permanent record is maintained for at least 60 years after the student transfers, graduates, or permanently withdraws. The temporary record is maintained for at least 5 years after the student transfers, graduates, or permanently withdraws. Temporary records that may be of assistance to a student with a disability who graduates or permanently withdraws, may, after 5 years, be transferred to the parent/guardian or to the student, if the student has succeeded to the rights of the parent/guardian. Student temporary records are reviewed every 4 years or upon a student's change in attendance centers, whichever occurs first.

6. **The right to prohibit the release of directory information.**

Throughout the school year, the District may release directory information regarding students, limited to:

- Name
- Address
- Grade level

- Birth date and place
 - Parent/guardian names, addresses, electronic mail addresses, and telephone numbers
 - Photographs, videos, or digital images used for informational or news-related purposes (whether by a media outlet or by the school) of a student participating in school or school-sponsored activities, organizations, and athletics that have appeared in school publications, such as yearbooks, newspapers, or sporting or fine arts programs
 - Academic awards, degrees, and honors
 - Information in relation to school-sponsored activities, organizations, and athletics
 - Major field of study
 - Period of attendance in school
- Any parent/guardian or eligible student may prohibit the release of any or all of the above information by delivering a written objection to the building principal within 30 days of the date of this notice.

7. **The right to request that military recruiters or institutions of higher learning not be granted access to your student's information without your prior written consent.**²

Federal law requires a secondary school to grant military recruiters and institutions of higher learning, upon their request, access to secondary school students' names, addresses, and telephone numbers, unless the student's parent/guardian, or student who is 18 years of age or older, submits a written request that the information not be released without the prior written consent of the parent/guardian or eligible student. If you wish to exercise this option, notify the building principal.

8. **The right contained in this statement: No person may condition the granting or withholding of any right, privilege or benefits or make as a condition of employment, credit, or insurance the securing by any individual of any information from a student's temporary record which such individual may obtain through the exercise of any right secured under State law.**

9. **The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA.**

The name and address of the Office that administers FERPA is: U.S. Department of Education
Student Privacy Policy Office
400 Maryland Avenue, SW

SCHOOL VISITATION RIGHTS ACT

The School Visitation Rights Act permits employed parents/guardians, who are unable to meet with educators because of a work conflict, the right to time off from work under certain conditions to attend necessary school functions such as parent-teacher conferences, academic meetings and behavioral meetings. Letters verifying participation in this program are available from the school office upon request.

SECURITY CAMERAS

For the safety and security of our students, security cameras have been installed inside the school as well as around the exterior of the building. Security cameras will be in operation 24 hours a day.

STUDENT BIOMETRIC INFORMATION

Before collecting biometric information from students, the school must seek the permission of the student's parent/guardian or the student, if over the age of 18. Biometric information means information that is collected from students based on their unique characters, such as a fingerprint, voice recognition or retinal scan.

STUDENTS WITH DISABILITIES

Education of Children with Disabilities

It is the intent of the district to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 or the Individuals with Disabilities Education Act are identified, evaluated and provided with appropriate educational services.

The School provides a free appropriate public education in the least restrictive environment and necessary related services to all children with disabilities enrolled in the school. The term “children with disabilities” means children between ages 3 and the day before their 22nd birthday for whom it is determined that special education services are needed. It is the intent of the school to ensure that students with disabilities are identified, evaluated, and provided with appropriate educational services.

A copy of the publication “Explanation of Procedural Safeguards Available to Parents of Students with Disabilities” may be obtained from the school district office.

Students with disabilities who do not qualify for an individualized education program, as required by the federal Individuals with Disabilities Education Act and implementing provisions of this Illinois law, may qualify for services under Section 504 of the federal Rehabilitation Act of 1973 if the student (i) has a physical or mental impairment that substantially limits one or more major life activities, (ii) has a record of a physical or mental impairment, or (iii) is regarded as having a physical or mental impairment.

Accommodating Individuals with Disabilities

Individuals with disabilities will be provided an opportunity to participate in all school-sponsored services, programs, or activities. Individuals with disabilities should notify the superintendent or building principal if they have a disability that will require special assistance or services and, if so, what services are required. This notification should occur as far in advance as possible of the school-sponsored function, program, or meeting.

SPECIAL EDUCATION: IEP Service Log

For a child with an individualized education program (IEP), the school district must create related service logs that

record the type of related services administered under the child's IEP and the minutes of each type of related service that has been administered. These related service logs will be available to parents/guardians at a student's annual review IEP meeting. Parents/guardians may also request a copy of any IEP related service log maintained for their child. Please direct any requests for a copy of a related service log for your child to Keri Koester, LEA Representative at 272-7008, ext. 1318.

STUDENT BEHAVIOR GUIDELINES

Students are expected to conduct themselves in a manner which reflects respect for each other, for their teachers, staff members, and school facilities. Students may be disciplined for misconduct which occurs on school buses, in school buildings, or on school grounds at any time, on the way to and from school, at bus stops, at school-sponsored activities whether or not held on the grounds of the school district, while being transported to and from school sponsored activities or events. Students may also be disciplined when the misconduct is directed against school employees, their families, or their property because of their status as employees.

The consequences stated are recommended as a guide in determining the disciplinary action for student violations. This in no way implies that these consequences must be followed sequentially, or that other or more severe actions cannot be taken. Each disciplinary case will be handled appropriately at the discretion of the administrator in charge.

When and Where Conduct Rules Apply

The grounds for disciplinary action also apply whenever the student's conduct is reasonably related to school or school activities, including but not limited to:

5. During periods of remote learning.

Disciplinary Measures

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent

practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out of school voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following measures:

1. Notifying parents/guardians.
2. Disciplinary conference.
3. Withholding of privileges.
4. Temporary removal from the classroom.
5. Return of property or restitution for lost, stolen or damaged property.
6. In-school suspension.
7. After-school study or Saturday study provided the student's parent/guardian has been notified. (If transportation arrangements can not be made in advance, an alternative disciplinary measure will be assigned to the student.
8. Community service.
9. Seizure of contraband; confiscation and temporary retention of the personal property that was used to violate school rules.
10. Suspension of bus riding privileges.
11. Suspension from school and all school activities for up to 10 days. A suspended student is prohibited from being on school grounds.
12. Expulsion from school and all school activities for a definite time period not to exceed 2 calendar years. An expelled student is prohibited from being on school grounds.
13. Transfer to an alternative program if the student is expelled or otherwise qualifies for transfer under State law.
14. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, such as, illegal drugs (controlled substances), "look-alikes," alcohol or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension or expulsion, will not be appropriate and available, and the only

reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

Isolated Time Out, Time Out and Physical Restraint

Isolated time out, time out, and physical restraint shall only be used if the student's behavior presents an imminent danger of serious physical harm to the student or others and other less restrictive and intrusive measures were tried and proven ineffective in stopping it. The school may not use isolated time out, time out, and physical restraint as discipline or punishment, convenience for staff, retaliation, a substitute for appropriate educational or behavioral support, a routine safety matter, or to prevent property damage in the absence of imminent danger of serious physical harm to the student or others.

Corporal Punishment

Corporal punishment is illegal and will not be used. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

Weapons Prohibition

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of not less than one year but not more than 2 calendar years:

STUDENT COUNCIL

Students may be appointed to the Student Council if deemed worthy by the principal.

STUDENT GRIEVANCE PROCEDURE

A grievance is a difference of opinion raised by a student or group of students involving: (1) the meaning, interpretation or application of established policies; (2) difference of treatment; or (3) application of the legal requirements of civil rights legislation.

This procedure is not intended to limit the option of the district and a grievant(s) to resolve any grievance mutually and informally. Hearing and conferences under this procedure shall be conducted at a time and place which will afford a fair and equitable opportunity for all persons.

The following grievance procedure is not required if the grievant(s) prefers other alternatives such as the Office of Civil Rights (OCR) or the courts. Due process shall exist throughout the procedure with the right to: (1) representation; (2) present witnesses and evidence; (3) confidentiality; (4) review relevant records; and (5) proceed without harassment and/or retaliation. REPORTING CONCERNS

If a parent/guardian should have a problem regarding a teacher or the school we ask that the following school

procedure be followed:

First, approach the teacher. Often, a simple misunderstanding can be cleared up quickly and easily. If the matter cannot be resolved through a meeting with the Teacher, the Principal is the next point of contact. Then, if the matter needs to be taken further, parents/guardians can go to the District Superintendent. If no resolve parents may choose to fill out the required paperwork with the Superintendent's office and be added to the public comment section of the next regularly scheduled school board meeting. Venting on social media is never recommended and will only exacerbate the situation. Remember a negative comment about a teacher or school posted on social media can prove very costly if legal action would be taken. The teacher or school does not have to be named if the comments can be pieced together to work out who is being spoken about; that is sufficient evidence of defamation. When posting on social media during or at the end of the day, it really is all about respect, and teaching our children that adults do not always have to agree, however, adults need to be able to show respect to one another, failing to do so will prove detrimental to everyone involved. Parents/guardians and teachers need to lead by example.

STUDENT MESSAGES/ARRANGEMENTS

Phone messages from parents will be given to students by the office staff in emergencies. Parents should make every attempt to instruct students about where to go or what to do after school before the students leave home each morning. Please do not expect the office staff to deliver unnecessary messages that should have or could have been given to the student before he/she left home. Parents and guardians are reminded that they must send a note in the morning on the day their child will be riding a different bus. Unless it is an emergency, please do not call the school with a bus pass request. Emergency arrangements should be made before 1:00 p.m. The Jr. High office will be serving approximately 210 students so your cooperation is both needed and sincerely appreciated.

STUDENT PARKING LOT REGULATIONS

The following parking lot regulations will be strictly adhered to:

1. Parking is strictly limited to the student parking area.
2. Students are not to loiter in the parking lot. Students are not to sit in parked cars. Upon arrival at school, students are to leave their vehicles and enter the building to their designated areas.
3. The parking lot and vehicles are off-limits until school is dismissed at the end of the day.
4. All vehicles must be covered by insurance. The school is not responsible for automobiles and their contents.
5. Students vehicles are subject to search if there are reasonable grounds to believe that drugs, alcohol, weapons, stolen property or other contraband might be present in a vehicle.

SCHOOL OPERATIONS DURING A PANDEMIC OR OTHER HEALTH EMERGENCY

A pandemic is a global outbreak of disease. Pandemics happen when a new virus emerges to infect individuals and, because there is little to no pre-existing immunity against the new virus, it spreads sustainably. Your child's school and district play an essential role, along with the local health department and emergency management agencies, in protecting the public's health and safety during a pandemic or other health emergency.

During a pandemic or other health emergency, you will be notified in a timely manner of all changes to the school environment and schedule that impact your child. Please be assured that even if school is not physically in session, it is the goal of the school and district to provide your child with the best educational opportunities possible.

Additionally, please note the following:

1. All decisions regarding changes to the school environment and schedule, including a possible interruption of in-person learning, will be made by the superintendent in consultation with and, if necessary, at the direction of the Governor, Illinois Department of Public Health, local health department, emergency management agencies, and/or Regional Office of Education.
2. Available learning opportunities may include remote and/or blended learning. Blended learning may require your child to attend school on a modified schedule.
3. Students will be expected to participate in blended and remote instruction as required by the school and district. Parents are responsible for assuring the participation of their child. Students who do not participate in blended or remote learning will be considered truant.
4. All school disciplinary rules remain in effect during the interruption of in-person learning. Students are subject to discipline for disrupting the remote learning environment to the same extent that discipline would be imposed for disruption of the traditional classroom.
5. Students and parents will be required to observe all public health and safety measures implemented by the school and district in conjunction with state and local requirements.
6. During a pandemic or other health emergency, the school and district will ensure that educational opportunities are available to all students.
7. School personnel will work closely with students with disabilities and other vulnerable student populations to minimize the impact of any educational disruption.
8. Students who have a compromised immune system, live with an individual with a compromised immune system, or have a medical condition that may impact their ability to attend school during a pandemic or other public health emergency should contact school officials.
9. During a pandemic or other health emergency, teachers and school staff will receive additional training on health and safety measures.
10. In accordance with school district or state mandates, the school may need to conduct a daily health assessment of your child. Parents and students will be notified of the exact assessment procedures if this becomes necessary.
11. Parents should not send their child to school if their child exhibits any symptoms consistent with the pandemic or other health emergency.
12. Please do not hesitate to contact school or district officials if you have any concerns regarding your child's education, health or safety.

- Conduct/behavioral data
- Health information
- Food purchases
- Transportation information
- In-application performance data
- Student-generated work
- Online communications
- Application metadata and application use statistics

- Instruction in the classroom or at home (including remote learning)
- Administrative activities
- Collaboration between students, school personnel, and/or parents/guardians

Digital Citizenship

Appropriate Uses and Digital Citizenship

While working in a digital and collaborative environment, students should always conduct themselves as good digital citizens by adhering to the following:

- 1. Respect Yourself-I will show respect for myself through my actions. I will select online names that are appropriate. I will use caution with the information, images, and other media that I post online. I will carefully consider what personal information about my life, experiences, or relationships I post. I will not be obscene. I will act with integrity.**
- 2. Protect Yourself-I will ensure that the information, images, and materials I post online will not put me at risk. I will not publish my personal details, contact details, or a schedule of my activities. I will report any attacks or inappropriate behavior directed at me while online. I will**

protect passwords, accounts, and resources.

3. Respect Others- I will show respect to others. I will not use electronic mediums to antagonize, bully, harass, or stalk people. I will show respect for other people in my choice of websites. I will not visit sites that are degrading to others, pornographic, racist, or inappropriate. I will not enter other peoples private spaces or areas.

4. Protect Others-I will protect others by reporting abuse and not forwarding inappropriate materials or communications. I will avoid unacceptable materials and conversations.

5. Respect Intellectual Property- I will request permission to use copyrighted or otherwise protected materials. I will suitably cite all use of websites, books, media, etc. I will acknowledge all primary sources. I will validate information. I will use and abide by the fair use rules.

6. Protect Intellectual Property- I will request to use the software and media others produce. I will purchase, license, and register all software or use available free and open source alternatives rather than pirating software.

Copyright and File Sharing

Students are required to follow all copyright laws around all media including text, images, programs, music, and video. Downloading, sharing, and posting online illegally obtained media is against the Acceptable Use Policy.

Keeping Safe on Social Networks

The quick tips for teens:

- Put everything behind password protected walls, that only friends can see.**
- Protect your password and make sure you really know who someone is before you allow them onto your friend's list.**
- Blur or morph your photos a bit so they won't be abused by cyber bullies or predators.**
- Don't post anything your parents, principal or a predator couldn't see.**

· What you post online stays online - forever!!!! So ThinkB4U Click!

· Don't do or say anything online you wouldn't say offline.

· Protect your privacy and your friends' privacy too...get their okay before posting something about them or their pics online.

· Check what your friends are posting/saying about you. Even if you are careful, they may not be and may be putting you at risk.

· That cute 14-year old boy may not be cute, may not be 14 and may not be a boy! You never know!

· And, unless you're prepared to attach your blog to your college/job/internship/scholarship or sports team application...don't post it publicly!

· Stop, Block and Tell! (don't respond to any cyber bullying message, block the person sending it to you tell a trusted adult).

· R-E-S-P-E-C-T! (use good etiquette and respect the feelings and bandwidth of others).

· Keep personal information private (the more information someone has about you, the more easily they can bully you).

· Google yourself! (conduct frequent searches for your own personal information online and set alerts ... to spot cyberbullying early).

· Take 5! (walk away from the computer for 5 minutes when something upsets you, so you don't do something you will later regret).

And for parents:

· Talk to your kids - ask questions (and then confirm to make sure they are telling you the truth!)

· Don't panic...there are ways of keeping your kids safe online. It's easier than you think!

- Most kids really do use social networks just to communicate with their friends. Take a breath, gather your thoughts and get help when you need it. (You can reach out to WiredSafety.org.)
- It's not an invasion of their privacy if strangers can see it. There is a difference between reading their paper diary that is tucked away in their sock drawer...and reading their blog. One is between them and the paper it's written on; the other between them and 700 million people online!
- Don't believe everything you read online - especially if your teen posts it on her blog!

Authorization for Electronic Network Access

In order to educate students in the most recent uses of technology, the District has implemented a number of ways for exploring information other than that found in traditional printform. The District believes it is in the student's best interest to enhance their ability to explore as many options as possible for obtaining information. Some of these methods of exploration unfortunately can lead to materials that may be contrary to one's beliefs and may be offensive in nature. Although the District cannot guarantee students will not be able to access this type of material, the District in no way condones or encourages access to this information. In an effort to control access of these materials, the following guidelines have been developed to help control access to offensive materials that may be found through the use of technology.

1. The District expects that instruction in the proper use of technology will enhance curriculum objectives and be an integral part of the instructional program, and therefore teachers and administration will monitor the proper use of all technology.
2. Students utilizing online services must have the permission of and be supervised by the District professional staff.
3. Access to technology is a student privilege and the misuse of it can be punishable as any other offense against rules of proper conduct.
4. Vandalism, damage, or disabling the property of the District or of another person is strictly forbidden.
5. To access or impersonate another person's materials, information, or files is strictly forbidden.
6. All software to be permanently installed on computers must have the prior approval of the administration who will make sure proper license exists for its use.

7. Privately owned software cannot be permanently installed on hard drives.

8. Personnel are not to change the configuration of computers without the permission of the administration.

9. District owned software cannot be taken off the school premises without the approval of the administration.

General rules for behavior and communications apply when using electronic networks. Electronic communications and downloaded material, including files deleted from a users account but not erased, may be monitored or read by school officials.

Internet Safety

Technology protection measures shall be used on each District computer with Internet access. They shall include a filtering device that protects against Internet access by both adults and minors to visual depictions that are: (1) obscene, (2) pornographic, or (3) harmful or inappropriate for students, as defined by the Children's Internet Protection Act and as determined by the Superintendent or designee. Prevention of and Response to Bullying, Intimidation, and Harassment

This item (4) applies only in cases in which a school administrator or teacher receives a report that bullying through this means has occurred and it does not require a district or school to staff or monitor any non-school-related activity, function, or program.**

Bullying Prevention and Response Plan

The Superintendent or designee shall develop and maintain a bullying prevention and response plan that advances the District's goal of providing all students with a safe learning environment free of bullying and harassment. This plan must be consistent with the following requirements:
