[News from the Nurse*](#)

Last week I watched a great [virtual meeting](#) with Dr. Ashish Jha (Dean of the Brown University School of Public Health and leading public health expert) and therapist and author Lynn Lyons, LICSW.

Their talk was not only informative but inspirational as well and I have watched many of these types of virtual presentations. It is an hour long but well worth your time. They discuss the roll out of the vaccine, and look toward the future. Lynn Lyons has many helpful suggestions for children who are struggling with mental health issues at home. Some strategies are discussed about "How to handle" your begging teen who wants to hang out with their friends. It is great for both parents as well as professionals working with children.

Best of all, their message is not all doom and gloom and provides a good dose of humor and hope for the future.

Enjoy,

[Message from RISAS](#)

RISAS has put together this self paced training for educators and parents called "Emerging Trends in Youth Vaping:What Schools Need to Know".

Rhode Island Student Assistance Services is pleased to present, "[Emerging Trends in Youth Vaping: What Schools Need to Know](#)", a 7-module, self-paced e-training developed for educators, Student Assistance Counselors, administrators, prevention specialists, and parents. We are at risk of erasing all of the progress we have made in eradicating youth tobacco use. According to the Youth Risk Behavior Study in 2019, 30% of our high school students are using an electronic vapor product, an e-cigarette! Did you know that young people who have ever used e-cigarettes are 5 times more likely to be diagnosed with Covid-19? And young people who have ever used e-cigarettes plus conventional cigarettes are 7 times more likely to be diagnosed with Covid-19. We are at a critical tipping point, but we can turn this epidemic around through education.

Upon completion of pre-test, each module, and post-test participants will earn 3 contact hours.

[NKHS Teacher Recognition \(Updated Monthly\)](#)

Mr Lamboy has officially been selected to participate in URI's Broadening Participation (BPC) course in Inclusive Teaching in Computer Science! This professional development begins November 1, 2020 and will continue as an online, asynchronous, 6-week course, ending December 15, 2020. We are thankful for Mr Lamboy taking advantage of this opportunity to help us meet our goal of encouraging more female students to participate in Computer Science and STEM Programs.

[Message from RI Commissioner of Education- Support for students during Pandemic *](#)

The pandemic has impacted every aspect of our lives, in particular, student learning. Fortunately, there's a solution available to help struggling students catch up, and it's been around for millennia: tutoring.

RIDE is excited to announce this week an innovative partnership with Sal Khan, founder of Khan Academy and Schoolhouse.world. [Schoolhouse.world](#) is a new online platform from Sal Khan, the founder of Khan Academy, that matches students around the world with free tutors. The tutors provide small-group math and SAT prep tutoring for students in grades 6-12, building on the Khan Academy curriculum. Rhode Island is one of two state-level partnerships offering this opportunity to students across the state. Registration is now live on the All Course Network (ACN) and [students can sign up here on EnrollRI](#). There is no deadline for students to sign up (though schools will still need to approve their enrollment via the ACN), no cost to LEAs or students, and no requirement to participate. Please help us spread the word to your students, teachers, parents, and communities! [More information on the partnership can be found here.](#)

Students can sign up for these free tutoring opportunities, along with SAT prep courses through RIDE's recently launched [#EnrollRI platform](#).

[SurveyWorks! *](#)

The Rhode Island Department of Education is administering its yearly SurveyWorks Family Survey, which is an opportunity for parents/guardians to provide feedback about their child's school and learning environment. The survey results are most useful when all parents/guardians participate, so your participation is valued very much.

Responses are anonymous and cannot be linked to any individual.

Additionally, students in grades 3-12 will have the opportunity to give feedback about their learning environment. There will be no sensitive questions about drug and alcohol abuse and sexual activity. NKHS students will complete their surveys during Advisory on March 3rd (A-day) and March 4th (B-day). Full-time distance learners will also complete the survey on their respective day but from home.

To see sample surveys, visit SurveyWorks at [Surveyworks.ride.ri.gov](https://surveyworks.ride.ri.gov). As in previous years, all surveys are anonymous and taking the survey is voluntary. The topics include School Safety, School Climate, Valuing of School, & Rigorous Expectations.

All surveys are available in English, Spanish, and Portuguese.

To access the Family Survey for North Kingstown High School, please visit the following website and choose North Kingstown High School from the dropdown menu:

<http://bit.ly/ridefamily>

If you have more than one student enrolled at NKHS, you only need to complete one survey. However, if your students' experiences are different, you are more than welcome to complete separate surveys for each student.

If you have any questions, please don't hesitate to contact me. The results of these surveys help us tremendously as we plan for future improvements and initiatives, and we greatly appreciate your support!

[Attendance](#)

If your child cannot attend school on their in-person day, we need to know. Please call the office and we can make a simple note in Aspen. Attendance office contacts are listed below.

- 401-268-6239
- Kerry_Langlois@nksd.net

We expect your child will attend school on their in-person day. Choosing to attend virtually has a significant impact on the teachers' ability to plan and teach efficiently.

All students who arrive after 7:15 will need to check in late the Student Services Office

[Chromebook/Tech Issues](#)

Having issues with a Chromebook?

If you're a full time distance learner, enter a helpdesk ticket via email: DL_helpdesk@nksd.net. The IT help desk will respond to you in a responsible amount of time.

On your in person day, you can also bring your Chromebook to the media center for repairs. Our media specialist, Mrs. Rowland, can assist you. If your Chromebook needs to go to IT for a period of time, you can bring your own device. We will assist with getting you on the network. We only allow this while Chromebooks are being repaired.
