## Hello NKHS Educational Community,

We are having a successful second week with our students returning to full in person model. The classrooms are filled and desks are spaced out based on the new guidelines. Teachers have been readjusting their lesson plans to have more in person students. We are also equally prepared to deliver high quality instruction for our students that are still distance learning. We are proud of being able to continue teaching and learning through this Pandemic and are very thankful for the support from our parents and NK educational community.

## Rhode Island General Treasurer's Young Leaders Award

Each year the Rhode Island General Treasurer's Office hosts the Young Leaders Award event where a promising student from each high school is selected based on their extraordinary achievements in leadership and academics. This year, **Penelope Tejada, a junior at NKHS**, a member of the school's Leadership Academy, Business and Finance Academy, and an officer in NK's DECA chapter has been selected to represent NK. The ceremony to recognize Penelope will be held in May where she'll be recognized by Seth Magaziner, Rhode Island's General Treasurer. This is a prestigious award - please join us in congratulating Penelope!

## DECA Rhode Island State Career Development Conference:

Starting in December of last year, 83 members of North Kingstown High School's DECA Chapter competed for positions at the state-wide career development conference. The competitions test the knowledge of each member in business and entrepreneurship categories and require each competitor to present solutions to experienced judges based on scenarios where they only have ten minutes to prepare for. This year was a challenge given the pandemic, requiring each member to record and upload presentation videos for the judges...every task is timed. Even with such challenges, NK delivered with 39 members earning 1st through 3rd place positions and medals - and 27 of those students have moved on to compete at DECA's International Career Development Conference. This is a significant accomplishment especially given NK's performance this year increased over last.

In May, the teams will come together to receive their hard earned medals and to celebrate their collective achievement representing NK!

## DECA International Career Conference:

This year 27 members who earned qualifying scores at the statewide conference competed at DECA's International Career Development conference - 27 in total against a backdrop of over 20,000 student members, internationally. Congratulations to the 27 for earning this honor! The conference, originally to be held in Anaheim, was conducted virtually, but with a rigorous 3 week agenda that also included educational and leadership growth sessions. There are gifts to be awarded to each member in May!

### Rhode Island's Financial Literacy Challenge:

Each year Jump\$start Rhode Island, the treasurer's office, and the Economic Council for Education hosts the state-wide literacy challenge where student teams from each school compete for top positions based on exams averaged among team members. This year, NKHS took first place tied with East Greenwich High School! The team of **Will Medeiros, Owen Moynihan, Sean Dempsey, and Nolan Trask** are now in their finalist competition to break the tie...with winners moving on to the nationals hosted by the University of Nebraska. Whether they earn 1st or 2nd place this year...it's another trophy for NK's room 110 and another tribute of these students and to the talent this district represents!

### SIFMA Stock Market Challenge:

Each year, our Personal Finance and Investment courses at the high school competes in the state-wide Stock Market Game hosted by major financial institutions. This year **Colin McBrier and Matthew Gibbs from Mr. Garland's** finance class earned 2nd place in the year long stock market challenge. They'll be recognized by the SIFMA organization in the upcoming months. Congratulations to these two NK seniors!

## Office of Teaching and Learning

### [FREE Support to go to College!](#)

The Rhode Island Department of Education (RIDE) and the Office of the Postsecondary Commissioner (OPC) are working on a new initiative to provide free college enrollment resources to the graduating Class of 2020. Many Rhode Island students have had their college plans disrupted by the pandemic and our goal is to provide these graduates with free information and support to re-start their path into college. To get these services, all students need to do is complete this [survey](#). Please share this opportunity with your networks! Feel free to reach out to [CollegeEnrollmentSupport@ride.ri.gov](mailto:CollegeEnrollmentSupport@ride.ri.gov) with any questions related to the survey.

### [School Day SAT and PSAT for Spring 2021](#) \*\*

In Spite of the Pandemic, NKHS's participation rate for standardized testing held recently has remained high. We are so proud of our students and their continued perseverance through the challenges of this year. The completing rates are given below;

- 92% of NKHS Juniors participated in taking school day SATs.
- 86% of NKHS Sophomores participated in taking the school day PSATs.

See score release information below

### **Score Release**

Current expected score delivery is:

---

---

Digital Testing Window	Student Scores Release Beginning On	Educator Scores Release Beginning On
April 13-15 – SAT	May 5	May 6
April 27-29 – SAT	May 20	May 21
April 13-May 5 – PSAT 10	May 10	May 11

**NOTE:** Some scores may be released later than the dates above because their tests were received after the regular scoring window or there was an exceptional condition that required additional attention or investigation. These scores will be released on a rolling basis, as the issues are resolved.

If a student is signed-in to their College Board account but doesn't see their scores, one of the reasons may be that we were not able to link their score report and account automatically. For security reasons, a student must verify additional information before we can display their scores. They will need either their SAT registration number (found in the roster report of the K-12 Reporting Portal) or the SASID they were pre-identified/registered with by RIDE.

To match, the student will:

1. [Log in](#) to their College Board account.
  2. Scroll down and click the Matching **Tool**.
  3. Review their personal information.
  4. If any information is incorrect, click **Update** to revise. (Students will be prompted to re-enter their password.)
- 

- 
5. If the information is correct, click **Get My Scores**.
  6. The student will have to select one of the following options:
    - a) I can supply my test information (test date and registration number).
    - b) I can supply my student ID (using the SASID the student was pre-identified with).

There may still be cases in which students won't be able to view their scores using the steps above because their information is inconsistent, the student has multiple College Board accounts, or their scores haven't been released yet. If students cannot view their scores, they should call the College Board's Student SAT Helpline at 866-756-7346.

## [RIDE Seeking Advisory Group Members for Health Education Framework Review \\*](#)

RIDE is contracting with the RI Healthy Schools Coalition and Cairn Guidance to facilitate the process of review and revision of the current [Health Literacy for All: The Rhode Island Health Education Framework](#). Health education curriculum, adopted at the local level, must be aligned with the RI Health Education Framework and associated Comprehensive Health Instructional Outcomes and is required for all RI K-12 students. The revised Framework will be rooted in standards aligned with the National Health Education Standards and emphasize a skills-based approach to health education where health topics and content provide context for the critical development of skills, competence and motivation needed to lead a healthy life. Stakeholders (K-12 Health Teachers, Curriculum Directors, Parents, Students, School Nurse Teachers, School Committee Members, Higher Ed HPE, Community Non-Profits & State Agencies) are invited to **learn more and apply for membership to the Advisory Group by completing [THIS FORM](#) by March 8, 2021**. Stakeholder advisory members will commit to participating in two virtual public meetings on **Tuesday, March 23 and Wednesday, May 19 from 3:30 – 5:00 PM**, to inform and guide the review process.

## [Message from RI Commissioner of Education- Support for students during Pandemic](#)

The pandemic has impacted every aspect of our lives, in particular, student learning. Fortunately, there's a solution available to help struggling students catch up, and it's been around for millennia: tutoring.

RIDE is excited to announce this week an innovative partnership with Sal Khan, founder of Khan Academy and Schoolhouse.world. [Schoolhouse.world](#) is a new online platform from Sal Khan, the founder of Khan Academy, that matches students around the world with free tutors. The tutors provide small-group math and SAT prep tutoring for students in grades 6-12, building on the Khan Academy curriculum. Rhode Island is one of two state-level partnerships offering this opportunity to students across the state. Registration is now live on the All Course Network (ACN) and [students can sign up here on EnrollRI](#). There is no deadline for students to sign up (though schools will still need to approve their enrollment via the ACN), no cost to LEAs or students, and no requirement to participate. Please help us spread the word to your students, teachers, parents, and communities! [More information on the partnership can be found here](#).

Students can sign up for these free tutoring opportunities, along with SAT prep courses through RIDE's recently launched [#EnrollRI platform](#).

## Office of Student Services

### Attendance \*\*

***Full distance learning*** students will be coded VP (virtually present) or A (absent) for their daily attendance codes. They will have the same codes for their individual class attendance.

***Full in-person students*** will be marked A or P for their daily attendance codes. While students will not be denied access to their classes from home (they will be marked VP for class), they will be marked absent for the day - they are not here. Students who stay home for an illness need a doctor's note to excuse the absences. COVID test results can be provided to the school nurse in lieu of a note. In-person students who miss an assessment due to an in-person absence can be asked to make up the assessment in-person.

If your child is going to be absent from school (virtually or in person), please notify the Students Services Office.

## [Parking Information\\*\\*](#)

All students with parking passes must park in their assigned spots. If someone is in your child's spot when they arrive, please ask them to park at the end of the bus loop until we resolve the issue. Once resolved, we can ask them to park in their assigned spot. Please understand that them finding another open spot compounds the problem.

## [See Something Say Something - Anonymous Reporting](#)

The links below remind students how to anonymously report something they are concerned about. Please share it with them. Given the increase in mental health issues recently, this information has become increasingly more important. [To report something, click here.](#)
