

# Windham Public Schools Virtual Desktop Access for Your Personal Device\*

---

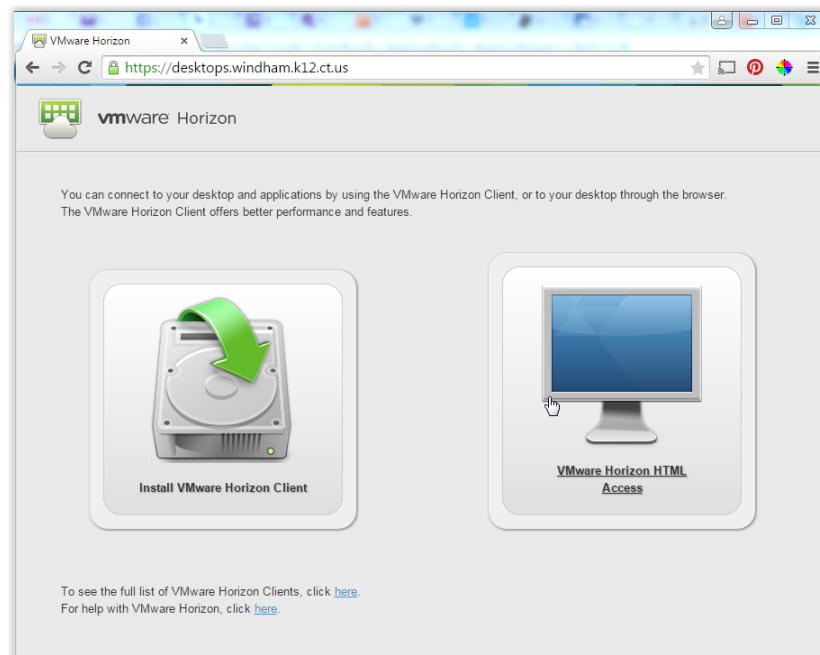

**You can connect to your Windham Public Schools desktop and access applications, documents and other network resources by installing the VMware Horizon Client on your personal computer, or via your browser both from within district and from home.**

*\*The VMware Horizon Client is also available for Android or Apple device. Download via the Play/App Store.*

To install the VMware Horizon Client on your personal computer:

(To access your desktop from a public computer, simply choose HTML Access and skip to step 7.)

1. Please visit <https://desktops.windham.k12.ct.us>
2. Click to Install VMware Horizon Client

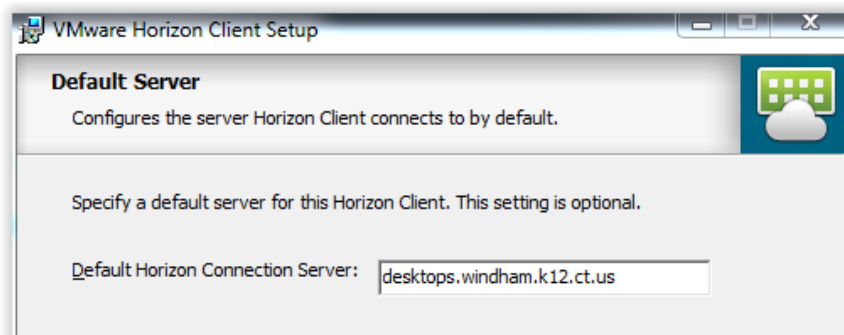

3. Locate the download that best fits your needs\* (available for Windows and Mac) and click **Go to Downloads > Download >** and **Run** the installer.

Product	Release Date	
▼ VMware Horizon Client for Windows		
VMware Horizon Client for 32-bit Windows	2015-03-12	<a href="#">Go to Downloads</a>
VMware Horizon Client for 64-bit Windows	2015-03-12	<a href="#">Go to Downloads</a>

\* [Is my PC running the 32-bit or 64-bit version of Windows?](#)

4. Leave all options as default as you install.
  - Network Protocol Configuration: Choose **IPv4**
  - Default Server: Enter `desktops.windham.k12.ct.us`
  - Continue through the rest of the installation leaving the default selections.

5. Double click on the VMware Horizon Client icon on your desktop.

6. Then double click on `desktops.windham.k12.ct.us`

7. Enter your credentials, choose your domain, and Login.
