

Bonjour copains-

Please take time to go through the following interactive review exercises that are connected to our French 8 curriculum. These exercises are excellent reviews of this past year in Français 8.

Additionally, we suggest creating a Duolingo account if you have not already. This online activity provides short, meaningful activities in French to help with your progress in developing your French skills. You take a placement test and lessons will be provided based on your starting French level. We encourage 10 minutes/day for best results.
