

The Grove Newsletter

IMPORTANT INFO

- If your child is returning to The Grove next year, make sure you fill out the form I sent out via Brightwheel.
- If your child is going to Kinder next year, please attend Kindergarten night on April 13th.
- Next years placement information and packets will be sent out via email and brightwheel. NOT USPS. Please be on the look out in May
- Reenrollment on Infinite Campus will be live May 1st. I will send out a reminder that you will need to complete this for next year.

REMINDERS

- ✓ Even with the nicer weather popping up here and there, please make sure your child has a coat and appropriate clothing/shoes. We will try to be outside as much as possible.

IMPORTANT DATES:

April 12th:

A day in the life of your preschooler!
3:30-5:30pm

April 20th:

Early Advisor
Council Meeting
at South Grove at
8am

SEEDLINGS

Can you believe it's April already?! Holy smokes! This year is sure flying by!

March we found ourselves wrapped up in rainbows and shamrocks, waiting for the nice weather to arrive!

Ms. Crystal, Ms. Sarah, and I have all been seeing major growth in all of the kiddos!

The leaps and bounds they are making have been phenomenal! It's so astonishing to watch each of your kiddos come in every day and master a new skill! We are all so proud of your kiddos. Parents, you are doing an amazing job!

ASPEN

Goodbye March, Hello April!!!
These last few months are flying by. With Spring in the air, we are going to enjoy some nicer weather hopefully the next couple weeks. These next few weeks, we are going to be learning about Fairy tales and making our own story in class. We will be writing down some ideas and making pictures for our story. The kids are going to be excited to read the story to their family.

PONDEROSA

The Ponderosa room is refreshed and ready to go again after a nice relaxing Spring Break. In the month of March, the students learned about the letters Qq, Rr, Ss and Tt.

The class participated in many projects that related to the letter sounds of those letters. The books that we read together and created art projects from were, Imogene's Antler's, Jack and the Bean Stalk, Where the Wild Things Are, and currently reading The Very Hungry Caterpillar. There are activities that go along with each book and question and answer time. This helps the student to retain the story that was read to them.

Mini Blessings Horse Farm has begun to return to our Preschool since the temperatures are starting to warm up a bit.

The students were shown the parts of a plant and the life of a seed. The classroom has planted flowers and vegetables in containers. They are starting to sprout and we are hopeful the plants will continue to grow big.

The Ponderosa room is still waiting for nice weather so that we can wander outside of our playground. Looking forward to April's warmer weather and more time spent outside.

WILLOW

We hope everyone had an amazing break and have had a great first week back. During the month of March, we enjoyed exploring more about fairytales, building, and what fun it can be to put a large bucket on our heads! We are learning more and more letters as the year goes on. The kids always amaze me with how much they know. Hopefully, the weather will start to warm up and we will be able to start going on wanderings again. When we are able to start wandering, we will post on the board outside the classroom where we are going.

Until then, make sure your kids are prepared for any weather, because we never know what the weather will bring. We hope to get more adventure time as we move through April and into May. We always look forward to watching your kids grow and learn and, as always, thank you for sharing them with us.

MAPLE

The year has flown by so quickly and after Spring Break it seems to move even faster – only a few more months left. Wow, how did that happen?

The children had shown an interest in pirates so we read various pirate books during the month. Children were, also, able to make pirate hats and eye patches. We had a pirate ship structure with pirates for children to interact with as well.

SPRUCE

Spruce room news..... We have blasted through to April.
Launched our rockets!!!!

Spruce room found a new interest.... We are going on a Bug Hunt, we are going to catch a BIG one, what an amazing find we shall see...We will be going outside and exploring the outdoors more (depending on weather) and investigating our world around us.

Spruce room will be bringing a classroom outside starting with a new messy table. We will be exploring the painting of rocks and maybe even start a rock garden.

Spruce room will also continue to work on getting our kindergarteners ready for their new adventure!!!
