## Elective Choices For 7<sup>th</sup> and 8<sup>th</sup> Grade

**Directions:** Mark first choices for electives with 'X'. We need an equivalent of two full-year classes: either two (2) full-year classes; or one (1) full-year and two (2) semester classes; or four (4) semester classes. **Alternates:** Please mark two or more alternates with an 'A'. You may mark as many alternate courses as you would like.

### FULL-YEAR COURSES:

You may (X) pick one, two, or no full-year course (if you prefer to only take semester courses below). You may mark as many alternatives (A) as you would like, even if you pick only semester courses. If you applied for a full-year class below, you must pick alternate classes in case you do not get in.

### **PARENT/GUARDIAN APPROVAL:**

I have reviewed the elective choices with my student and approve these electives and alternates they would like to take for next year. I understand that the school will attempt to schedule the student's first choices, but due to scheduling conflicts and/or a large enrollment for a specific course, alternates may need to be scheduled. I also understand if we do not pick enough courses and/or alternatives to fill the schedule, the school may assign electives for the student. If a course is full, the registration will be prioritized by the date this form is returned.
