The Taylor School District Parent Resource Center is up and running and we look forward to seeing you soon! Come and visit the Parent Resource Center to see the many FREE resources available to the families and staff of the Taylor School District.

What is the Taylor School District Parent Resource Center?

It is a place where Parents of the Taylor School District can go to get materials and information on how to raise successful students.

At the Taylor School District Parent Resource Center we have a large selection of parenting books and materials including:

- General Parenting
- Parental Support Topics
- Special Needs Parenting
- Internet Safety and Bully Prevention
- Homework Helps and Academics
- Parental & Community Engagement
- And more!

We also have a computer with access to the internet to help parents fill out applications or find information.

Each month we will be offering a variety of classes or information sessions on topics that are relevant to the needs expressed by our parents such as:

- Building Math Skills at Home
- Reading with Your Child
- Stress and Anger Management
- Positive Parenting
- Social Media and Your Child
- And More!

We are open on Thursdays between the hours of 8:30 am and 2:30 pm for you to just drop in or you can call and make an appointment for another time. You can use the facility or talk to the Parent Facilitator about:

- Parenting Concerns
- Educational Concerns
- Community Resources
- Special Education Information
- Reading or Math Assistance
- Etc.

Plan a Family Game Night at Your House!

Decide on a night and gather all of your family together for a family game night. Make some snacks or pizza, turn off the television, and get out the games. We have several games you can borrow at the Parent Resource Center. Just contact the Parent Resource Center or there is a list of available items in your school's office.

22	23	24	25 Writing with Your Child 10:00-11:00 Room 205	26

February Class Offerings

Heart Healthy Snacks

Come to this hands-on workshop on how to create healthy snacks for your kids to enjoy. You will learn a little bit about nutrition and go home with a few snacks for your kids to enjoy.

Everyday Math Games

Students in grades k-5 use the Everyday Math Curriculum which really utilizes games to help reinforce the skills the kids have learned. In this hands-on workshop you will be able to play some of the games on the iPad as well as create and learn a few games to take home and play with your children.

Writing with Your Child – Photo Journals

Learn how a cell phone and a composition notebook can help improve your child's writing skills. They say a picture is worth a thousand words. We'll see! Each participant will go home with supplies so they can get started right away.

Parent involvement in education is crucial. No matter what the parent's income, ethnicity, or educational success is, students with involved parents are more likely to have higher grades and test scores, attend school regularly, have better social skills, show improved behavior, and adapt well to school.
